Sloan's Liniment for Rheumatism.

The torture of rheumatism, the pains and aches that make life unbearable, are relieved by Sloan's Liniment, a clean, clear liquid that is easy to apply and more effective than mussy plasters or ointments because it penetrates quickly without rubbing. For the many pains and aches following exposure, strains, sprains and muscle soreness, Sloan's Liniment is promptly effective. Always have a bottle handy for gout, lumbago, toothache, backache, stiff neck, and all external pains. At druggists', 25c.—Adv.

THE SELLING OF THE
New Edison

We look upon the placing of a New Edison as being a different matter from simply the selling of an article of merchandise.

If we see that a person does not appreciate real music, which the New Edison's re-creation is, we do not urge one to buy.

We try to have a heart-to-heart talk with prospective buyers. People whom we see might be satisfied with a talking machine's strident reproduction of sounds, we tell frankly that they better buy one, for it is cheaper.

But when we see that a person has a sensitive ear, and will only be satisfied with the New Edison's real re-creation of music, we advise them to buy a New Edison.

We do not look upon the sale of a New Edison as simply putting one over, but adding to one's joy of living.

So do not think that if you come to us and mention "New Edison," that we are going to attempt to sell you one by hook or crook.

To show you our desire that you do not buy if you do not appreciate it, we will even put one in your home on free trial, and leave its purchase up to you—not even sending a salesman to your home, unless requested.

Does this not show you that it is not simply your money we are after?

WHAT'S YOUR LUCK?
Are you forever paying for horseshoe bills? Does there seem to be no way of stopping your smithy from giving you such unutterably inferior service that your horse seems to spend half his time beside the forge? There is a way out! Change your smithy! Go to exterior—men who have a sign in the upstairs state school of horseshoeing. Men who know how a horse must be shod to satisfy the comfort of the animal and the check book of the master.
