To the Voters of OAKLAND COUNTY

On September 4th, the voters of Oakland County will have the opportunity of balloting for two Circuit Court Commissioners, and in doing so, must choose between the three Candidates in the field, two of whom are from Pontiac, and myself from Royal Oak.

The work of this office has become very important in the last few years, and the business is about equally divided between Pontiac and the Southern part of the County.

I am the only candidate from Southern Oakland County, and have been unanimously endorsed by the Royal Oak Township Bar Association.

People all over the County, who are familiar with the work of this office, acknowledge that one of these offices should be in Royal Oak.

Out of a sense of fair-play to 75,000 people in the Southern end of Oakland County, who are served by an office in Royal Oak, I respectfully urge that you cast one of your ballots for Circuit Court Commissioner for me at the Primary on September 4th.

I am a Republican both by birth and choice, and will endeavor to conduct the office with courtesy and efficiency if I am elected.

Respectfully,

Harry J. Merritt

When does two and two NOT make four? . . . why when 2 and 2 Dollars are placed in the First State Savings Bank, Woodward Ave at Maple? . . . Because the magic 4 . . . Interest will swell the total to something more than FOUR! . . . New residents in Birmingham will, I am sure, be interested to know that this bank is open until 2:30 Saturday afternoons . . . which is most convenient for those who must commute from Detroit!

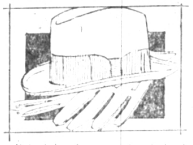
This week I paid my first visit to Grunnells Music Store, 121 N. Woodward Avenue, and, that pleasant new shop is surely most complete! . . . I can't think of a thing one might want in the musical line, that they didn't seem to have! Everything that one might want in the way of instrument . . . accessories and sheet music. It is a store which would do a large metropolitan city proud; and is therefore distinctly in keeping with the civic spirit so prevalent in the Village!

I'm sure new residents in Birmingham will be most interested to know that Strouse Market, 175 N. Woodward Avenue, maintain their own delivery service and it is not necessary to make a special trip on a hot day. Just telephone and your meat order will be selected as carefully as if you were in the market yourself.

DRUGS
PRESCRIPTIONS

Even a patient patient's patience is apt to be rather short lived and there is nothing more maddening than to dash into a pharmacy with a prescription and be greeted with "The pharmacist is busy now!" . . . however a visit to Shain's Pharmacy, 149 W. Maple St. assured me that there is no danger of that happening in this most modern pharmacy! . . . for it boasts of FOUR registered pharmacists . . . which insures practically all day and night service! . . . A valuable bit of knowledge, especially in the case of sick children when minutes are so precious! . . . An interesting feature of this store is that it has the only registered, woman pharmacist in the village!

It certainly is a temptation to set up housekeeping for one's self to stop into Hallock's Grocery, 116 W. Maple St., EVERYTHING always looks so good! . . . Not only do they have a marvelous assortment of canned goods, including staple articles and many rare and tempting delicacies . . . but also a complete supply of every fruit and vegetable in season! . . . Best of all on a hot day one needn't even bother to go down to the village . . . for this marvelous Grocery is as "Near To you As your Telephone!" . . . and their Delivery Service can't be surpassed!



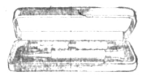
Bronfed of smartness indeed are the things you find at the Chas. R. Peck Store, 162 N. Woodward Ave. . . . They certainly will go to the head of more than one smart Birmingham girl's . . . Good looking shoes are of first importance in the wardrobe of the new lady . . . and the colors are unusually good looking shades in green . . . gray . . . and tan . . . And while moderate in price and some are "smart bargains" . . . I'm sure a unanimous chorus of marvelling approval will greet these smart new styles!

Heretofore I had considered the buying of an dress an ordeal of jostling people, crowded stores and stuffy elevators, which was made bearable only by the final result! . . . But how different is the purchase of a dress at Maxine Hart's Gown Shop in Bloomfield Hills! . . . One has a most "particular" feeling the minute one enters the place . . . so charming and restful are the lovely rooms! . . . And oh the luxury during these hot days especially of making one's selection, unhurried, and in that lovely atmosphere from a most complete stock of lovely gowns!

"The sweetest Story Ever Told" might well be the biography of Stewarts Sweet Shop, 112 W. Maple St. I think if every tooth in one's head were a sweet tooth it could be satisfied at this shop! . . . Delicious candies that speak of years of candy making experience! . . . Ice Creams of purest ingredients . . . in plain, brick or fancy shapes . . . And tasty, appetizing luncheons and dinners that tempt one on even the hottest day! . . . Far be it from the Shopper to pick favorites! . . . but because shopping DOES create a most awful thirst! . . . Stewart's is ONE of the nicest places I drop in at!

Smiling Warmth

A visit to the Silent Automatic Sales Corp. 153 W. Maple St., and one visions immediately the possibilities of an extra room in the house! . . . so scrupulously clean is this most modern heating device that dusty dirty furnace rooms are relegated with dungeons to the dark ages! . . . Better still this same room is transformed into a cheerful play room . . . den or what have you! . . . with the Silent Automatic Burner gaily functioning day in and day out . . . keeping rooms at just the right temperature . . . A Mr. Hopkins as well the results of the most modern way of heating are nothing short of magic . . . Gone forever are the grim, coal smoked curtains that used to greet each returning Spring!

I saw some adorable Sand Toys at Bertine Bleazby Garretts', Birmingham Theatre Building this week! . . . One in particular was a cunning affair made up of tin moulds forming the arms, legs, head etc. of an ostrich so that by filling them with sand and matching them carefully when they are dumped . . . Old Mister Ostrich lies on the beach in a most lifelike manner! . . . Besides there was an infinite variety of colorful sandpails in novel shapes! . . . also small trowels and all the implements that youngsters love for beach or sand box!


"Fleet as a hair" . . . a worn one simile when speaking of Margarite Hedley to bid one adieu! . . . However trust Margarite to have a formula for this condition! . . . Drop in at her lovely shop, 145 S. Woodward Ave. and learn of her wonderful giving a bobbed hair permanent treatment, mildly named "Hair Again" . . . Margarite does work perfect wonders in placing the hair and also in perfect condition and if Beauty is one-third of feminine beauty . . . Margarite KNOWS! . . . Next week I KNOW I will see the results . . . and I'll . . . glory!
