Bonds of both issues maturing in the years 1971 to 1974, inclusive, are redeemable at the option of the Township, in inverse numerical order, on any interest payment date on or after February 1, 1969, at par and accrued interest to the date fixed for redemption. Notice of redemption shall be given to the holders of bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds. No further interest payable on bonds so called for redemption shall accrue after the date fixed for redemption provided the Township has money available for such redemption with the paying agent.

Said bonds shall be coupon bonds and shall bear interest from their date at a rate or rates not exceeding five per cent (5%) per annum, expressed in multiples of ¼ of 1%. Said interest shall be payable on February 1, 1965 and semi-annually thereafter on August 1st and February 1st of each year. The interest rate for each coupon carried on any one bond shall be at one rate only and represented by one interest coupon. Both principal and interest shall be payable at a bank or trust company to be designated by the original purchaser of the bonds, which paying agent shall be qualified as such under Michigan or Federal statutes. Accrued interest to the date of delivery of such bonds shall be paid by the purchaser at the time of delivery.

Said Water Improvement Bonds are issued in anticipation of the collection of a like amount of special assessments on Special Assessment Rolls Nos. 147 and 148, and said Sanitary Sewer Bonds are issued in anticipation of the collection of a like amount of special assessments on Special Assessment Roll No. 142, the bonds being divided among each roll in the manner provided in the bond authorizing resolution. In addition to special assessments all of said bonds pledge the full faith, credit and resources of the Township of Bloomfield for their payment.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining at the rate or rates specified therein, the total dollar value of all interest on the bonds from November 1, 1964 to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Township. No proposal for the purchase of less than all of the bonds herein offered, or at a price less than their par value, will be considered.

A certified or cashier's check in the amount of $6,960.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the Township of Bloomfield must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, approving the legality of the bonds, which opinion will be furnished without expense to the purchaser of the bonds prior to delivery thereof. The Township shall pay the cost of printing said bonds. The bonds will be delivered at Detroit, Michigan.

The right is reserved to reject any or all bids.

Envelopes containing the bids shall be plainly marked "Proposal for Bonds"
