Sick Insurance in Prussia.

Prussian sick insurance, which in amended form went into effect January 1, has been found applicable to domestic servants. In Berlin the rate amounts to about ten per cent of the wages paid, which is considered out of all proportion to the risk. The government is considering an amendment to separate the class of domestic servants from other labor.

HELP HELP HELP!

Harvest Hands Wanted in the Great Middle West! 40,000 Men Wanted Immediately. Hurry.

The division of information of the bureau of immigration, U. S. department of labor, has received telegrams from Kansas, Missouri, and South Dakota concerning the need of harvest hands in those states.

Persons interested in obtaining work of this kind should apply to the offices in the states named.

It will be necessary for those desiring work to defray their own expenses to the place of employment.

Kansas.

40,000 men needed; wages will range from $2 per day and board, average probably $2.50. Large percentage of men will be needed for from 90 to 1200 days. Men can go direct to towns in wheat belt in central and western Kansas and be distributed to farmers by local organizations.

Missouri.

20,000 men needed; wages $2 to $3.50 per day according to experience, class of work, and conditions; three to six months' work, beginning about June 15. Write to John T. Fitzpatrick, Labor Commissioner, Jefferson City, Mo., for directions.

South Dakota.

Harvest help needed beginning about July 15; wages $2 to $3.50 per day and board. Considerable of the former wheat acreage is now in alfalfa and corn, and help will be needed through husking. Apply to Charles McCaffree, Commissioner of Immigration, Pierre, S. D.

The Avenue.

The Permanent Players of the Avenue theatre, Detroit, have selected "Life's Shop Window," a play of exceptional beauty and deep philosophical insight into human nature to follow "Deserted at the Altar," the production which is proving such a popular attraction this week.

"Life's Shop Window" is an unusual story and an insight into the piece may be gathered from the lines spoken by one of the characters: "Naturally, who of us has not passed at Christmas time before a brilliantly lighted shop window, in which, under the glare of the lights were ranged from end to end, Christmas cards of every hue, shape and size and price. Thus one is struck by their beauty, the delicacy of one is thrown up by the brilliance of another, each helping to lend charm to its mate, until one fancies in each the beauty which is really the beauty of the whole.

The story is full of interesting situations and is charmingly told.

Miles Theatre.

Following closely on the heels of "The Suffragetee," another playlet based on the feminist movement and entitled, "When Women Rule," is scheduled for the Miles theater next week, heading a big bill.

The sketch looks ahead 100 years, when, according to the author's fancy, women shall have relegated poor man to the background. The scene is laid in the office of a woman lawyer and the situations developed make for some side-splitting comedy. Miss Louise Ripley heads the cast in the role of Florence De Forrest.

The Zamora sisters, Spanish-American beauties, hailed as the world's greatest lady trapeze duo, will contribute a few thrills. Scott and Wilson return with their original comedy concert, always good for a bunch of laughs.

Autumn Hall and Ed Fox will entertain with violin and piano. Moss and Christy, in new songs and patter and the usual Keystone comedies and one other act will complete the show.

Edward R. Smith has brought suit to foreclose a mechanic's lien on a house owned by Ada G. Dewar, of Pittsburg, Pa., on which Smith claims $744.32 for material furnished.

It is solemnly alleged that bluegills were the sole attraction that took Elmer Huston and Frank Standart away out to Maceday Lake last Tuesday. Black bass cost a couple of guys about sixteen bucks each before Judge Campbell last Monday. Of course there is no relative affinity in the two facts. Just a case of mental correlation.

Mr. Farmer:—Are you looking for a bright-willing-to-work boy to help you out with the farm work this summer? If you are we know a Detroit high school boy who would like to work, not play, on a farm this summer. If you are interested call Birmingham 11 and ask for Miss Mitchell. She will tell you how you may get in touch with this anxious and capable lad.

NOTICE

On and after June 15, 1914, the laws for sprinkling lawns in different sections of the village will be as follows:

All that portion of the town lying north of Maple and east of Woodward Avenue will be permitted to use water for lawn purposes only from 5 to 7 o'clock a. m.

All that portion of the town lying south of Maple and west of Woodward Avenue from 5 to 7 p. m.

We do not want the people to infer from this that there is a scarcity of water at the wells, but where the whole town is using water for sprinkling purposes at the same time, should a fire occur, it is simply impossible to get any pressure. DO NOT WASTE WATER, and should the fire whistle blow while you are sprinkling, SHUT OFF THE WATER.
