Charles Kreger takes in $40,000 for his 80 acres of Royal Oak land.

Democrats vote for Edwin O. Wood on your primary ballot. You will then be on the side of the right justice, and Woodrow Wilson.

This is the time of the year to dig up and out that last summer and fall suit. Take it to Charles Peck's, have its life renewed, have it cleaned, pressed, and repaired; and you will be surprised at how good a suit you will have for spring and all summer. Try it. Talk with the Peck's and be made happy.

Miss Virginia Hupp, with her Aunt Tillie, returned home from an extended visit with relatives in Detroit and surrounding vicinity, last Tuesday. This is the young lady's first venture out in the big world without mother by her side. On her return, she vowed she had enjoyed every moment, but mother, home, and Birmingham looked best of all.

The Sacrament of the Lord's Supper will be observed in the Southfield Covenanter Church, on Sabbath morning, April 2. There will be preaching services on Friday March 31, at 11 a. m; Saturday, April 1, at 2 p. m; Sabbath morning at 10:30 a. m; and Sabbath evening at 7:30 p. m., local time. At all these services, Rev. Samuel Edgar, of Latakia, Syria, will preach. Visitors cordially welcome at all these services. R. E. Willson, Minister.

Water in the cellars of many of our best homes all over the village, is a general complaint. In many, the furnaces are put out of business entirely, and oil stoves are used. Well, it's so all over the country. Pontiac is worse off than we are, and many manufacturing enterprises were obliged to close down on account of basements being flooded. Royal Oak and Highland Park were both floating, boats running in the streets and street cars put out of business entirely.

We bumped into Howard Montgomery, in Detroit, Tuesday, and by nosing around a little, found out that the Birmingham lad has an advanced position with the Hupmobile Company, and a salary that makes him happy. Howard's business, with four others, is to go to manufacturers of auto parts used in this celebrated auto, and just work the factories for more supplies, more of them, and then more. The firm is a six million dollar capital business, builds from 70 to 80 machines a day and then cannot supply the demand. We certainly wish Howard continued success.

Rev. Samuel Edgar, of Latakia, Syria, will deliver a lecture in the Southfield Covenanter Church on Monday evening, April 3, at 7:30 o'clock, p. m., on the subject: "War Times in Turkey." Mr. Edgar has been engaged in Mission work in Turkey since 1907. In January 1915, he was expelled from the country on the ground of his British citizenship. A forceful speaker, he presents a vivid picture of conditions under the Turkish flag, and of the dis-tress and want among some of the persecuted Ottoman subjects. The public is cordially invited to hear this lecture. An offering will be taken to assist in the work of relief among the Syrian poor.

R. E. Griggs' new address is 124 Willits Street.

Mrs. G. Bogs, of Belleville, visits her parents, W. B. Carter and wife.

W. C. T. U. will meet with Mrs. McDonald, on Pierce Street, Wednesday, April 5, at 2 o'clock.

Born to Mr. and Mrs. Fred J. Standing, on March 25, in Cleveland, a fine baby boy. Congratulations!

Spring, with the robin and the bluebird, may be here, but the tuneful frog has not yet been heard from.

One of the sights in the "Pride of Old Oakland:" Horseback riding on the sidewalks of paved Maple Avenue.

After a winter spent in Florida, Mr. and Mrs. A. I. Philp, of Philp Villa, have returned to their Northern home.

The First Presbyterian Church Society will meet at the home of Mrs. T. B. Smith, on Maple Avenue East, April 6.

Mr. and Mrs. C. E. Conway have moved to 506 Purdy Street. They have decided to stay in Birmingham for the summer.

W. W. Henry, of Birmingham, has purchased another Southfield farm, from Burt Church, the 70 acres known as the George Randall farm.

Postmaster Allen, of Royal Oak, called on the P. M., here, Tuesday. Down at Royal Oak, they have everything running smoothly once more.

The Woman's Literary Club will give a musicale at the First Presbyterian Church, Tuesday evening at 7:45. Miss Grace Davis, of Detroit, will be soloist.

John W. Bassett of Southfield, was buried in Greenwood Cemetery, Monday, March 27. He was one of Southfield's best citizens and had the respect of a large field of acquintances.

Attention Birmingham Chapter No. 93, R. A. M. Regular Convocation Monday evening, April 3, 1916. There is some important business on hand, and a good attendance. Michael Hanley, H. P. J. A. Bigelow, Secretary.

Miss Carrie E. Mitchell has accepted a position with the National Advertising Company, of Detroit, whose headquarters are in the Kresge building. Her salary starts at $1,500 per year, with chances of a raise in the future.

On Wednesday, April 5, W. H. Hulsizer, auctioneer, will sell for Peter Anderson, two miles east and one-half mile north of Birmingham, all the stock and tools on the farm, which was recently sold.

John H. Leach is champion subscriber now. Being three years back, he paid two years ahead and donated a "V" to the Eccentric. That's going some. Wish there were more like him. We would like to add more names to this roll of honor.

Peter Reid, who owns the old Johnson farm, one and one-half miles southeast of Birmingham, sold to Mr. Pierce, of Detroit, nearly 80 acres for $1,000 per acre. Peter, the wise guy, reserves the homestead, which now consists of one acre of land.

Plenty of rain and water, water everywhere. Down at Log Cabin, Monday, passengers were ferried across the waters from one end of the car line to the other, but on Tuesday, the waters had subsided and the cars were running along same as usual.

Richard Hupson took the place of Carl Simons, a carrier for Route 2, who gave it up after less than a month of work. Mr. Simons took the place of I. H. Voorheis, who after 12 years of successful and satisfactory work, resigned. Adam F. Gray, R. R. 4, is the veteran carrier, and all can bow to him as the only survivor of a pack of five carriers, who for years, carried the mail.

Every acquaintance of Mrs. Alfred Johnston, of Pierce Street, will be shocked to hear of her sudden death, which came Saturday last. While she has had poor health for a long time, her death was not expected. While sitting apparently as well as ever, her head fell to one side and before her husband, who was in the room, could reach her side, she passed away without pain or a struggle.

All Democrats should show their preference at the Polls for a National Committeeman. Remember Lawton T. Hemans, who once came within 9,000 votes for Governor of Michigan, says: "No man in the state for the past 20 years has made as large a contribution of his time and means as has Edwin O. Wood of Flint. He always supported loyally the candidates of his party." This ought to satisfy any Democrat as to his choice for a National Committeeman.

Vacation week is on right now, and most of the teachers are off to mother home, and sandwiches. Miss Mabel Lowasbury is with friends at Ann Arbor; Miss Mary Gerch rests up at Grandville, Ohio; Miss Stella Halsey is "at home" at Monroe; while Miss Nina McWebb is visiting relatives at Cass City. Some teachers vowed they would sleep until nine a. m., all this week and guess they are, for they are not visible until after dinner, which is at 12 o'clock.

Colds Quickly Relieved.

Many people cough and cough—from the beginning of fall right through to spring. Others get a cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take. Antiseptic and healing. Get a 50c bottle of Dr. King's New Discovery today. "It's certainly a great medicine and I keep a bottle of it continually on hand," writes W. C. Jesseman, Franconia, New Hampshire. Money back if not satisfied.—Adv.

Rust-Proof Ironwork.

A simple method of making iron work proof against rust is to heat it until it is almost red hot, and then brush it over with linseed oil. This makes a varnish which unlike ordinary paint or enamel, does not chip off.
