W. W. Graham, of Rochester, has commenced an action in assumpsit vs Richard Millard. The case will come up in the justice court today (Friday). George A. Dondero is the plaintiff's attorney. The action is brought to secure the payment of a promisory note given by Millard to the plaintiff.

In view of the fact that the village council is being criticised for not enforcing the curfew ordinance, we wish to inform the people that the only reason this ordinance has not been enforced is the lack of facilities here for a suitable signal. The only signal thus far suggested is the ringing of a church bell but this could easily be construed to mean something else. We know of one town where a triangle is used. How would that do for Royal Oak? If anyone knows of anything better will he please come forward and suggest it. There is plenty of time now to get this matter settled and get this ordinance into effect by May 1.

Walter, the three year old son of Mr. and Mrs. Charles Parsons who live in the Meadow Park subdivision, had a narrow escape from drowning Friday morning. There is a big ditch just back of the Parson home and the water in it was deep and the current swift; the little fellow, with some other children of the neighborhood, were playing near the ditch and the little fellow fell in. Mrs. J. H. Ames living nearby, heard the children's screams and hurried to where they were. She succeeded in getting him on the shore and Dr. J. W. Anderson was hastily summoned and succeeded in bringing him to, although he was black in the face. He is now not much the worse for his miraculous escape from death, and the doctor states that he will soon entirely recover. It was indeed a close call and the parents are overjoyed to think that the child's life was spared to them.

The little two year old son of Mr. and Mrs. Wm. Fall has been very ill with pneumonia, but is a great deal better now. Dr. J. W. Anderson is the attending physician.

Mrs. Ernest Reibel, who was taken to Harper hospital for an operation, still lies in a serious condition. A speedy recovery is hoped for by her many friends and relatives.

George A. Dondero has been appointed village attorney by the council. The village of Royal Oak has indeed made a wise choice and the Tribune congratulates both parties.

The finances of the village have become exhausted and the finance committee have been instructed to borrow $500 to meet the running expenses of the village until the next taxes are collected which will be in June.

The Michigan state hotel inspector made our village a quiet call last week. He pronounced the hotel of Parmenter in first class condition. A close inspection was made of servant's quarters as well as guest's room. All were declared in excellent shape.

Well, Mr. Voter, how do you stand on woman suffrage? We've made a careful inquiry among the men one meets and it has been a surprise. Most every man thinks she has a right too. Two hundred years conversation and then—all in a minute. Well, Hooray!

George A. Newman, proprietor of the Royal Oak Feed Mill, has two important messages for you this week. Every raiser of poultry will read with interest his advt and his single line headed article on the front page. Mr. Newman is as busy a man as we know in Royal Oak. He will give you a square deal and honest weights—call on him next time.

For the second time within a short period of time the Grand Trunk railroad was sued by the village. This fine was $20 and costs. The case was heard before Justice Wheeler. Wm. Butler, attorney, appeared for the railroad company and Attorney George A. Dondero represented the village. Will the railroad be fair now and provide more switching facilities?

A recount was had last Friday to settle the matter as to who was elected township clerk. This spring when the votes were counted election night it was found that Wm. Sullivan, democrat, was elected over Thomas Alger, republican, by one vote. Mr. Alger asked for the recount and in the recount each candidate receives two more votes which did not change the result and Sullivan was declared legally elected.

Where has the agitation of our most important problem gone? Most forgotten what it is? Oh yes, our water works system! Seems sometimes as though the Lord was mighty good to our village. Why should we not have an epidemic of typhoid or diphtheria? The field is excellent—cess-pool sewerage, refuse and dirty water thrown directly on the earth—oh yes, it isn't a beautiful picture and it doesn't boost Royal Oak—but isn't it the truth? Nightly mass meetings of earnest citizens clamoring for a water works system should be progress now. Why not?

ARE MICROBES IN YOUR SCALP?

It Has Been Proved that Microbes Cause Baldness.

Professor Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebum, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots, and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently help to restore gray hair and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by aiding in making every hair root, follicle, and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

We exact no obligations or promises—we simply ask you to give Rexall "93" Hair Tonic a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices, 50 cents and $1.00. Remember, you can obtain it in Birmingham, only at my drug store—The Rexall Store. Charles J. Shain.
