Last week O. E. Shattuck and wife enjoyed a pleasant visit with Wixom relatives and friends.

Mr. William Casey, of Port Sanilac, enjoyed the past week with his sister, Mrs. David Roy, on Brown street.

Mr. and Mrs. M. D. Wagner, of Harbor Beach, enroute for St. Peters burg, Fla., stopped over Sunday with the family of G. H. Mitchell.

Ralph Barber, who is a favorite with boys, begins a continued story in the January St. Nicholas called "Kingsford Quarter." The same number has "Betty at Boarding School," by Miss Wells.

On Thursday evening, Jan. 27, at 8 o'clock, Miss Emily Murray will give a recital at the church of the New Thought, 43 Winder street, Detroit. Miss Murray has given recitals abroad and all over this country. This is her first appearance in Detroit.

Feed the birds. The birds are starving. If you want the next summer's bugs taken care of and the worms taken off the trees, feed the birds. They will more than pay their debts by the care of shrubs and trees and will add their beauty and their songs.

Don't give your Calender order to first traveller that comes along soliciting. Save it for the home printer. Keep your money at home as much as possible and thus benefit your own town. We will have an extra fine lot of samples to select from. Calenders for 1911 are "Dingers."

If you want to sell or rent your farm, house and lot or other property, or want a deed, will, mortgage, lease or agreement properly and promptly made, go to real estate department of the Exchange Bank. Thirty years experience, a private office where your business and every convenience is at your disposal.

In the January Delineator is an article by Nobel Daygett, "Suffrage enters the Drawing Room. Society has saluted the four starred flag and the cause enrolls thousands." The Delineator also contains, "What will we work for in 1910. The great arm of 800,000 women will champion the cause of the child." Read it at the library.

The Woman's Journal says, "In 34 of the 46 states of the union, a husband has the legal right to take the baby out of its cradle and seat it where the mother will never see it again. More than that he can will away his unborn child and the mother cannot help herself. The women of Massachusetts worked 55 years to get a law making fathers and mothers equal guardians of their minor children. In Colorado, the next year after the women got the ballot, the legislature passed an equal guardianship law.

In the December number of Everybody' magazine there is a fine article entitled "Why." It deals with the suffrage question of England and explains why women of rank are willing to go to prison. Why one of the 15 independent suffrage organizations is receiving $250,000 a year to carry on its work. Why nurses, artists, librarians, professional women of all sorts, work hard, with no pay for suffrage. Read it and then you can not fail to respect the Suffragette. Another article well worth reading may be found in the same number, "The Beast and the Jungle," by Judge Lindsey.

Seems to run in the family! Not very long ago, Eugene Brooks came out of his house carrying gingerly a bushel basket brim full of ashes. Both feet slipped up suddenly and frontwards, while he fell over and backwards, the ashes burying him completely from the sad gaze of sorrowing friends from the waist line up. Words failed to express his feelings, and— he never said a word, by the outside, but what he thought by the inside,—well, we would be arrested if we printed it, maybe. Tuesday Alexander Parks in going from his home over to Austin's tumbled all over himself and the side walk near the Whitehead home. When he slipped immediately and 'twunst, the air was filled full of whiskers, arms, legs, feet, pans and potato parings, and for a while Alex. just waltzed and two stepped on his left ear. It didn't hurt him much for assistance to arise was politely but firmly declined, for which we are all thankful.

The friends of Rev. C. A. Salyer are planning to give him an old fashioned donation party on Friday evening at his home. All his friends, of whatever denomination or of no denomination, are invited.

The friends of Mrs. Charles Mudge, of Maple avenue, will be pained to learn of her taking a fall Monday last fracturing three ribs. She has suffered an endless amount of pain but is now quitely convalescing. Its too bad—and the snow and ice are to blame for the mishap.

A correction. In the write up of the local option Banquet, an error crept in reporting Mr. Williams, of Pontiac. It should have been that his city taxes were 17 cents less than the two previous years of license. His county taxes were 54 cents less, while his state taxes which are in no way affected by the question of license or local option were $1.60 more.

Last Sunday was a happy day for Clarence Riffenburg, who visited his sisted, Edith, new Mrs. Conklin, whose home is in Albany, N. Y. Just now she is visiting friends in Ann Arbor and had invited Clarence to come over. It was the first time in eight years since they had met and both enjoyed the visit very much. In a short time Mrs. Conklin is to visit Clarence here.

Articles of association have been filed with the County Clerk at Pontiac, organizing the Oriental Detroit Motor Car Co., to be located in this village. This is purely a home company. All those interested are people dwelling in our village or vicinity. Land has been secured from T. B. Smith, and it is said this Company will coin money, make a good machine and soon have a factory second to none in the state.

A very small fire at Green's Laundry Sunday evening last, called out the fire department, and our entire population. The cause of the fire is still unknown. After all the patent fire extinguishers had done their work, along came the waterworks and doused out the fireworks. Loss, $50. The telephone operator had as hard work as the fire ladies, before the whistle had half blown itself, all the 275 anxious subscribers were clamoring. "where's the fire?"

John England was arrested Tuesday at the farm of John L. Keyser, or rather close by in the brick-yard sand shed, by deputy sheriff, John E. Calbert. Mr. Buffmyer found him lying and hid away in the hay mow. He was snugly covered up, but when Buff. put the pitchfork into him good and plenty, the English-named man let out a roar that would shame his namesake, and immediately came forth. It is thought that he has been living on milk there for several days. He was haled before Justice A. W. Campbell to answer to a charge of vagrancy. When arraigned England plead guilty, and the Court passed sentence, that the prisoner be imprisoned in the county jail for 20 days without a fine. It was at first this man might have been the Italian who shot and killed Mr. Keller, in Detroit some two weeks or so ago, and for whom a reward of $3,000 is offered.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought for cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, sensible heart help.

If you would have strong Hearts, strong digestion, strength—these nerves — re-establish them as needed, with
