A good meal and plenty of it, electric fans to keep you cool while eating it, and all it costs is 15c at 61 Michigan avenue, Detroit.

The habit of haste makes many men lose golden opportunities. Lots of folks are in such a hurry that they can't do any business at all.

Born, to Mrs. O. J. Whitford, May 8, a fine baby boy—a nine pounder. Grandma Simonson is almost as prod as Papa W., and the baby is the gladdest of all.

Mrs. McDonald, of Lexington, was a welcome guest of her sister, Mrs. Elmer Munro, last week and to say the ladies had a good time don't explain half.

Will "Rasty" Wright, of Grand Rapids, has been in town "shakidig" his many old friends. "Rasty" is waxing wealthy in the second city and we are all glad of it.

Justice Doty received $2.10 through the postoffice last Monday morning and don't know who it came from, as there was no writing of any kind in the envelope.

The Village Improvement Society has given to each of the five rooms below the high school an "ampelopsis vechti" vine, which was planted and will be cared for by the children.

Lady Latour of one of the Detroit hives of Maccabees was a visitor at the Birmingham hive Saturday night, and there was much buzz, buzzing and buzzeration during the evening.

The school children are making great efforts not to scatter papers on the school grounds or along the streets. If the older people will help them, we shall soon have a cleaner town.

Birmingham postoffice work and salary grows right along with the times. Our worthy postmaster has received word that hereafter he will have to draw a larger salary and the blow almost killed father—in your eye.

A double coat of white paint with dark green trimmings applied in Parks & Carter's most scientific manner, maketh the home of William Parks, Maple Ave., a joy forever, which means that it is a thing of beauty.

The 20th annual meeting of the Michigan Pioneer and Historical Society will be held in the Senate Chamber at Lansing, June 3 and 4, 1903. This meeting promises to be one of the most successful ones ever held by this society.

Heard in the street car in regard to Birmingham: "A neat, quiet town. What beautiful shade trees. What nice sidewalks they seem to have here. If I could live out of the city, I would live in this town. Do you notice the waste baskets on the streets?"

The last meeting of the Literary Club was very largely attended, nearly all the members and many visitors being present. Mrs. Field favored the club with music and Miss Ward with a recitation. The evening was then given to Miss Baldwin, who gave some account of a winter in California.

Between three and four hundred people eat dinner every day at 61 Michigan avenue, Detroit, and it is a nice place to go for a meal. Everything is neat and clean and the lady waiters are very prompt in filling your orders. It only costs 15c for all you can eat, and the bill of fare equals any 25c place in the city.

Get your Great Northern oil stock at 30c per share. This company owns 67,000 acres of oil land in the Kentucky oil fields, and wells are struck at from 200 to 300 feet. They have just commenced operations in earnest and have two wells pumping at the present time. C. H. Hoffman, agent for Birmingham.

Rev. M. B. Maxwell is attending the annual meeting of the General Committee of Home Missions, of which he is a member, at College Springs, Iowa. He is also a delegate to the General Assembly which meets at Tarkio, Mo., May 27. In his absence the pulpit of the United Presbyterian church here will be occupied by Rev. Edwin McClintock, of the 2nd church, Detroit, next Sabbath.

Wixom Bros.' circus, which shows here on Tuesday, May 26, needs no recommendation from us. The name Wixom Bros. has been before the public for years and they are two well known men. It follows that they have a first-class show or they could not keep before the public so many consecutive years. Only 25c to witness this great show. Don't fail to see the street parade at 1:00 o'clock.

The Birmingham delegation that went to Lima, Ohio, to see two new wells shot, were highly delighted with their trip and as both of the new wells kept up the phenomenal oil supply one at 50 barrels a day and the other 90, we can all imagine the hilarity of the party. For a joke they telegraphed home to T. A. Ward that two dry holes were the result. Mr. Ward can't see the joke yet, but they could if it had been true—eh?

You might just as well be out of the world as out of the fashion so says John N. Heth, of Southfield, but he certainly is strictly in it now. And it is all due to ostrich feathers. John received from a valued correspondent of his at Grahamstown, South Africa last week a package containing 12 of these beautiful feathers. They are now on exhibition at this office. They are beautiful and would be in the market financially for hat wear worth nearly $200.00.

Mrs. Fanny Kimball has been a welcome guest of her brother, John Foot, deputy warden of the state prison at Jackson. She was away three weeks and visited other relatives at Ann Arbor and other places. During her stay at Jackson she had great opportunities to see all the noted prisoners. Frank C. Andrews, while having a pleasanter job than the other prisoners, does not receive extra fare or lodgings but takes his place with other convicts.

The W. C. T. U. will hold a gold medal contest at the M. E. church Tuesday evening, May 26. Mrs. Preston, a colored elocutionist of much repute will be present, and Miss Robbins of Clawson will also take part in the entertainment. She's no mean performer on the organ and some sweet music will be heard. The small sum of 10c addmission will be charged. As it is in a good cause everybody should turn out and help with their mite.

J. D. VanEvery met with an accident in Detroit, Thursday of last week, that will lay him up for some time. While painting Henry M. Duffield's house on Jefferson avenue, working from a ladder, he slipped and fell, striking on the stone steps fourteen feet below. Besides being badly bruised he has two broken ribs on his left side. After the accident the sufferer was brought to his home in this place and is doing nicely under the care of Dr. C. M. Raynale.

That Schlaack Bros. are doing a fine business goes without saying and to prove our words the boys put into their market a fine, new refrigerator and ice box last week. It is a fine affair and has all the modern appliances for keeping meat clean and cold. Brother Bartram is our authority for explaining the peculiarities of the new investment. There are three large glass fronts to this new ice box. In one you see beef, in the other mutton, but in the fine middle section you only notice pork. Try it and then bounce Phil.

Dr. Geo. P. Raynale, son of C. M. R., has struck a fine position in the Upper Peninsula. He has recently received the appointment of mine physician for three large iron mines near Ishpeming at a salary of $4,000 per annum. This position is one much sought for by the profession as it is a very desirable one, but our own George easily carried off the plum, much by his own presence and pull, as well as by outside influence that was cheerfully given for him and for his aid in getting the place.

Geo. W. Merrill, brother of Mrs. M. L. Noble, has been visiting her the past week. Mr. Merrill left Birmingham 49 years ago next month and settled in Saginaw and has become in real well-to do circumstances. He met many old friends of his Birmingham days and a good old visit was enjoyed by all on reminiscences. Mr. Merrill has seen Saginaw grow from a swamp-hole to a power in the great state of Michigan. He returned home last Saturday leaving his sister much cheered by his visit, promising to return again. He thinks Birmingham has also greatly improved.

The Paulus Amphitheater Co., under the direct control and management of Mr. Paulus himself, a veteran show manager of many years experience, will give a continuous show for one week at Pontiac under canvas. All the week beginning Monday next they will present the popular drama, "Queen's Evidence" and between acts a fine vaudeville act will be given so that no waiting occurs. A fine orchestra and brass band accompany this great Amphitheater Co. and from every indication it seems now that the Paulus Co. will do a fine paying business. They have the goods, let us go and enjoy them with the crowds that will daily and nightly attend.

Yesterday probably the largest find of money at any one time that ever was made in our village, was made by Geo. H. Mitchell. He picked up in the store a large, red pocket-book, a great big one, almost a portfolio, and filled to its greatest capacity with currency. The stack of bills was at least 2 1-2 inches in thickness and the bills filling it were old and new and the denomination ran from $20s, $50s, $100s to $500s or which there were a great many of the larger ones. There were ten $1,000 bills and one of $10,000, a rare issue. Just as Mitchell had written out an adv't of its finding and asking the owner to call, prove property, pay charges and take it away—he woke up.

Harry L. Lane, proprietor of the Columbia hotel at Pontiac, was up before Justice Doty on Monday last charged with keeping his bar open on election day. Alex Palmer, who was a candidate for constable on the republican ticket, and who was completely buried in the avalanche on election day, was the complaining witness in the case. From what we could learn it seems to us it was merely a case of spite. Fulmer could not secure a warrant in Pontiac and went to Farmington where he secured the necessary papers, but when the Farmington constable reached Pontiac and learned the particulars he refused to serve the papers. Later he appeared before Justice Doty and secured a warrant which was served and the case before this justice was very short and to the point. After calling court to order with an "empty" for a gavel, he informed the parties concerned that he had learned that there was a question whether the said Fulmer was an officer of the law or not at the time the complaint was made, and he did not care to make any blunder in the matter which might cause trouble in the future, so he dismissed the case without cost. Fulmer hinted before the case was called that there was another court at Lansing if things didn't go right down here, and the end is not yet—in Fulmer's mind.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, constipation and Kidney troubles. Try them. Only 50c at Whitehead & Mitchell's and Cobb & Cobb.

Good Piece of Information.

It is only necessary to boil a cork for five minutes to make it fit any bottle.
