grand Haven. His life was insured a little son of Wm. Richard-

State for F Michigan,

A correspondent of the Lansing Re-sublican, who has traveled in Colorado-hus concludes:
"All is not gold that glitters." These

business, farm, city or Village, is good old Michigan, and with the ceeds go to Colorado and make in ments and become suddenly we the experiment. There are very poor men and women in Denvet Colorado to-day, and the struggl bread and pestition is fully as sev in Michigan. There are draw there as elsewhere; there are in Michigan. There are drawbacks there as elsewhere; there are deep mown in winter and long scasons of a second of the second of the second of the second of the second the reach of water, and wholly undit for anything but the cultivation of saga-hens, and the bad temper of the unfortunate "sender-foot" who attempts have been second of the second of t

maire glory. The results is turned out an eminent second in many of the famous Meccas to which or has returned to Sacinaw rose for the comes home after more red to set the comes home after more red purchase Bound Lidan, it is because the conditions of the second to th
