# Rochested To Get New Phone Building

Rochester will be provided with a new telephone building and dial central office equipment, and improvement will be made in the outside telephone plant, during the present year, according to an announcement yesterday by Walter B. Fauser, manager in this area for the Michigan Bell Telephone Company.

The structure, erection of which will be started as soon as the plans are completed and contracts can be let, will be placed on a lot on Third street, corner of Walnut, which the Michigan Bell Company has owned for some time. Together with the site, the building will cost an estimated $17,300, and the total expenditure on the project, including central office equipment, outside plant changes and improvements and changes in the customers' telephones, will reach approximately $57,000, Mr. Fauser says.

## NON-PARTISAN STATE NEWS LETTER

By GENE ALLEMAN
Michigan Press Association

LANSING—Despite the recent freak blizzard, spring fever is in the air and Michigan legislators are getting restless. Adjournment of the present session is scheduled from May 14 to June 1.

There is much work to be done, and it seems inevitable that the publicized "speed-up" of the automobile industry will have to be applied soon to Lansing's law-making assembly.

The 800 proposed laws include civil service, labor relations, tax revision, general appropriations to state institutions, liquor law changes, and a flock of state aid measures to benefit schools, libraries, junior colleges, township roads, and so on.

Long sessions are in sight.

**Educational Aid**

Generous state aid for Michigan's public schools is sought by the Michigan Education Association, sponsoring bills to increase the present annual grant from $38,000,000 to $45,000,000.

An inkling to the attitude of the house of representatives was given recently by Rep. M. Clyde Stout (D) of Ionia, chairman of the ways and means committee. Stout declared that the state lacked funds to provide $7,000,000 more for schools, while also providing needed facilities for state hospitals and other depression-neglected institutions.

**Minimum Wages**

Governor Murphy's "Little New Deal" for Michigan has experienced rough riding. First it ran into a blockade of sit-down strikes in automobile factories. Peaceful settlements ended costly warfare in which labor obtained a moral victory of union recognition to bargain collectively for members of the union—exactly what Knudson and Chrysler had said they were willing to do at the beginning.

With the strikes out of the way, Murphy was just getting his breath when the United States supreme court upheld the right of a state government to fix minimum wages, maximum hours, commodity prices and otherwise regulate business and industry and the right of the federal government to enforce collective bargaining in business engaged in interstate commerce. Like an injection of Adrenalin, the court decisions put new life into Murphy's "New Deal."

**Manufacturers Approve**

Michigan manufacturers have endorsed minimum wage laws for women and children. A bill by Rep. Charles W. Snow, Jr., of Jackson would empower the state labor department to determine fair living wages and minimum standards for women and children. Affected by such legislation would be beer garden waitresses and night club hostesses. A similar bill by Senator Joseph Roosevelt (D) of Detroit has been approved by the Michigan Manufacturers' association.

The question of sex equality has been raised in Washington, D. C., where employers announce that men will be employed instead of women if minimum wages are equalized by statute for both men and women.

**"Michigan NRA"**

Governor Murphy's attitude on state regulation of industry through a local "NRA" is revealed in press interviews in which he says that the legislature will be asked to enact laws:

1. Setting minimum wages for both men and women.
2. Requiring collective bargaining.
3. Eliminating espionage, discrimination and company unions.
4. Liberalizing occupational disease compensation.

Bills are to be drawn by Prof. E. Blythe Stason, University of Michigan, and Edward G. Kemp, the governor's legal adviser.

**Tax Sale in 1938**

Delinquent taxes for 1935 and subsequent years may be paid without penalty by installment payments spread over 10 years providing that the 1936 tax bill has been paid in full. A tax sale would be held in May, 1938.

Such is provided in the Brown-Berka bill which has been passed by the house and is seemingly assured of passage in the senate. The moratorium on mortgage foreclosures has been extended to March 1, 1939.

Legislators are convinced that a tax sale on delinquent property is imperative, if local governments are ever to clean up the present tax mess.

# REV. WHOLIHAN TALKS ON COMMUNISM SUNDAY

In continuing his series of sermons on the subject of Communism, Rev. Daniel T. Wholihan will discuss "The Hypocritical Tactics of Communism" at the 12:30 Mass Sunday, April 25.

The part the communists have played in the recent strikes was the subject of the sermon given by Father Wholihan in his service Sunday, April 17, at St. Hugo of The Hills Church.

# TRAIN SCHEDULE REVISED BY G. T. R.

### New Time Table Does Not Affect Any Suburban Arrivals

Though there will be no change in the arrival and departure schedule of the suburban trains, several changes have been made on other trains coming into the Birmingham Grand Trunk station, according to a recent announcement of J. B. Minton, agent of the local depot.

Train 19 to Grand Rapids and Chicago hereafter will leave Birmingham, daily except Sunday, at 10:25 a. m. rather than 10:40 a. m., and the Chicago and Muskegon sleeper, train 57, will leave Birmingham at 11:53 p. m. instead of 12:08 a. m. This latter train will be daily to Chicago and daily except Saturday to Muskegon.

A change has been made in the schedule for train 56 which will arrive in Birmingham daily at 4:48 p. m. rather than 5:48 p. m., from Chicago and Grand Rapids.

The sleeper from Chicago to Detroit, train 54, will leave Chicago at 10:30 p. m. rather than 11 p. m. and will arrive here at 7:35 a. m. instead of 7:50 a. m.
