Our old time friend, G. W. Pattison, is a painful sufferer from a throat difficulty which Dr. C. M. Kaynale is battling for him to the best of his ability. Quick house on Woodward Ave. The doctor in addition to having a fine home has three rooms for private offices and is in every way more comfortably located than in the Fremont street property. The following from an exchange is well worth the consideration of all parents: "One of the greatest wrongs anyone can commit is to rob a child of its education. Don't keep your boy at home to work after school begins, and thus discourage and handicap him. If there is anything on earth that a parent can afford to make a sacrifice for it is the education of his children. Every boy and girl needs good training and good schooling, and there is but one time to get it.

The few people who were fortunate enough to attend the Episcopal church last Sunday evening enjoyed a rare treat in listening to a sacred duet, rendered by Messrs Frank and Will Hodgins. They have voices of rare sweetness which blend most harmoniously and very pleasing to the ear. They have been earnestly requested to repeat the duet, which was entitled "There is Hope Beyond," next Sunday morning, when the Right Reverend Bishop Davies will visit the parish and administer holy communion at St. James church.

Died, Nov. 27, 1900, at Wexford, Wexford county, Mrs. Betsy Latvis, widow of the late James Latvis. Came to Michigan when a child and has since been a resident of this state. She was married to James Latvis in 1845. Eleven children were born to them of whom seven daughters are still living. Deceased was in her usual health in the forenoon and died suddenly before supper. The only surviving brother of the deceased is Merritt Chase, of Royal Oak.

You can do your best in another line by feeding the greatest good to the greatest number, and you will surely be rewarded by finding multiplied blessings falling to your lot of kindred. The deed of charity will return to you in a thousand fold. For example, for years we have been telling the people how we sell an article called Quaker Oats, which is a breakfast food, and how it is a great favorite with all who use it. We have kept on telling the people of its merits, and now we are selling more than ever before. Why? Because the people are benefited by it. We have slaved, toiled and sweated that your pleasure and we want to tell this so strongly that people who that nine persons out of ten will go to the bank on every day in the week but Wednesday and want to know "where is Fredrick that dodgasted treasurer is."

The books are now open for additional members to the Birmingham Walking Club. This is a club formed for the purpose of out-door exercise, which calls for everything except rushing around the stove and shooting in the mind." The qualifications necessary to join this club are, an aptitude to jump fences with an incentive of a short lipped dog and the actual idea of "get there you must" or have some torn store clothes. Medical examination before joining is absolutely necessary and Doctor Pillsbury, quite often, will examine applicants at unreasonable hours. An applicant will be obliged to walk out 600 rods and return on electric car before application will be received. One black ball, 2 base balls or 3 foot balls rejects. Apply in person with the full expectations to——a few doors north of P. O.

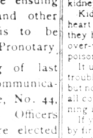
Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.



The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The great and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is recommended by all druggists in connection with its regular business, and to those who have not tried it, we will gladly send a sample bottle by mail. Home of Swamp-Root free. Also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

SAND BOOT CO.

DON'TS FOR WOMEN.

Don't talk your best friend on the street.

Don't talk about your neighbors.

Don't talk about yourself.

Don't be in the habit of borrowing anything you can help.

Don't be afraid to play telling you can look a dress made over.

Don't be selfish.

Don't lift your outside skirt and the petticoat that. If it is proper for you to do so, it is proper enough to keep clean. Raise a little but not the skirt a little above it.

If you are scared about the cars coming so near the edge on the slippery rails when the trolley is open and you are on the car nearest the edge, don't make a move toward the door; it will indicate fear. And it will embarrass you horribly in a minute.

DON'T SNUB A BOY.

Don't snub a boy because he chooses an humble trade. The author of "Pilgrim's Progress" was a tinker.

Don't snub a boy because his home is plain and unpretending. Abraham Lincoln's early home was a log cabin.

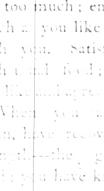
Don't snub a boy because of the ignorance of his parents. Shakespeare, the world's poet, was the son of a man who was unable to write, his own name.

Consumption

is destruction of lung by growing germ, precisely as mouldy cheese is destruction of cheese by a growing germ.

If you kill the germ, you stop the consumption. You can or can't, according to when you begin.

Take Scott's Emulsion of Cod Liver Oil; take a little at first.



It acts as food; it is the easiest food. Seems not to be food; makes you hungry; eating is comfortable. You grow strong. Take more, not too much; enough is much as you like and agree with you. Satisfy hunger with food; whatever you lose, lose with you.

When you are strong again, have recovered your health, germs may come, they can't have killed them. If you have not tried it, send for a sample. Enough for a dose. Free.
