(Continued from Page 7, Part 2)

certifies to the Board of Appeals after the notice of appeal shall have been filed with him that by reason of facts stated in the certificate, a stay would in his opinion cause imminent peril to life or property, in which case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Appeals or by the circuit court, on application, on notice to the officer from whom the appeal is taken and on due cause shown.

Section 9.4 **Rules of Procedure**

The Board of Appeals shall adopt general rules and regulations relating to its procedure. It shall by general rule or in specific cases, determine the interested parties who, in the opinion of the Board, may be affected by any matter brought before it and shall prescribe the means by which such interested parties shall be notified as to the time and place of hearing on such matters. The Board may require any party applying to the Board for relief to give such notice to interested parties as it shall prescribe.

Section 9.5 **Hearings and Powers**

The Board of Appeals shall fix a reasonable time for the hearing of the appeal and give due notice thereof to the parties, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney. The Board of Appeals may reverse or affirm, wholly or partly, or may modify the order, requirements, decision or determination appealed from and shall make such order, requirement, decision or determination as in its opinion ought to be made in the premises, and to that end shall have all the powers of the officer from whom the appeal was taken. Where there are practical difficulties or unnecessary hardship in the way of carrying out the strict letter of the Ordinance, the Board of Appeals shall have power in passing upon appeals to vary or modify any of its rules, regulations or provisions relating to the construction, structural changes in, equipment, or alteration of buildings or structures, so that the spirit of the Ordinance shall be observed, public safety secured and substantial justice done. The decision of such Board shall be final so far as it involves discretion or the finding of facts.

SECTION 10 AMENDMENTS

The Township Board may from time to time amend, supplement, or change the regulations and boundaries of districts or provisions of this Ordinance in the manner prescribed by Act 302 of the Public Acts of Michigan for 1937, as amended.

SECTION 11 VALIDITY

This Ordinance and the various parts, sections, subsections, phrases and clauses thereof are hereby declared to be severable. If any part, sentence, paragraph, section, subsection, phrase or clause is adjudged unconstitutional or invalid, it is hereby provided that the remainder of this Ordinance shall not be affected thereby. The Township Board hereby declares that it would have passed this Ordinance and each section, subsection, phrase, sentence and clause thereof irrespective of the fact that any or more sections, subsections, phrases, sentences or clauses be declared invalid.

SECTION 12 PENALTIES

Any building or structure which is erected, constructed, reconstructed, altered converted, maintained or used, or any use of land or premise which is begun, maintained or changed in violation of any provision of this Ordinance are hereby declared to be a nuisance per se. Any person, firm or corporation or the agent in charge of such building or land who violates, disobeys, omits, neglects or refuses to comply with, or resists the enforcement of any provision of this Ordinance, or any amendment thereof, shall be fined upon conviction not less than one $(1.00) dollar nor more than one hundred ($100.00) dollars together with the costs of prosecution, or shall be punished by imprisonment in the county jail for not less than one (1) day nor more than ninety (90) days for each offense, or may be both fined and imprisoned as provided herein. Each and every day during which any illegal erection, construction, reconstruction, alteration, maintenance or use continues shall be deemed a separate offense. The Township Board, the Township Building Inspector, the Board of Appeals, the attorney of the Township or any owner or owners of real estate within the district in which such building, structure or land is situated may institute injunction, mandamus, abatement or any other appropriate action or actions, proceeding or proceedings to prevent, enjoin, abate, or remove any said unlawful erection, construction, alteration, reconstruction, maintenance or use. The rights and remedies provided herein are cumulative and in addition to all other remedies provided by law.

SECTION 13 ENDING

Section 13.1 **Publication**

This ordinance shall be published in the Birmingham Eccentric, a newspaper of general circulation in said township in the issue of said newspaper dated Thursday, July 27, 1944.

Section 13.2 **Effective Date**

This Ordinance shall become effective on August 26, 1944, thirty days after the publication thereof.

Vote on adoption of Ordinance as follows—

Samuel Halsey (YEA)
Glenn Ladd (YEA)
Norman Barnard (YEA)
Henry Eseman (YEA)
Kenneth Lawrence (YEA)

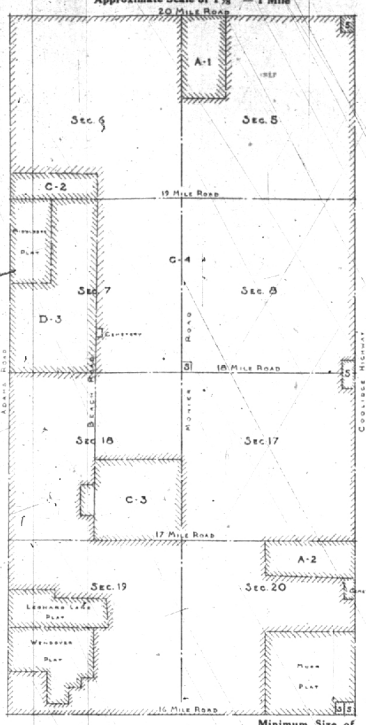
This is to certify that the foregoing is a true copy of an Ordinance made, passed and adopted by the Township Board of the Township of Troy, Oakland County, Michigan, at a meeting of said Township Board held on the 17th day of July, A. D. 1944.

Dated: July 26, 1944.

GLENN W. LADD
Troy Township Clerk
Mail Address—R. No. 2
Birmingham, Mich.

THE APPROVED ZONING MAP FOR NORTHWESTERN TROY TOWNSHIP

Approximate Scale of 1⅞" = 1 Mile



Minimum Size of Dwellings	Minimum Size of Land Areas
Districts A= 600 sq. ft.— 7,500 cu. ft.	Districts 1= 1 Acre

"Love" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, July 30.
The Golden Text (Jeremiah 9:24) is: "Let him that glorieth glory in this, that he understandeth and knoweth me, that I am the Lord which exercise loving kindness, judgment, and righteousness, in the earth: for in these things I delight, saith the Lord."
Among the Bible citations is this passage (Psalms 103:2-4): "Bless the Lord, O my soul, and forget not all his benefits: Who forgiveth all thine iniquities; who healeth all thy diseases; Who redeemeth thy life from destruction; who crowneth thee with lovingkindness and tender mercies."
Correlative passages to be read from the Christian Science textbook, "Science and Health with key to the Scriptures," by Mary Baker Eddy, include the following (p.231): "If God heals not the sick, they are not healed, for no lesser power equals the infinite All-power; but God, Truth, Life, Love does heal the sick through the prayer of the righteous."

Debt retirement fund cash for indebtedness incurred prior to Dec. 8, 1932		167,700.98
Total Disbursements and Balance June 30, 1944		$264,451.32

Motion by Mr. George Averill, second by Mrs. McLeese that the report of the audit be accepted as read. Carried.

The Student Loan Fund receipts and disbursements were read by Mrs. Eustis in the absence of their treasurer, Mr. Edward Kurth.

Motion by Mr. Groves, seconded by Mrs. Lyle, that the report of the Student Loan Fund be approved. Carried.

Superintendent Ireland's report on the School Finance was received and the various expenditures in the budget were explained by him in detail.

Motion by Mr. McLeese, seconded by Mr. Eustus, that a copy of the brochure on School Finance and a copy of the annual report be sent to the various organizations in the city. Carried.

No further business appearing, motion to adjourn carried.

Signed: ERNEST W. SEAHOLM
Secretary

Mosquito Control Measure Interesting To Birmingham Residents; Only Females Of Few Species Attack Human Beings

Birmingham residents who have been victims of mosquitoes may derive some degree of comfort in knowing that of the 20 to 26 different species in Michigan, only the females of a few species attack human beings. According to E. J. McDaniel, Michigan State college entomologist, the males do not have piercing mouthparts and are limited in their feeding to the nectar of flowers and plant juices.

This matter of species is important in organizing control measures on a large scale, although the Birmingham backyard gardener or householder need not worry whether he is being bitten by culex pipiens or by aedes vexans. What he wants to know most of all is what he can do about the pests. Here are some suggestions made by Professor McDaniel:

1. All containers holding water should be emptied at least every third day. Dumps or ditches containing pockets of quiet water should be sprayed with oil or dusted with paris green to kill mosquito larvae which may be present. A systematic effort should be made to check all possible places where water may collect around the premises.

2. If one lives near a swamp or a pond, a satisfactory method of killing mosquito larvae is to dust the surface of the water with paris green. By using only ½ pound to an acre of water, there is no health menace and vegetation is not harmed. A knapsack type duster may be used to apply the dust which should be diluted with 10 to 15 parts of talc or other neutral carrier to facilitate distribution. A film of oil on the surface of the water will also kill mosquito larvae. Sometimes, however, oil may injure fish, waterfowl, or vegetation and may be unsightly. A cupful of medicinal oil in a cistern will kill mosquito larvae without affecting the water for household purposes.

When Weather Is Hot Keep Those Meals Balanced

When the weather is hot, the homemaker's thoughts turn to keeping cool while cooking, and to serving meals not too hot and heavy. Here are some summertime hints from extension home economists at Michigan State college.

First, continue to serve balanced meals—the kind that include during the day milk, fruit, a green and yellow vegetable, and meat. Anyone who does the same job the year round needs enough calories in food to provide for the energy spent.

Keep meals simple. Dishes that take short cooking and little preparation often have the most appetite appeal on a hot day. Many egg dishes are quick to prepare. Cooking on top of the stove leaves the kitchen and the cook cooler than baking.

Make the most of fresh vegetables and fruits. They are natural summer foods, neither rich nor calorie-loaded. Raw juicy fruits make quick, appetizing desserts. Serve raw crisp vegetables often—carrot strips, turnip or cucumber strips, wedges of cabbage, pieces of cauliflower and sliced or quartered tomatoes.

If iced beverages are the family choice, do not let them prevent the family from getting the regular quota of milk in some form, such as in cooked foods, cheese or ice cream. Milk itself is refreshing when served cold, as it should be to keep safely.

If there is a porch or other place to eat, cooler than where meals are regularly served, this change of setting adds to comfort at mealtime.

Serving cafeteria-style, letting the family fill their plates at the stove, saves one person from taking many trips back and forth on a hot day.
