The most brutal murder that has probably ever occurred in this township, was perpetrated here on Tuesday Jan. 24th. The murderer is an old man over 70 years of age, by name Jas. Minock and the murdered man was nearly as old, by name Jas. Carr. As Minock states the affair, Carr was living with him and keeping house (Minock's wife having left him). Tuesday morning Minock came into the house rather suddenly and caught Carr in, or nearly coming out of Minock's bed-room, when a quarrel ensued, which Minock says Carr had taken out of the bed, resulted in Carr being literally cut to pieces and instantly killed, leaving him a sight that was frightful to look upon, nearly twenty wounds being inflicted, any of which the doctors claim, would have proved fatal. Minock has been lodged in the Detroit jail.

Franklin

That great shooting contest between the Southfield and Franklin Clubs came off on Saturday last at the latter club's old shooting ground. One o'clock had passed and the Southfield boys not putting in an appearance the Franklin boys were beginning to think that said was scarce of Southfield; but, after waiting about half an hour, they put up an appearance, argued at all points exactly capapie with all kinds of "scoopin" of all dates and styles of manufacture, and amongst so many old guns it was a wonder they stood the enormous strain of gunpowder, so some were seen to load their guns by pouring by the handfuls, but no accident occurred. There were 15 on a side, and ten balls for each one. The Franklins 13 broke 86 balls out of 130 and the Southfield boys broke 82 balls out of 130. Franklin winning by 4 balls. John Beddow of the Southfield club was the only one with a clear record knocking his ten balls out, we judge he broke his shoulder, too, by the way he looked around everytime his gun went off.

Johnny Brown has returned from the north woods hale and hearty.

The report is that the Franklins shoot with Farmington next Saturday or at Birmingham, we do not know which.

Good roads and the thermometer at about zero and business lively.

THE GREATEST MEDICAL DISCOVERY OF THE AGE.

Kellogg's Columbian Oil is a power full remedy, which can be taken internally as well as externally by the most delicate infant. It cures almost instantly, is pleasant, acting directly upon the nervous system, giving a sudden buoyancy of the mind. In short the wonderful effects of this most wonderful remedy cannot be explained in written language. A single dose inhaled and taken according to directions will convince any one that it is all that is claimed for it. Warranted to cure the following diseases: Rheumatism of Kidney Disease in any form, Headache, Toothache, Earache, Neuralgia, Sprains, Bruises, Fresh Wounds, Burns, Corns, Spinal Affection, Colic, Diarrhœa, Dysentery, Cholera Morbus, Catarrh, and all aches and pains, both external and internal. Full directions with each bottle.

THE ELECTRIC LIGHT IN THE STOMACH. The Vienna Neue Freie Presse gives an account of an instrument invented by Dr. J. Mikulicz, lecturer at the university, which enables a physician to subject every part of a patient's stomach to an ocular inspection. It consists of a tube which is thrust down the throat after the manner of the sword-swallowing jugglers. The tube contains an isolated conductor of electricity, two wide-angled lens, an air-canal, and a wide opening for the optical apparatus. The stomach is emptied by means of a stomach-pump previous to the introduction of the apparatus, and is then inflated through the air-tube. At the bottom of the tube are two windows, one in each side, through which the walls of the stomach can be seen, the requisite light being furnished by an incandescent platina coil which is connected with the conductor. In order that the examination may not be disturbed by coughing or vomiting on the part of the patient, he is treated to a dose of morphine which enables him to endure the presence of the instrument for ten or fifteen minutes, while retaining sufficient consciousness to converse with the physician by means of signs. It is apparent that this instrument will prove of inestimable value to medical science.

AFTER LIGHT FOR LONG YEARS.

C. C. Jacobs, 78 Folsom Street, Buffalo, writes that for eight long years he had tried every known remedy to cure him of piles, also had been treated by physicians without success, when he was ultimately cured by Thomas' Eclectric Oil.

How often have persons been annoyed by burns clinging to their skin or clothing, and how seldom have they, when cleaning them, given it a thought that Burdock Blood Bitters is the most valuable blood cleanser and purifier known, and is sold by every druggist under the name of Burdock Blood Bitters. Price $1.00.

TROUBLE SAVED

It is a remarkable fact that Thomas' Eclectric Oil is as good for internal as external use. For diseases of the lungs and throat, and for rheumatism, neuralgia, stiff joints, sore back, wounds, and sores, it is the best known remedy, and much trouble is saved by having it always on hand.
