FORTY-FOURTH YEAR—NO. 24. BIRMINGHAM, OAKLAND COUNTY, MICHIGAN, FRIDAY, OCTOBER 7, 1921. $1.50 PER YEAR—SINGLE COPIES 5c

Citizen's Water Commission Committees Vote Unanimous On Layne & Bowler System

Meeting Held Monday Night; Decide To Place Before People 'No Water—No Pay' Guarantee To Get From 1,500,000 to 2,000,000 Gallons of Water Daily for Birmingham

By an unanimous vote, members of the Executive and Engineering Committees of the Citizens' Water Commission of Birmingham, in conference with members of the local Real Estate Board and the Birmingham Civic Association, as well as several local businessmen, the plan of "no water—no pay", as guaranteed by the Layne & Bowler Company to furnish Birmingham with from 1,500,000 to 2,000,000 gallons of water per day, was accepted. The meeting was held Monday night and is the forerunner of a public meeting of all local citizens to be held some time this month in the Baldwin High school, when the entire plan will be submitted to a vote of those present, according to an announcement made Thursday by Major Richard B. Hewitt, chairman of the Water Commission.

Thirteen at Meeting

Thirteen men were present at the meeting Monday night. They were Richard B. Hewitt, chairman; Fred Reineke, secretary; L. P. Smith, treasurer; James W. Cobb, Thomas Farmer, Karl M. Wise, H. George Field, George L. Scott, Charles C. Shain, William G. Olsen, P. W. Parmenter, F. F. Van Tuyl, supervising engineer, and Mr. Layne, of the Layne & Bowler Company.

All Plans Considered

Before asking those present to vote on any one of the various plans for a permanent water solution, Chairman Hewitt asked that careful consideration be given to each. He stated that it was the endeavor of the Citizens' Water Commission Committee to obtain for Birmingham a system of water works that would solve for many years to come the annual water shortage. The proposition to obtain water from Walnut Lake was abandoned because of the great expense and the uncertainty of the quality and quantity of water accessible. The use of an elevated storage tank was suggested but not incorporated into the plans, inasmuch as this kind of tank could be erected at any future time without interfering with any of the contemplated improvements. Major Hewitt therefore asked that a vote be taken on the best plan presented.

Original Plan Carries

The original plan to sink three or more wells, in different parts of Birmingham; to install the Layne & Bowler system of gravel well; the installation of three or more electrically driven centrifugal pumps, each capable of pumping 500,000 gallons of water per day; and the connecting of these pumps to the water main nearest their vicinity to feed directly into the various districts in town where they may be installed. This plan, it is claimed, will add from 1,500,000 to 2,000,000 gallons of water per day to our present supply. Instead of costing us twelve cents per thousand gallons of water to pump, as is now done, the new system will deliver water into the mains at a cost of about four cents, effecting an annual saving to the taxpayers of $12,000,00 per year—more than enough to pay the interest and principal on the bonds required to carry the project thru to completion, is the statement of the Engineering Committee.

Test Wells Preparing

The first test well drilled by the Citizens' Water Commission along the River Rouge, across from the D. U. R. car barns on North Woodward avenue, located a 28 foot water-bearing strata, is was stated. The second and third test wells now under way, one near the bridge just north of Willetts street, and the other near the old mill property at the foot of West Maple avenue, promise good water sources, according to Major Hewitt. It is thot that these two wells will be completed within the next few days.

Another Public Meeting

As soon as these three test wells are completed it is the intention of the Citizens' Water Commission to call a meeting of the public, to which every local citizen is invited, at the Baldwin High school. This is expected to take place some time this month. At this meeting the findings and recommendations of the Citizens' Water Commission will be placed before the people, and a vote taken relative to the proper methods of carrying it into effect.

LAST TEST WELL PROVIDES AMPLE WATER SUPPLY

Hydraulic Engineers Suspend Sinking of Wells and Will Guarantee Two Million Gallons Daily

The test well which has been sunk on the McKinney property opposite the waterworks, this week reached a depth of approximately 160 feet, and passed through a 32-foot water-bearing gravel bed providing water supply of 500 gallons a minute, which the sinking of the shaft was ordered suspended.

The work of the hydraulic engineers who are making the tests, is finished with this last well. They are prepared to guarantee to the village not less than a million gallons of water daily, from two wells, and with the last well producing 500 gallons per minute, the water difficulties of the village ought to be permanently ended for many years, with proper and ample equipment provided to handle the supply.

The Citizens' Water Commission will be engaged for the next week, in preparing estimates and figures upon which the request will be made for a vote upon a bond issue of sufficient size to provide ample pumping and storage space. The Village Commission will probably be asked within the next ten days, to arrange for the special bond election.

People who have been helped by Tanlac are always anxious and willing to tell others about it. Charles Shain, druggist. adv

NARY A CRASH WHEN SCHOOL BOARD AND COMMISSION MEET

All Members of School Board Present at Monday's Commission Meeting; Invited to "Come Again"

The clock had just struck eight; the Village Clerk had called the meeting to order; business was about to begin—when the door opened and in stepped the five members of the local Board of Education. It was an occasion! An event! Something unprecedented in the ordinary routine of Village life. What could it mean—this meeting of the two most august and powerful elective bodies in community life?

Then everyone remembered that the war was over; school had started many weeks ago; the Yanks had defeated Cleveland in the American League and both the Village Commission and the Citizens' Water Commission were about to settle the local water question. Everything was quiet on the Potomac—as J. H. Clement, R. J. Taylor, J. H. McBride, Leigh Lynch and E. J. Coryell, all members of the School Board, arranged themselves comfortably in chairs in the Village Clerk's office.

Then smooth Village President Clizbe: "what can we do for you, gentlemen?" And Mr. Clement, president of the Board of Education, stated his case. It was merely concerning the assessment which the School District was to be taxed for the laying of the new sewer on Worth street, to accomodate the Adams junior high school now under construction. The matter was quickly and satisfactorily adjusted between the two bodies, and President Clizbe later remarked that this spirit of helpfulness and cooperation between both the Boards augured well for our fair Village.

But President Clizbe, so elated over receiving the entire Board of Education at one time, has informed the Editor of the Eccentric (and invited him to the party also) that the Village Commission plans to return the social call made Monday night by visiting the School Board at one of their meetings. Mr. Clizbe also declared that the Village Commission would provide the necessary cigars for the function. Members of the School Board are thus warned against the continued use of tobacco and the ill effects derived therefrom.

But the Editor may send his Stenographer to this contemplated meeting in his stead, thus turning the affair into an ice cream social—since Miss Mary Walker would then "cover" the meeting. For further information concerning this "smoker" watch our future news columns.

MRS. D. H. CURRY STILL SUFFERING FROM INJURIES

She and Rev. Curry Celebrate Their 19th Wedding Anniversary At Home

Mrs. D. H. Curry, it was stated this week by her physician, will be unable to leave her bed for several weeks longer as the injuries received about two weeks ago when she was struck by a machine as she was alighting from a southbound D. U. R. car, are more serious than were thought at first.

Mrs. Curry was going to the home of a friend on the 12-mile road and as she stepped from the car onto the pavement, was struck by a passing machine and knocked to the ground. She was later picked up by A. Stevens of the 12-mile road, who took her to her destination. Medical aid was summoned and Mrs. Curry was taken to her home in Birmingham later.

In spite of the fact that she could not get up from her couch Mrs. Curry enjoyed the evening last week when she and Rev. Curry were surprised at their home by the members of the Troy, Council Corners and Birmingham United Presbyterian churches, honoring their 19th wedding anniversary. There were about 50 persons present and the program for the evening consisted mostly of musical numbers. Refreshments were served about 10 o'clock.

THE WOMAN'S LITERARY CLUB

The first meeting of the Women's Literary Club for 1921-1922 was held October 4. There were about 45 persons present and the members enjoyed meeting the president of the Detroit City Federation, Mrs. Pearl Novak. Mrs. Earl Potter graciously sang two solos and was warmly applauded. Later in the afternoon refreshments were served. The first regular program will be held at the home of Mrs. Frank Bell, 516 Willetts street. "Art in France" is topic to be studied that day. The leaders for the afternoon will be Mrs. Edna Rosso and Miss Curtiss.

FIVE PERSONS INJURED IN AUTO ACCIDENTS SUNDAY

Slippery Pavements Cause; Two Local Women Taken to Hospitals From Crash at Southfield and West Maple Avenues

Five persons were victims of automobile accidents in and near Birmingham Sunday. Two of them were taken to hospitals for treatment, and three were slightly injured.

Mrs. John Miller, of West Maple avenue, and Mrs. K. Thompson, of Lane Pine road, were seriously injured when the car which Mrs. Thompson was driving west on West Maple avenue collided with an automobile driven by Truman Fisher, of Pontiac, at the intersection of Southfield and West Maple avenues, shortly after four o'clock Sunday afternoon. Edgar, 17 year-old son of Mrs. Miller, who was in the same car, was not injured.

Both Mrs. Miller and Mrs. Thompson were taken into the home of the Rev. W. W. McKnight, whose home is just across from where the accident occurred, where Doctor W. D. Hilty, who was summoned, rendered first aid. Mrs. Thompson was later taken to the Pontiac hospital where it was discovered she had sustained a fractured rib and a broken nose. Mrs. Miller, who was taken to her home Sunday, was removed to Harper hospital Monday where it was found she had received a possible fracture of the knee, and a badly sprained wrist. It was stated that she may be confined there for from two to four weeks.

Fisher, who had in his car several passengers, was badly shaken up and slightly cut by flying glass. Both machines were badly wrecked from the collision. Fisher accompanied witnesses, was driving north on Southfield avenue, and unable to see traffic coming west on Maple avenue from Woodward avenue, thus crashing into the other car, being unable to suddenly stop due to the slippery condition of the pavement. This is the first accident at this intersection, it is hoped that the Village Commission will take some steps to regulate traffic at this intersection.

Just before five p.m. a car in which Mr. and Mrs. A. A. Guesbeck, of Midland, Mich., were riding, collided with a car driven by F. G. Swartz, Highland Park, on Woodward avenue and the Fifteen Mile road. Mrs. Guesbeck and her mother were slightly injured. Both cars were badly smashed.

Y. M. C. A. OLDER BOYS MEET IN PONTIAC OCTOBER 20 & 21

Woodbridge N. Ferris, of Big Rapids, who has spent a lifetime dealing with boys and girls, will be the principal speaker on the program of the Older Boys Conference to be held in Pontiac October 20 and 21.

The Retail Merchants Bureau of the Pontiac Board of Commerce will furnish a complimentary banquet to the two hundred Boy Delegates who are expected from the towns of the County.

The Hi-Y Club of the Pontiac High school extended the invitation to the Conference to come to Pontiac, and with the large group of business and professional men of the city, will constitute the entertaining committee.

The Conference starts Thursday evening, at six o'clock with a banquet furnished by the Pontiac Merchants, and will run thru all day Friday, closing with a special evening meeting in the Central Methodist Church, Friday night. Registrations may be made thru any School Superintendent or Pastor.

TAFT HERE OCTOBER 17

Lorado Taft, noted sculptor, who will lecture on the Lyceum course at the Baldwin auditorium on the evening of Monday, October 17, has received congratulations from everyside in connection with the erection of his work, the "Fountain of Time", on the Midway, Cottage Grove ave, Chicago. It is not many months less than a decade ago since Mr. Taft first began his work.

The "Fountain of Time" has been executed on a colossal scale in plaster. Whether it will be cast in bronze or executed in marble as a permanent work will be decided soon. The "Fountain of Time" is being hailed everywhere as a sculptural achievement.

Coming Events

The annual bazaar of the Pythian Sisters will be given in Castle Hall December 10, 1921. The event of last year was extremely successful, but, owing to the enlarged membership this year and the various committees, the affair this fall promises to be successful beyond anticipation. A number of surprise features and stants are of the program which includes numbers that will interest everyone.

The Choral Club will meet at the Baldwin High school next Monday evening, Oct. 10. This is to be the first meeting of the year and everyone interested in forming an organization this winter is cordially invited to be present. Several selections will be taken into consideration within the next two weeks and one will be decided upon for presentation soon. This is the third year for the society and each season see it more fully organized and of greater value to Birmingham.

Spoke No. 3 of the Ladies' Church Society of the First Presbyterian church will hold a baked sale at Bell & Moore's meat market Saturday afternoon, Oct. 15.

The Ladies' Aid Society of the Methodist church, will meet this afternoon (Friday) at the home of Mrs. Hager, south of Birmingham.

The Parent-Teachers' association will hold the first meeting of the year in the Baldwin High school next Tuesday evening, Oct. 11. There will be a report given of the State Convention held at Grand Rapids. George F. Derkaw, superintendent of the Fresh-Air Schools in Detroit, will be the principal speaker of the evening.

The Child Conservation League will meet at the home of Mrs. R. B. Hewitt, Oakland avenue, next Thursday evening.

300,000 GALLON STORAGE TANK COMPLETED SATURDAY

Two Erecting Work Finished and Tank Filled; Making Pipe Connections To Pump; To Be In Operation Next Week

The 300,000 gallon storage tank erected at the waterworks station, which cost approximately $10,000, was completed last Saturday and, according to the Village Commission, will be in full operation early next week. The completion of this tank carries out the promise of the present Village Commission to provide Birmingham with an increased temporary water supply.

Tank Already Filled

According to the figures furnished by Chief Engineer Purvis of the waterworks station, the tank was completely filled with water after ten hours pumping, part of which occurred on Saturday and Sunday nights. The work of connecting a suction line from the tank to the pumps is now being carried on. This will be completed by Saturday, it is said, after which the new tank will be ready to put into service as an additional water supply to the wells.

Will Conduct Tests

Tests of various kinds will be carried on to determine what effect the new tank will have on Birmingham's water supply, according to President Clizbe. He added that no definite figures could be arrived at until these tests had been made. Following the tests the figures will be made known to the public.

Consider More Pumps

A special meeting of the Village Commission will be held this week to consider further steps toward the permanent solution of Birmingham's water situation. Bids on three pumps have already been received and it is expected that the Commission will consider the placing of deep well pumps in the three wells recently drilled at the waterworks station, from which we now get our water. These pumps will be arranged to pump directly into the mains if necessary, however. It is the intention of President Clizbe that, with the completion and use of the new tank, Birmingham now has more water in proportion to her population than at any time within the past 30 years.

ARBOR HOTEL OPENED AGAIN, IS UNDER NEW MANAGEMENT

Mary Bosworth, New Owner, Promises Modern Service to Local and Transient Guests

Under the capable management of Miss Mary Bosworth, former pastry cook at the Bloomfield Hills Country Club, the Arbor Tea Room will be reopened formally tomorrow evening (Saturday). Dinner will be served at 6 o'clock with music throughout the evening and dancing in the ball room later.

Miss Bosworth is opening the Tea Room on an exceptionally large scale. The old Harris residence is being entirely redecorated. All rooms are being repapered and the woodwork throughout the building is being refinished throughout. Miss Bosworth is refurnishing the dining rooms, the ball room and several of the sleeping rooms. A few of the rooms will be ready this week, prior to the opening to transient parties and a few local persons were served room and evening meals.

Miss Bosworth will use Miss Bosworth to serve noon luncheons to business men at a large table in the front dining room. There are to be small tables in the same room for students and others wishing special service. The evening dinners will be served in both dining rooms and music will be furnished for the ball room. All meals over week-ends will be planned and given special attention to week-end visitors. Parties and luncheons can be given, Miss Bosworth stated this week, by making arrangements ahead of time. It will also be possible for small dinning parties to be given in the ball room.

ATTENTION, MASONS!

All members of the Masonic fraternity who live in or near Birmingham are asked to send in their names and addresses, together with their present number, to H. B. Harper, secretary of Birmingham Lodge, No. 44, F. & A. M. The local lodge plans to hold a "social night" here on the evening of Nov. 11, and it is desired that every Mason in this vicinity attend. There will be a rattling good supper, third degree 'n everything. Send in your name now—at once.

THANKS, MRS. BLAKESLEE

There is one thing that impresses worthy the owner of the Eccentric and that is the receipt of a dollar and a half for a renewal or new subscription to his paper. The other day we received Mrs. Martha L. Blakeslee's renewal, and it made us feel that Club people certainly appreciate our efforts to give them a good local newspaper. Mrs. Blakeslee, by the way, has taken the Eccentric ever since it appeared, forty-four years ago.

BIRTHS

Born to Mr. and Mrs. Eric Kurth of Greenwood avenue, a daughter, Anita Helen.

GIRLS URGED TO ATTEND MEETING IN BALDWIN HIGH

University Women of Birmingham Arrange Meeting; Prof. Cleo Murtland To Speak

The University Women of Birmingham are arranging for the first open meeting of the season which is to be held the evening of October 11 in the Senior Session room of the Baldwin High school. The meeting will open at 8 P. M.

The organization is to have as its guest that evening Professor Cleo Murtland, assistant professor of the Department of Education of the Arbor, Mich., An invitation has been extended to the girls of the Senior and Junior high school to be present at the gathering in the company of their mothers. It is hoped that the information Prof. Murtland will be able to give will be of practical assistance to the girls of these classes in helping them to select courses of study after they have graduated from high school. Prof. Murtland will attempt to show the students and their mothers the value of opportunities for work in every walk of life.

Following the program a reception will be given in the Senior Session room honoring Prof. Murtland. This affair is being arranged as to detail by Mrs. Ethel Waterman.

OBITUARY

Miss Anna Cutcheon

Following an illness of several years, Miss Anna Cutcheon, 203 Oak street, died at her home, September 29. Death was caused from hardening of the arteries. She had been failing for about three years but, shortly before her death, was confined to her bed and was under the constant care of a physician.

Miss Cutcheon came to Birmingham six years ago from Detroit, where she was a well known resident. She was associated with the Pope and Stoll private school for some years there and later retired and made her home on the outskirts of the city. Miss Cutcheon was 81 years old at the time of her death. She is survived by one brother, whose home is in Detroit.

Funeral services were held from the home in Detroit Tuesday, Rev. Charles McCurdy officiating. Burial was in Greenwood cemetery, Birmingham.

A courtesy appreciated by your guests is to have their visits mentioned in our "Personal and Social" column. And whenever you go away your friends will be interested to learn of the fact in the same way. Send us such items by mail or call us—Phone 11.

MR. AND MRS. JOHN FINN ENTERTAIN IN SOCIAL AFFAIRS

Among the more brilliant social affairs of the past week have been several given for the pleasure of and honoring Mr. and Mrs. Harold Finn, Mr. and Mrs. James Cary and daughter, Margaret, of Lansing, and Mrs. James Drumm and her son and daughter, James and Jane, of New York City, all of whom were guests this week at the home of Mr. and Mrs. John Finn of Woodward avenue and the 15-Mile road.

Last Sunday a most delightful all day reception was held at the Finn residence at which there were 24 persons in attendance. Fall flowers in brilliant shades combined with autumn hues of softer hues assisted in making the rooms where the guests were entertained strikingly attractive. In the dining room, where an elaborate family dinner was served at noon, the table was decorated with low bowls of smaller fall flowers and the handsome appointments further enhanced the attractiveness of the scene. Music furnished entertainment during the afternoon.

Included in the affairs which have been given for the guests of Mr. and Mrs. Finn are a dinner which was given at the home of Mr. and Mrs. Clyde Smith of Park street, last Saturday, when they entertained 15 guests, including Mr. and Mrs. Ralph Hyaly of Detroit, with a musical program following the dinner hour and a dinner at the home of Mr. and Mrs. Harold Finn of Dexter Boulevard, Detroit, Wednesday evening of this week. Invitations have been issued for an afternoon tea given at the home of Mrs. Robert H. Siau of Beverly Court, Detroit, Saturday.

According to the physician attending George Stoll of Southfield, his hand, which was hurt about two weeks ago while he was moving a barn on the Sly farm, cannot be used for almost a month longer. Mr. Stoll's hand became caught on a hook at the end of a logging chain, which was being drawn by a team of horses, and the entire palm was ripped off, the skin and flesh hanging only by a few threads to the thumb and forefinger. Mr. Stoll was removed to Birmingham and given medical care and later taken to his home.

You can advertise your wants in the Eccentric free of charge next week. Read the notice on Page 3 of this issue.

DR. MABEL CAMPBELL, Osteopathic Physician. Hours: 9-12; 1-5. Other hours by appointment. Levinson Bldg. Phone 105. ad 18 tf

You can advertise your wants in the Eccentric free of charge next week. Read the notice on Page 3 of this issue.

COUNCIL PROCEEDINGS

Adjourned meeting of the Village Commission was held September 21, 1921, at 8 o'clock.

Present: President Clizbe and Commissioner Brown. Manager Brown.

Absent: Commissioner Schlaack and Clerk Hazel Clark.

Moved by Commission Brown that the following resolution be adopted: First Resolution, that the Village of Birmingham, Oakland County, Michigan, hereby approve the following special sewer funds: Merrill St. Sewer, $100; Lincoln St. Sewer, $1,000; Brown St. Sewer, $639; and Worth St. Sewer, $100.

Yeas: Clizbe, Brown, Schlaack. Nays: None.

Moved by Mr. Clizbe that a storm drain be laid in Henrietta St. between Brown and Townsend Sts.

Yeas: Clizbe, Brown, Schlaack. Nays: None.

Commission adjourned.

W. H. BROWN, Clerk Pro Tem.

Adjourned meeting of the Village Commission was held September 24, 1921, at 8 o'clock.

Present: President Clizbe, Commissioners Brown and Schlaack. Manager W. H. Brown.

Absent: Hazel Clark, Clerk.

Moved by Mr. Clizbe that Victor Nickoleff be paid $5.00 for filling special sewer funds; Merrill St. Sewer, $100; Lincoln St. Sewer, $1,000; Brown St. Sewer, $639; and Worth St. Sewer, $100.

Yeas: Clizbe, Brown, Schlaack. Nays: None.

Moved by Mr. Clizbe that a storm drain be laid in Henrietta St. between Brown and Townsend Sts.

Yeas: Clizbe, Brown, Schlaack. Nays: None.

Commission adjourned.

W. H. BROWN, Clerk Pro Tem.

The regular meeting of the Village Commission was held Monday evening, October 3, 1921, at 8 o'clock.

Present: President Clizbe and Commissioners Brown and Schlaack. Manager W. H. Brown, and Clerk Hazel Clark.

It was moved by Mr. Brown that the following bill be paid as a holiday pay W. Cobb, $116.31; Birmingham Lumber Co., $4.63; Detroit Edison Co., $339.15; Birmingham Hardware Co., $9.88; H. M. Burton, $2; Birmingham Eccentric, $71.40; Mellen-Wright-Moulthrope Co., $30.83; Alex Block Coal Co., $108.97; Standard Oil Co., $36.76; Henry Hewitt Rubber Co., $2.25; Pere Co., $400; Pittsburgh Meter Co., $3.52; Fred Graves, $12.40; Federal Petroleum Co., $10; Wm. McCallum Lumber Co., $6.30; Boughton Bros., $29.52; H. M. Hirde, $2.15; D. B. Wilkinson, $130.22; R. V. Wells, $6.52; Liberty Garage, $125.76; A. H. Potz, $5.00; City of Pontiac, $4.90; Birmingham Dept., $32; Lawson Reb Co., $3.50; Albert Lee, $4.63; Ed Luth, $32; Alex Block Coal, $36.40; John Berry, $54; John Afion, $54; Wm. Sheldon, $60; E. H. Petterson, $2; John Wilson, $60.

Yeas: Clizbe, Brown, Schlaack. Nays: None.

Moved by Mr. Brown that we pay Victor Nickoleff $500 from Townsend St. Sewer; $100 Worth St. Sewer; $100 Merrill St. Sewer; $100 Merrill St. Sewer.

Yeas: Clizbe, Brown and Schlaack. Nays: None.

Moved by Mr. Brown that Miller & Gilbert be given the price of $1.50 for a gasoline lamp in front of their property on West Maple St.

Yeas: Clizbe, Brown and Schlaack. Nays: None.

Moved by Mr. Brown that we adjourn until Monday night, October 10, 1921, at 8 o'clock.

Yeas: 3. Nays: None.

HAZEL CLARK, Village Clerk.

The Baldwin Beacon

A WEEKLY BULLETIN EDITED BY THE STUDENTS OF BALDWIN HIGH SCHOOL

VOL. I—NO. I. OCTOBER 7, 1921.

INTRODUCTORY

This issue of the Eccentric marks the first appearance of the "Baldwin Beacon," a section which from now on, will be devoted to the interests of the Baldwin High school. The columns will be conducted by the students themselves, under the supervision of the faculty.

We ask you to kindly remember that we are new to the "newspaper game," and to be rather lenient for a time, when we hope you will notice a decided improvement in the general placed before you. If the "Baldwin Beacon" accomplishes the purpose for which it was designed, it will create a better "school spirit," it will bring the homes and schools into closer harmony, and it will establish among the students, the responsibility of doing something for themselves.

I wish to thank Mr. Averill for his splendid cooperation in this issue and hope that he will not be disappointed with the results. Trusting that these columns will meet with your approval and that the "Baldwin Beacon" will be a source of interest and valuable information.

I am, yours for a successful school year,

M. C. HART, Principal.

TO THE CITIZENS OF BIRMINGHAM

Through the courtesy of Mr. Geo. B. Averill, owner and publisher of the Birmingham Eccentric, the students of the Baldwin High school will be able to show the taxpayers and parents of Birmingham and its vicinity just what is being done at their school.

In last week's edition it was announced that a certain section would be alloted to the students each week for the purpose of publishing your school activities and also a good introduction to journalism for those who are interested in a journalistic career.

For this reason the students of the Senior High met and elected an Editor-in-Chief, Athletic Editor and Society Editor. But not all the work pertain to athletics and society as each class has elected one reporter who will relate all of the various activities which the different class carries out from week to week. It is expected with this staff that we can bring out to the public who are unable to visit the school, just what is being done by the students of the Baldwin High school.

W. C. MANCHESTER, JR., Editor-in-Chief.

The Hi-Y holds its first meeting Tuesday night.

On Tuesday night the Sophomore class is to have a weenie-roast at Helen Moore's home, on the Thirteen Mile road.

Last Friday the Junior girls had a children's day, and down came the hair, and long-forgotten hair ribbons were resurrected.

Several different school organizations have come to life this year, such as the school orchestra, chorus and Glee Club of other years.

ATHLETICS

Much is expected this year in the line of athletics at the B. H. S. The football team was beaten last Saturday by Northeastern H. S. of Detroit, but it must be said that the Birmingham team put up a great fight even though greatly outweighed by their opponents.

During the first half of the game Birmingham held the visitors scoreless although our goal was threatened in the last few minutes and the half ended with the ball on our own 5 yard line.

In the third quarter by completing two forward passes and some good line plunging by the Northeastern fullback, Falcons gained two touchdowns, giving them a count of 12-0. Failing to kick goal both times.

During the last quarter Birmingham tried some passing but on account of the strong wind was unable to complete them.

Northeastern gained its last touchdown as a result of fumbling of Birmingham's part and the ball was carried over for a third touchdown for the Detroit aggregation. The goal was kicked, making the score 19-0 in Northeastern's favor. After this game we must fight harder and Northeastern made no more touchdowns and the game ended with the ball midway of the field.

Much a word must be said about the rooters who were present. A large part of the student body and townspeople attended the game and helped the team out greatly by their yells and words of encouragement.

Next week the local team plays Ypsilanti Normal High at Barnum Field and it is hoped that as large a number will attend the game and cheer the team to victory.

B. H. S.		N. E. H. S.
Bray	Left End	Gallagher
Davis	Left Tackle	Hojnacki
Elliott Coryell	Left Guard	Hurman
Ross	Center	Wismicuski
Lowe	Right Guard	E. Lutomski
Ed. Coryell	Right Tackle	J. Lutomski
Hunt	Right End	Opanowicz
McBride	Quarterback	M. Lutomski
Luscombe	Right Half	Stadwick
Wilcox (Capt.)	Left Half	Hamilton
Campbell	Fullback	Dempts

Score by quarters:

	1t	2d	3d	4h

Substitutions for N. E. H. S.: Washington for Stadwick, Dexter for Hallagher, Seth for Hamilton.

RUSSELL BERGER,
Athletic Editor.

TEACHERS ENJOY WEENIE ROAST

On Thursday of last week, the teachers held their annual weenie-roast at Coryell's grove. About 35 were present to enjoy an excellent meal and partake in the evening's sport. Miss Loomis, Miss Hardy and Mrs. Waterman, who had charge of the "eats" deserve much credit for that part of the program.

The entertainment for the evening consisted of public speaking, singing games of numerous character. Everyone participated in the evening's sport. Miss Loomis, Miss Hardy and Mrs. Waterman, who had charge of the "eats" deserve much credit for that part of the program.

The teachers all knew why he walked with a slight limp the next day.

The ladies engaged in a fifty-yard dash and after the most desperate competition, the silver loving cup was awarded to Miss Grey, with Miss Hooper a close second.

At a reasonable hour, the "bedraggled" bunch returned to their homes, to spend a "fitful" night, dreaming of raisin pie, juicy Hamburger and impossible high jumping.

The worthy aim of this column is to inform the people in Birmingham what their boys and girls and their friends' boys and girls are doing, and to give an account of the events centering around our High school. It is our fond hope that almost every citizen of Birmingham will open his copy of the Eccentric to this section each week, and by his interest show the "Baldwin Beacon" to be a success.

A new organization, the Camera Club, met for the first time last week. At the election of officers, Lawrence Westerby was made president, Garfield Packard, vice-president, and Norma Clark, secretary and treasurer. At this first meeting the president gave a talk on the camera. The main purpose of the Camera Club is to obtain better pictures for this year's "Baldwinian," and to stimulate interest in photography.

The Hiking Club of last year has not yet been reorganized, but there is talk of assembling it again soon.

The new drawing teacher, Miss Norberry, is planning to organize an Art Club, which is sure to be successful, if all students interested in Art will co-operate with her.

But the star organization of the year is the Junior Band. Both in appearance and musical skill it is unrivaled by any other band in the country. When after seeing this magnificent turn-out and hearing its touching music at last Saturday's football game will forget it? Long live the Junior Band! May it become a permanent thing.

Last Friday, the regular assembly period was given over to a pep meeting, a very, very lonely one at that. Mr. Drake, the coach, and Mr. Hart, both spoke on clean athletics and Mr. Vile gave a brief but encouraging speech. At the football game Saturday the Freshies turned out, all magnificent in their purple and yellow, and they yelled and yelled and yelled. The Junior Class paraded from the high school to Barnum field. They carried a flaming sign, and at the head of the ranks marched the notable Junior Band. The Senior girls arrived at the field all dressed in Maroon and White.
