Have you ever noticed how some houses always have a way of looking better and more attractive than any of the others near them? Analyze this difference, and many times you will find it is due to the fact that these houses are always kept well painted, and in harmonious colors. Upon further inquiry you will also find in a majority of the cases that the paint used is

Curious Cause of Fire.

How a terrible fire that gutted an entire New York tenement house was caused by the combination of a milk bottle, a lamp and a peaceful tabby cat is one of the incidents brought out in an article on "Curious Fires," by Charles T. Hill in St. Nicholas. The cat in question was reposing in the open back window of a first-floor flat in the tenement occupied by a spinster who was called into the front room just at the moment when an irate lodger in the house in the rear, exasperated by the nocturnal concert of two undomesticated tabbies on the rear fence, shied a milk bottle at them which landed wide of its mark and crashed against the tenement window sill. The spinster's tabby, dazed with fright, gave one fearful leap, clutched at the table cover and overturned the lamp.

Here's a Tip About Hotel Guests.

In the American Magazine a writer says: "Here's a funny thing, by the way, that I've noticed about hotel guests: You leave a soiled towel in a room and the guest will probably complain. But you can leave a bucket of paint and a paper-hanger's scaffold in the hallway, and compel the guest to trawl under a stepladder to get to his room and he will put up with it cheerfully—because he knows you are painting or papering by way of making an improvement, and he is in sympathy with that. It doesn't cost much to make over a carpet so that a bare spot in front of the dresser will be eliminated, but such little details are a vast help in making a hotel prosper."

Putting It Formally.

The four-year-old had just been reproved at the table. He continued to talk cheerfully, though unanswered, to father. After some minutes of soliloquy he turned to mother and remarked: "Your husband doesn't talk very much this noon, does he, mother?" —Harper's Magazine.

AN ORDINANCE.

Regulating the deposit, collection and disposal of garbage, offal and other refuse in the Village of Birmingham; providing for the licensing of garbage collectors and their compensation; providing penalties for violations thereof and repealing of ordinances or parts of ordinances inconsistent herewith.

The Village of Birmingham ordains:

1. That it shall be unlawful for any person or persons to keep in, on or about any dwelling house or other building or premises in the Village of Birmingham any decaying vegetable or animal substance, garbage, offal or refuse matter whatsoever, or any substance that may be injurious to the public health or offensive to the inhabitants or residents of the vicinity unless the same is kept in an air-tight, deodorized receptacle as nearly air-tight as may be, which shall be covered at all times with a suitable cover and in no case shall such receptacle be made of wood but shall be antiseptic in construction and use.

2. Cans or receptacles for garbage, offal, kitchen refuse, decaying vegetable or animal matter or other refuse shall be used for the depositing of such substance only, and no glass, crockery, water, slops, tin cans or other metallic substance and excess paper shall be deposited therein, but such refuse matter may be deposited in separate receptacles and removed and deposited under the provisions of this ordinance.

3. Every householder or occupant of any dwelling-house or other building used for the housing of persons and every hotel, restaurant or place where garbage accumulates in the Village of Birmingham, shall provide a suitable receptacle or receptacles of a type and capacity to be approved by the village council, and in conformity to the regulations as enumerated in section 1 of this ordinance, in which such persons shall cause to be placed all of the garbage, offal, kitchen refuse, decaying animal or vegetable or other refuse accumulated in or upon said premises excepting such refuse as is prohibited from being so deposited as designated in the exception clause in section 2 hereof; such persons shall also cause the contents of such garbage receptacles to be taken from the premises at least twice each week and destroyed or deposited in such manner as shall be provided or determined by the village council of the Village of Birmingham; provided, however, that such garbage or refuse may be burned or incinerated upon the premises by and under the direction of the Village Council or the health-officer of said village.

4. All garbage receptacles used for the depositing and containing of garbage and other refuse enumerated in the preceding section shall be thoroughly cleaned and sterilized by the owners as often as emptied.

5. It shall be unlawful for any person to carry, cart or convey along or convey along or through any of the public streets, ways or places in the Village of Birmingham any such garbage or refuse as referred or enumerated in section 3 hereof, unless the same is so carried, carted or conveyed in some water-tight receptacle, the same to be as nearly air-tight as practical and anti-septic as required by section 4 of this ordinance. Any such receptacle so used shall not be made of wood and shall be of such type, style and construction as shall be approved by the village council or furnished by the village of Birmingham.

6. As soon as convenient after the adoption of this ordinance and on the second Monday in April of each year thereafter, the Village Clerk shall advertise for and receive propositions from responsible persons to collect, carry away and dispose of as required by the rules and regulations of Village Council, regulating the disposal of garbage the garbage and other refuse enumerated in sections 2 and 3 of this ordinance for a period of one year from and after the first day of May, excepting that the first period after the adoption of this ordinance for which such propositions shall be received, shall be for the period between date of this ordinance going into effect and the first day of May, 1918.

7. Said propositions or bids for the removal and disposal of garbage shall be based upon the price per cap per week. Separate propositions to be made for hotels, restaurants and dwelling houses and upon specifications to be prepared by the village council.

8. If the proposal of the lowest responsible bidder in the opinion of the council is reasonable, said council may then authorize the Village Clerk to issue a license to such person or persons making such proposition on entering into a contract with the village and furnishing a satisfactory bond as hereinafter prescribed, granting the privilege to collect such garbage and kitchen refuse and at the price named in such offer or proposal, the same to be collected from the persons furnishing such garbage cans for receptacles (the householder or occupant of the premises so served) by the licensee, the said sums to be in full compensation and payment for the services so rendered and contemplated by the provisions of this ordinance. In doing such work, said licensees shall remove all the garbage offered for removal in any and all parts of the village or in such portion of the village as shall be described in said licenses, contract twice in each week in each year and shall also comply with all the provisions of the ordinances of the village. All garbage removed by such licensees shall be disposed of in such manner as required by their contracts and under the direction and control of the Village Council. All persons licensed under this ordinance shall be required to give a bond to the village in the sum of Five Hundred Dollars with such surety or sureties as shall be approved by the village council, said bond conditioned to secure the faithful performance of the conditions of the license and contract, provided that in case any person fails or neglects to pay on demand for such services so rendered by any licensee under this ordinance, such licensee shall not be required to remove such garbage, and such person so delinquent until the full payment is made for services rendered and unpaid for.

9. All persons licensed under this ordinance shall pay to the Village the sum of $5.00 annually for every such license issued.

10. The term garbage as used under this ordinance shall be construed to mean and to include all substances and refuse enumerated in sections 2 and 3 hereof.

10. No person shall engage in collecting, removing or disposing of garbage in the Village of Birmingham without first procuring a license therefor, provided that garbage may be removed and disposed of by the householder or the occupant of the premises from which the same is taken, but then only in such manner as is required by section 5 hereof and in compliance with the rules and regulations of the village council with reference thereto.

11. The collection and disposition of garbage in the Village of Birmingham by any person or licensee thereunder shall be at all times subject to the inspection of the village council and the health officer of the Village of Birmingham and in accordance with such rules and regulations as shall from time to time be adopted by said council with reference to such matters, on the failure of any licensee to observe the conditions of this ordinance and the regulations prescribed by the village council, such license so issued may be revoked by the said council of the Village of Birmingham.

12. Any person violating any of the provisions of this ordinance shall, on conviction, be punished by a fine not exceeding twenty-five dollars, together with costs of prosecution or by imprisonment in the county jail of the county of Oakland for a period not exceeding thirty days, or by both such fine and imprisonment in the discretion of the Court, and on failure or default of any persons convicted under this ordinance to pay any fine imposed and the costs of prosecution, such offender may be imprisoned in such jail until such fine is paid but not exceeding thirty (30) days.

13. All ordinances and parts of ordinances conflicting with the provisions of this ordinance are hereby repealed.

14. The Village Council shall have authority to require restaurants, hotels, fish markets and all other places where garbage accumulates in quantities to require the owners or conductors of such business to furnish a sufficient number of receptacles to care for such accumulations and may require that such receptacles shall be removed as often as necessary. Failure to obey any order or regulation of the village council in connection with this ordinance shall be considered as a violation of this ordinance.

15. This ordinance shall take effect twenty days after its passage.

Made and passed by the village council of the Village of Birmingham this 21st day of May, A. D. 1917.

THOS. E. HARRIS,
Village Clerk.

Mortgage Sale.

Default having been made for more than thirty days in the payment of interest and taxes due on a certain mortgage made and executed by Fannie M. Risley, (now deceased) of the City of Pontiac, Michigan, as mortgagor, to Nettie M. Smith, of Pontiac, Michigan, as mortgagee, which said mortgage was so made and executed on the eighth day of July, 1914, and recorded in Liber 310 of Mortgages, on page 110, in the office of the Register of Deeds Oakland County, Michigan. And Whereas, it is provided in said mortgage that should default be made in the payment of the principal of said mortgage, or in the payment of the interest thereon, or of the taxes on the lands described therein, when the same shall be due and payable, and should the same or any part thereof, remain unpaid for the period of thirty days, then the principal sum of said mortgage, with all arrearages of interest, taxes and insurance premiums should at the option of the mortgagee become immediately payable thereafter; and default having been made in the payment of the interest on said mortgage and in the payment of the taxes on the lands described therein, and such default having continued for a period of more than thirty days, and the said mortgagee has determined to exercise the right and option under the terms of said mortgage, whereby the whole of the principal sum of said mortgage is now due and payable together with all arrearages of interest and taxes. And Whereas, the whole amount now claimed to be due and unpaid on said mortgage of principal, interest and taxes, at the date hereof, is the sum of One Thousand Three Hundred Seventy and Eighty Three One Hundredths ($1370.83) Dollars, and an Attorney fee of Thirty Five ($35) Dollars, as provided by law and in said mortgage, and no suit at law or in equity, or other proceeding having been instituted to recover the same, or any part thereof, now therefore, notice is hereby given, that on Tuesday, the 5th day of June, 1917, at one o'clock in the afternoon of said day, the lands described in said mortgage will be sold at public auction to the highest bidder, at the eastern entrance of the Court House, in the City of Pontiac, Oakland County, Michigan, to satisfy the amount due on said mortgage and costs and expenses of foreclosure. The said lands and premises to be sold are described in said mortgage as follows: Lands situated in the City of Pontiac, Oakland County, Michigan, described as the west half (½) of Lot Four (4) Graham's Addition to the City of Pontiac, being on the east side of Stevens Street in said City of Pontiac.
