BIRMINGHAM ECCENTRIC.

LOCALS

Speaking of

There are, it is said, various and sundry vocations, avocations and hobbies but we believe that a new case of this malevolent disease has been found in Birmingham. It happened the other day when, while picking a jury in Justice Lockrow's court, the attorney for the defense in a case being tried there, asked our fellow-citizen "Billy" Brown, of Bates street, "what do you do for a living, Mr. Brown?"

Scratching his head for a moment but never-the-less able to the occasion Mr. Brown replied, "well, I sleep and eat and—and I walk around." The attorney decided that he would do.

H. Brown Cannon, formerly a resident of Birmingham and now of Denver, Colo., was in town this week with his family, paying visits to various friends and relatives here. Mr. Cannon like all good people came into the Eccentric office to pay his next year's subscription—we felt flattered mannish as Mr. Cannon frankly acknowledged that he made the trip "just to see how the new Linotype works." Mr. Cannon, by the way, has taken the Eccentric for 33 years, and said he hoped to continue that many more.

Mr. Elmer L. Smith who has many friends in Birmingham where for several years he was connected with the White & Standart Company has resumed his former occupation in the shoe manufacturing industry and left last week for Philadelphia where he has arranged with one of the oldest and best known manufacturers in the east to represent them in New York and the New England states. Mr. Smith's ability as a salesman is of the highest order and his success in his field is assured.

Deep, dark and dank mystery enshrouded the movements of a gang of workers in front of Charlie Shain's store Monday morning. A crowd gathered—but Charlie would vouchsafe no information until H. George Field, who is doing the job, allowed that a new show-window was to be put in. "Jim" Cobb, Charlie's compatriot, is also making similar improvements to his place of business on Woodward avenue.

Thousands of bushels of apples are rotting on the ground in the vicinity and if a farmer makes cider and sells it to the passing automobilist from the city, by the glass, gallon or barrel, without a government license, he is liable for fine or imprisonment. Wouldn't that jar your preserves?

Mr. Harry Pierson of Detroit who will be pleasantly remembered by many of our people here where he lived for many years is recovering from a severe attack of heart trouble which for a time threatened his life.

Woodbridge N. Ferris Democratic candidate for Governor of Michigan will address the public at Johnson-Shaw hall, Wednesday, October 27, at 10:30 A. M. Ladies especially invited to be present.

Houghton County suffered a decrease of 10,168 in population in the past ten years, but discovered a new white raspberry the other day, growing wild in the woods. There are always compensations.

What has become of all the hitching posts and carriage stepping blocks that used to adorn (?) the curbs of our fine residence streets?

The long-looked-for supply of asphaltum, necessary to the completion of the surface of West Maple avenue, Pierce and Brown streets, is expected to arrive in Birmingham some time next week.

According to Manager Lowman the work of putting on the asphaltum will begin as soon as it comes as the equipment for laying it is already installed.

About three weeks will be required in which to complete the work. Manager Lowman stated that, since the three thorofares could be finished in a week each, traffic would not necessarily be hindered for more than at that time on any one of the streets.

OBITUARY

MRS. M. G. MILLMAN

Funeral services were held Saturday afternoon for Mrs. M. G. Millman, wife of Dr. M. G. Millman, at her home on Pleasant avenue. Mrs. Millman died suddenly Wednesday evening, October 6, of a stroke of apoplexy. Three hours elapsed from the time of the attack until death came. Dr. and Mrs. Millman came to Birmingham 14 years ago from South Lyons where Dr. Millman now has an extensive practice. Besides a husband, the deceased leaves one son, Courser Millman, of Pleasant avenue. Burial took place Saturday afternoon in Roselawn Park Cemetery.

JOHN FELLOWS

John Fellows, of Franklin, died at his late home Sunday evening of apoplexy. He had been ill for but a few weeks. The deceased, who was 88 years old, had resided in Franklin for the past few years. He is survived by a widow, Mrs. Susie Fellows. Burial took place in the Franklin Cemetery following funeral services at the late residence.

MRS. KATHERINE THORNTON

After an illness extending over a period of nearly a year, Mrs. Katherine Thorton, of Sandusky, Michigan, died at the home of her son, William Thornton, of South Woodward avenue, Thursday, October 14. Mrs. Thornton had been with her son for over a month and had been rapidly failing in health. She was 52 years of age and had made her home in or around Sandusky all of her life and was a well known resident there. Besides her husband, Charles Thornton, she leaves seven children. They are: William, Henry and Lillian of Birmingham, Mrs. Henry Rundy of Detroit, Mrs. Edward Hazel, of Croswell and two younger daughters, Pearl and Charlotte, who reside at home. She also has five sisters and three brothers who are living. Funeral services were held from the home Saturday morning at 10 o'clock with burial in Greenwood cemetery.

LITERARY CLUB HOLDS UNUSUAL MEETING

Possibly one of the most stimulating meetings ever held by the local Women's Literary Club took place Tuesday afternoon at the home of Mrs. Inglehow. The subject was entirely political and the field of State and Federal issues and nominees was covered as comprehensively as time permitted.

The talk given by Mrs. Kennedy on the National issues and candidates was easily one of the most scholarly efforts which the Club has ever listened. Mrs. Kennedy was assigned a theme almost boundless in scope, yet from the bewildering mass of available material she had segregated and correlated her information in a splendidly concise and analytical fashion. Her ease of manner and purity of diction together with the impartial treatment she gave her subject made her speech a memorable one. Everyone of the sixty women present was more impressed than she had been for many a day.

Miss Utter, in whose charge was the program of the afternoon, spoke in her usual charming and responsible manner. As chairman of the afternoon she had made a great effort to have some individual outside celebrity present. Three came, Mrs. Geo. Tourney, of the National Democratic Comittee of Chicago; Mrs. Keyes, Chairman of the Women's Democratic League of Michigan and Miss Catherine Durand, the first woman for Secretary of State. All talked in a most spirited manner for Woman and the Ballot.

The program for the next meeting is that listed for November 2, as the Educational Committee has something big in store which cannot be produced on the date originally planned.

The Club will be entertained by Mrs. John H. Marlotte, 539 Pierce street.

MAKES STRONG FIGHT.

Meeting a team far superior in weight and experience the B. H. S. team made a remarkable fight against the veteran Monroe outfit, last Saturday afternoon on the Barnum field.

After a recovery from an apparent attack of stage fright in the first half, Birmingham came back strong in the second half and played them a heavy opponent to a standstill. Monroe being unable to count in the second half. However, the final score resulted in 27-0 and the large number of rooters who appeared on the grounds for Monroe started homeward cheering wildly over their victory.

The schedule which has been planned for the ensuing season gives promise of offering some real struggles.

The B. H. S. line-up is as follows: le-Hunt, lh-Peck, lg-Weir, c-Bray, rg-Kreger-Luscombe, rh-McKinley, rg-Ward-Clark, bf-Brooks, (captain), Hartwell, Ross, Peabody, Porter, Smith.

FLY PAPER THAT STICKS

Dr. A. W. Newitt, former health officer, can vouch for the quality of a certain well-known fly paper. It all happened Wednesday afternoon when the doctor, while at the Village Clerk's office, unwittingly sat down on a flat-top desk—but, between his trousers and the desk there lay a sheet of fly paper. It took the combined efforts of the doctor and Lieut. Green to dislodge the inclination of the paper to "stick."

Charley Thornton and his two daughters, Pearl and Charlotte of Sandusky, Michigan, returned to their home Tuesday morning of this week after spending a week at the home of Mr. and Mrs. William Thornton, of South Woodward ave.

12-INCH WELL PROVES SUCCESS

Capable of Developing Over 300,000 Gallons Per Day, Is Claim.

The new, 12-inch well sunk at the present water works to relieve Birmingham's shortage in water supply is a decided success in the opinion of members of the Commission who conducted a test there last Sunday night.

In accordance with official notice the entire Village water supply was shut off last Sunday night to await the effect on well levels under inspection at that time.

We closed down the pumps at 8:30 o'clock Sunday evening, explained President W. D. Clizbe to a number of local citizens at the Commission meeting last Monday night. Members of the Commission and others interested, including Richard B. Hewitt, our local citizen who is an authority on these matters, made a thorough investigation of all the wells in the vicinity of the water works directly following this shutdown. A typical example of the effect the closed down of the pumps had on most of the wells can be easily explained by taking one in particular. A well known as number 5 had, before stopping the pumps, water in it at a depth of 12 feet and 6 inches from the surface of the earth. Possibly several minutes then elasped before we closed down our soundings and this showed that the water had risen 4 feet and 6 inches. We found the rest of the wells similarly effected. From then on to 12:30 o'clock Monday morning, the time we again started the pumps, the water only rose an additional few inches."

It was President Clizbe's contention that there is plenty of water in the immediate vicinity of the present pumping station to supply Birmingham with all the water needed, the only difficulty arising from the fact that not enough large wells are open to the underground source to enable the pumps to get what they are capable of handling.

President Clizbe stated that, in all probability, the water levels in the wells would have risen to a great deal higher Sunday night if Birmingham had not had such a long dry spell of late. Mr. Hewitt also substantiated the supposition that Birmingham had sufficient underground water supply, said President Clizbe.

O. A. Hunt, well-driller who sunk the 12-inch well, began pumping out the sand Wednesday morning, preliminary to making the final connections to the pumps in the water works station. Manager Lowman declared Thursday afternoon that the new well was giving 90 gallons per minute with less than an 8 inch pump connection. He also stated that the well should, under present showing, add at least 300,000 gallons to Birmingham's water supply when finished.

Due to shortage of building materials, it is indefinite as to when the final connections will be made between the new well and the water works station, Mr. Lowman said.

CAPTAIN MOONEY ARRESTS "CAVE-GANG" YOUTH

Weeks of Sleuthing on the part of Captain of Police Nicholas Mooney resulted in the arrest of Ray Hallowell, 16-year-old Highland Park youth who, according to police, is the alleged "ring leader" of a gang of youths that have preyed upon Detroit and Birmingham residents in the role of petty-thieves.

Hallowell, according to Captain Mooney, was recently employed as a caddie at the Bloomfield Hills Country Club. His sleeping quarters were located in an undertaker's hearse at the club grounds. The theft of various items from members of the club bought Captain Mooney there last Friday where, after running down several clues, the officer placed Hallowell under arrest, charged with simple larceny.

Captain Mooney has congratulations from the police at Highland Park on his splendid work on this case as stating Hallowell, it is claimed, imparted valuable information as to the identity of the other members of the "gang." Hallowell was turned over to Highland Park police for prosecution, according to Captain Mooney's statement.
