## MONDAY MUSICALE CHANGES ITS NAME

**To Be Known As Thursday Musicale Following Decision On New Meeting Date.**

At a special meeting of the new Birmingham music club at the home of Mrs. Whiting Raymond last Wednesday the name of the club was changed from the Monday Musicale to the Thursday Musicale of Birmingham following reports from committees which indicated that the majority of prospective members preferred to meet Thursday mornings.

The regular meeting place in the future will be the Masonic Temple, which place was offered through the courtesy of Mrs. Leslie Lamborn and Mrs. Georgia Baskerville and also the Masonic Lodge from whom they rent their studio. The time and place of meeting may be changed for special occasions the committee on rules promises, by vote of the club.

The regular time for meetings has been fixed as the second Thursday of each month at ten a. m. The November meeting, however, at which Miss Edith Rhetts will speak, will be held on the third Thursday in November in the Masonic Temple at 2 p. m. This exception had to be made in order to secure Miss Rhetts whose schedule of engageemnts is difficult to change, it was explained.

Mrs. Ward S. Gavitt was elected vice president of the club. The other officers, which were elected at a previous meeting, are Mrs. Henry Riley Fuller, president; Miss Alicia Fuller, secretary, and Mrs. D. C. Murray, treasurer. Mrs. Charles J. Shain is chairman of a committee on rules and constitution, Mrs. W. L. Boynton is chairman of the membership committee and Mrs. Lamborn is chairman of the program committee.

## DETROIT GLEE CLUB TO SING AT HALSEY

The regular church services will be held in the same building at 11 a. m. Sunday, with Rev. F. B. Stafford, pastor of the Halsey Methodist church, delivering the sermon, on the "Meaning and Mission of a Signature."

## 'S. O. S.' WOMEN'S CLUB IS ORGANIZED HERE

The "S. O. S." club, an organization of women which will be devoted to sewing and reading, held its first meeting at the home of Mrs. Ernest C. Vahey, on Ridgedale avenue, last Thursday.

Organization of the club has not been completed, but definite meeting days will be the second and fourth Thursdays of the month.

The next meeting will be held next Thursday at the home of Mrs. James W. Parry, on Ferndale avenue.

## TOWNSHIP FAVORS FOUR AMENDMENTS

(Continued from Page 1, Part 1)

shall be elected for a term of two years, and the county shall never be responsible for his acts.

This amendment shows the largest lead among state returns last night, with 146,328 for and 105,674 against.

This amendment making the salary of the members of the state legislature $1,200 for the regular session and $10 per day for the first 20 days of an extra session, with nothing thereafter, passed Bloomfield by a vote of 583 to 464.

State reports last night, however, stood at 102,219 for and 136,107 against.

This amendment also provides that members of the legislature shall be entitled to 10 cents a mile for one round trip to each regular and special session by the usually travelled route.

The amendment relative to condemnation of excess land and property for streets and public use, also of considerable import to Birmingham, passed in Bloomfield by a 608 to 419 vote.

This measure gives the legislature power to authorize municipalities to condemn and take fee to more land than is needed in the acquring, opening and widening of boulevards, streets, alleys, or for any public use. It provides for bonds to be issued to supply the funds to pay in whole or in part for the excess property so appropriated.

**State Also Favorable**

State returns last night also showed this measure favored by a vote of 120,496 to 114,894.

The amendment for revision of the state constitution, providing for a convention to be called therefor, was defeated in Bloomfield by a vote of 332 for and 727 against. Only the fifth precinct favored it, and this by a margin of four, the vote being 38 for and 34 against.

Throughout the state the opposition vote here shows a lead. Reports late yesterday showed 73,327 for and 124,174 against it.

## SCHOOL HEADS BACK FROM DETROIT MEET

and Miss Emily Walker, took part.

"One of the most interesting and informative talks I have ever heard was that given by the Australian writer, Tom Skeyhill on 'Mussolini' at the general meeting Monday at Cass Technical High School," Mr. Vliet said. "The convention would have been worth while for that alone, but in addition, the broadening of experience brought about by discussion of school problems with other educators who come upon similar difficulties is something to be grateful for."

L. W. Fast, of Mt. Clemens, was elected district chairman for the coming year, with John S. Page, of Howell, as vice-chairman, Margaret Wise, of Ypsilanti, as district chairman and George T. Cantrick, of Monroe, as chairman of the executive committee.

Melvin C. Hart, principal of Baldwin High School is the Birmingham delegate to the representative assembly.

## WOODWARD AVENUE BUILDINGS RAZED BY MYSTERIOUS FIRE

(Continued from Page 1, Part 1)

also consumed $250 in cash she had laid away in a mattress in the bedroom of the home.

Mrs. Kyle declared she is at a loss to explain the origin of the fire. She said that when she left the house with her son at 4 p. m. everything was in the usual order. She also declared she had no enemies and dismissed the idea of arson.

Two lines of hose were used by members of the fire department who work two and a half hours in extinguishing the fire. The entire force of village firefighters was pressed into service.

Chief Olsen said the flames had made such headway when the alarm was turned in that there was no chance of saving the Kyle building. No other structures were near enough to be menaced except Mr White's store.

Assistant Chief Glen Allen in making inspection recently ordered a chimney in the restaurant removed because it was a fire hazard. Firemen discovered that the order had been complied with and say there was no chance of this entering into the cause of the fire.

Mrs. Kyle and her son were made homeless by the fire and have had to live at a hotel here since.

"We were in the habit of closing on Sunday for the past several months," she said. "This day we left for Detroit in the afternoon and when we returned there was nothing at all left of the place. All we had worked for had been reduced in a short time to nothing."

Rebuilding will begin as soon as negotiations are completed with the insurance company, she said. Insurance covered her loss to the extent of approximately $1,800.

Damage to the grocery store was completely covered.

Mrs. Kyle has been in business at her Woodward avenue store for two years and it had come to be known as "Mother's Restaurant" by the many men connected with the railroad who patronized it.

Mrs. White, asleep in the living quarters at the rear of her husband's store, was awakened by the noise of the fire and gave the larm. Mr. White said. A passing motorist also notified police and the firemen of the blaze.

Drive in Comfort This Winter with a KUNKEL HEATER in Your Car!

WINTER driving without heat in the car is a positive danger to health and happiness. A poorly heated home is comfortless, a breeding place for colds, pneumonia and contagious diseases. So also is a cold automobile. You cannot afford to take chances when ample heat for your automobile can be had without extra cost. The Kunkel Heater will positively heat your automobile in all kinds of winter weather and provides a healthful, fresh heat and ventilation which will not only be comfortable, but at the same time will contribute to your health and happiness. Fox Motor Sales Co., of Madison, Wisconsin, say that it is the only heater they know of that will heat a car to warm temperature in zero weather.

It is true that there are many heaters on the market today, but what value is a heater to you that does not positively heat to the desired temperature. A dollar or two more for a heater which will positively give you comfort while driving is a very small item compared with the possibility of doctor bills as a result of sickness contracted through driving in a poorly heated car. When a Kunkel Heater is installed in your car it is there to give you perfect service for the lifetime of your car, and positively guaranteed by the manufacturers to do the work.

See how it is constructed—so as to take the fresh, pure air right from the fan and conduct it into the car, thoroughly warming and ventilating it with no danger of poisonous gases or engine fumes.

Single Heater - $6.00
Double Heater - $9.00
