morning the teacher, Miss
ee, called the roll, as bond be-

a clack mark in the register Edna's name, and proceeded list. 1001 exercises went on without ion until after recess, when

al the id Johnson house, 'doserved Mrs. Houtoon lightly. 'But the sakes. Houtoon lightly.' But the Mrs. Houtoon is such a perfect fit that I do not have a waiting for her mother. 'Side was in the yard his morting what a name that the sakes in the yard his morting what a name that the sakes in the yard his morting what a name that the sakes in the yard his morting what a name that the sakes in the yard his morting what a name that the sakes in the yard his morting what a name and had not other to war to be chood.' Could alse not have come without an apron, for once, rather than have an absent mank?' asked the teacher primple, the scholars would have a naw of the sakes in the proposition of the sakes in the proposition of the scholars would have a nawwerleast the sakes in the proposition of the scholars would have a nawwerleast thinks of callion and it was patched all over Just tid die out above under the appron. She said they were dreaffelly poor.

De La Mattr. I can cut it by Bespie's clask-pattern and vary a ditte to make it smaller. 'And I will send a pair of my blue-and-white-striped stockings, to match her hat and dress,' whispered Bessie, who was a type of her moder—in her-vier. That afternoon, at recess, I'm Parsons and Henry Belortha has long and confidential task behind a

the Winds before.

I think I have no prints of that the Winds before.

I think I have no prints of that color in jat now, said the mershant, blandly.

We will take that yellow one, decided Tim, pointing to allow one, decided Tim, when the compared to the pointing to the color of the

of brown cotton ones, large enough for a descendant of Anak.

"How many pards did you say?" retreated Mr. Pinney, who had had the piece in shock for years and was glad of a change to seel it. I used the but, seeing it is you. I will let you have it for eight!

I should think twelve yards would be enough to make a dress for Edna Brown. Shouldn't you, Henry's whisperd Tim.

Better can it twelve and a half, returned Harry after making a matcher of the property of the property

seried Tish.

"Metter call it twelve and a half, returned Henry, after making a mathematical elacutation; or, stay a minute, get thirfeen and make him throw in the whole for a dollar, interest the word of the w
