We have all heard of "sum pumpkins," but here are some pota'oes. Our old friend Mr. Earl Benedict, who lives just east of the Presbyterian Church, raised 37 lbs. of fine, large potatoes from a single potato, planted last spring. There are a thousand more in the lot, but all above the medium size, while some were very large. They are the Burbanks variety.

Jack Baldwin, Lyman Peabody, Andrew Wallace and Billy Reynolds have each and every one of them put a double-action patent duplex elliptic padlock on their respective hen coops. Cause: Our junior editor has purchased the Glover house and two lots, Corner of Chester and Willits streets, in the immediate neighborhood of these four gentlemen.

At the Lyceum on Monday evening last at the High School, the question, "Resolved that the River and Harbor Bill should not have passed Congress," was decided in favor of the affirmative. Chief disputants U. G. Race and E. Wooster. The question for next Monday night is, Resolved that Science has done more for Civilization than the Church. Chiefs, H. F. Randall and L. McPride.

Jimmy Weeks, a telegraph operator and an old friend of our Junior in days past, has taken unto himself a wife, Miss Louisa Smith, of Grand Rapids, being the happy bride. She was an operator also, and it took Weeks to win her, even if the electric sparks were communicated by a wire! The happy couple accompanied by a whole load of congratulations, went to Chicago for the honey-moon.

Thursday Eve. Sept. 7th, Mr. F. Warr, of Topeka, Kansas, and Miss Addie Selleck, of Alpena, were married at the residence of the bride, in Alpena. The couple visited relatives at Northville, on the way to their future home, in Kansas; and while there Mrs. E. H. Sherman made them a visit, returning home last Friday. Miss Selleck has many old friends in this place who will wish her all the happiness possible in her new home.

"In the midst of life, we are in death."

Died—Friday, Sept. 8th, Jim, beloved dog of Farmer and Susan Sherman, aged 4 years, 3 months and one and a half days.

Laid low by the hidden hand of an assassin, with poison, cut off in the flower of his youth; gone to —— we don't know where, leaving a large circle of mourning friends.

Peace to his ashes.

Mrs. E. S. Wooster left a branch of a raspberry bush in our office last week which contains ripe and delicious berries on a well developed stalk. If the old adage of "fruit out of season, trouble without reason," is true, there will be weeping and wailing in this vicinity, for it was only a few days ago that we saw plenty of apple, plum, peach and other blossoms on Kip Oplyke's farm, near Bloomfield Center, and ripe fruit hanging on the same tree.

An idiotic lad, without hat or shoes, wandered into the village on Sunday last, and first attracted attention by eating such garbage as he could find on the streets, and shortly after fell down in a fit on Bakeside & Hanna's steps. He was taken to Jim Chatfield's, where he was kindly cared for. He was subsequently discovered to be deaf, dumb and idiotic, and was taken to the county house by officer Beattie, on Monday. His name and previous residence is still unknown.

"In all towns where a newspaper is published, every business man ought to advertise in it, even if it is only a card stating his name and the kind of business he is engaged in. It helps sustain a paper, and lets the people at a distance know that the town is a business town. The paper finds its way into thousands of places where handbills cannot reach. A card in a paper is a travelling signboard, and can be seen by every reader. Think of these things, and let your light shine."—*Exchange.*

We are in receipt of a neat and beautiful card of invitation to attend the wedding ceremony of Miss Lake E. Mealey, daughter of Dr. & Mrs. Thos S. Mealey, of Pleasant Plain, Iowa, to Wm. G. Smith, an old Southfield boy who now lives at Golden, Col., and edits the *Golden Globe*. The wedding took place at the residence of the bride's parents, in Iowa, Wednesday Sept. 20th, at 7 o'clock, and the happy couple will pass the honeymoon East, and settle down in Golden, Col., and will certainly prosper, if the congratulations of friends make prosperity.

The Republican County Convention was held in this city on Wednesday last, and the following ticket was put in nomination:

Sheriff—W. Willits; Clerk, Mark Walter; Treasurer, E. Sherwood; Register of Deeds, Josephus Smith; Prosecuting Attorney, Samuel W. Smith; State Senator, Herman A. Wyckoff; Circuit Court Commissioners, Joseph Bailey and Thos. J. Fenn; Coroners, L. Stanley and A. W. Turner; Surveyor, B. Russell.

It is said that some Republicans are dissatisfied with some of the nominees, but time will tell.

Julius Rundall's latest acquisition in the stock line is a thoroughbred imported Hampshire Down ram, to which he has accorded the high sounding title of Sir Garnet Wolseley. The animal is one of the finest we ever saw, and is one of a lot of 57 sheep recently imported from England by Messrs. Phillips & Newton. Mr. Rundall had ten ewes and six rams which he bought as a share of the lot, but owing to some misunderstanding between Phillips and Newton, he was unable to retain them, but bought Sir Garnet Woolesley, for whom he paid the handsome sum of $100, cash.

The store of David Hyde who keeps a general stock of merchandise at Franklin, came very near being cremated on Wednesday night, last. A large box containing hay in which glass fruit cans had been packed, and which stood against the corner of the store, was entirely burned up. In the morning when Dave arose, he found the corner of the store badly scorched, every evidence of a very narrow escape from a disastrous conflagration. It is supposed that some one who had been sitting upon the box, smoking, had carelessly dropped their cigar into the box, with the above result.

Prof. E. E. Barnard, of Nashville, Tenn., on the 14th inst. discovered a new comet located near the star Lyndin the constellation of the twins. His discovery was announced by telegraph to H. H. Warner at the Warner Observatory, Rochester, N. Y., and almost at the same moment Prof. Lewis Swift, Director of the Warner Observatory, received intelligence that a large naked eye comet had been discovered in Rio Janeiro, South America. Prof. Barnard is the first person the present year to receive the Warner prize of $200. The fact that these two came into view at the same time is exceedingly significant.

The fall communion of the United Presbyterian Church, of Southfield, took place at the U. P. Church in that township, on Sept. 3d, Rev. J. P. Gibson officiating, assisted by Rev. Jas. McGill, of Lexington. The Troy congregation of the same denomination, also under the care of Mr. Gibson, as pastor, holding their communion Sept. 10th, Rev. P. W. Vertrees assisting Mr. Gibson in his duties. In the two congregations, nine new members united with the church, making a total increase of membership of twenty-four in the past year. Mr. Gibson is a hard-working, zealous, christian man, well liked by all the members under his charge.

While out driving one day last week, we had the pleasure of seeing Randall's & Mudge with their steam thresher at work on Fountain Farm. These men seemed to know what they were doing. Homer Squires was stuffing in oats and straw at one end of the machine, and a man at the other end was walking away with a bushel of oats every twelve seconds, of five bushels a minute, very clean and bright looking oats, too. Luther Park, the genial and competent manager of that famous farm, was everywhere present, keeping an eagle eye out for the best interests of the farm, himself, and the owner thereof. Verily, Luther knows a good place when he sees it, and looks now as if he'd stay always. We would.

The interesting features of our curiosity shop were augmented last week by the addition of a small case of relics left for exhibition by our old friend George Williams, of Royal Oak, and consists of a glass case made by Mr. Williams, the frame of which is made from material taken from the first frame barn built in Oakland county said barn having been built by Mr. Seeley, near Silver Lake. The case contains a stone pestle, dug from an Indian mound near Silver Lake, which geologists tell us is no old that it would take all the eighties in one case to tell about its estimated longevity. Then there is a flat stone brooch and a triangular-shaped stone taken from the same place by Mr. Williams and an Indian named White Feather. Archaeologists and ordinary mortals are cordially invited to inspect. No charge for admission.

A subscriber now and then may notice an X decorating his paper, which he may not understaid the meaning of. Let us explain. It costs money to run a newspaper: light, fuel, rent, express charge, postage, paper bills, each must be promptly paid; presse will get out of order; type does wear out, and cases will get spoiled. It costs money to repair and replace them. A subscriber may owe only fifty cents or a dollar, a very small matter of itself, but when there happens to be five or six hundred such subscribers it does not appear such a small matter to a man who has bats on his book and a number of fat bills maturing. Yes, friends, it means to come with head erect, chat expanded, with a countenance as dark as a thunder cloud, wheezing like an engine, and demand in thundering tones of the little insect that stands shivering before you, who is usually called the editor, "Where is the cashier of this institution, I'd like to pay up and take the paper another year!" and then watch the little fellow prance. It will do your heart good. Try it.—*Rochester Sun.*

THE U. P. CHURCH.

The Meeting of the Detroit Presbytery, at Southfield.

The annual meeting of the Detroit Presbytery took place at the U. P. Church, in Southfield, on Tuesday, Sept. 5th, 1882. An account of the proceedings was promised us, but were forgotten, and we present the report at this late day, hoping that our readers will remember the old adage, "Better late than never."

The members of the Presbytery were generally present, but as little business of any great importance was presented, the routine business was soon got along with.

In the forenoon of the first day, Revs. John McGill, of Lexington, and W. W. Curry, of the Bruce district, near Almont, were appointed delegates to attend the general assembly at Pittsburg, Penn., in May next, and at the conference in the evening, the following subjects were discussed:

"How to secure the Old and the Young in the Sabbath School." The opening paper being read by Rev. G. W. Monteith, of Port Huron, and being replete with excellent ideas and practical common sense.

"How to arrange the amount of money for Home Mission work," the opening paper by Rev. R. Turnbull, of Detroit, being well received. The conference was closed for the day by the subject of "Temperance—The Prohibition Phase," opened by Rev. W. W. Curry, of Almont.

The forenoon of Wednesday, the 6th, was pleasantly passed in a discussion of the Home Mission Work, the meeting adjourned at noon, closing a very profitable and pleasa t session.

SATURDAY'S RACES.

An Afternoon's Sport at the Driving Park.

The attendance at the Birmingham Driving Park, on Saturday afternoon last, was very fair, when we take into consideration the fact that this is the busiest season of the year with the farming community.

The first race was the three minute class, in which J. Hadley entered "Jeff," F. Hagerman entered "Carrie H." and J. F. Galbraith, "Norwood," Bill McLaughlin, the veteran driver, pulled the ribbons over the latter, and drove him at a rate which rather surprised the horse himself, but all to no purpose; the gray under the skillfull manipulation of Jake Hadley got there first every time. The following it the

The next in order was the 2:40 class, in which there were three starters. W. Beattie, of Detroit entered "Sandy F.," a foxy little horse from Canada, Ansley Sowersby entered "J. O. B.," the horse which stirred up such a commotion at the Rochester races recently, and John Vaughan entered "Bashaw Chief." The general impression was that this race had been "put up," as Bashaw Chief sold as high as $5 00 to $1.00 against the field in the pools, which were manipulated by D. Bowting, of Pontiac; but Bill McLaughlin, the driver of Sandy F., became a little dissatisfied with somthing, and "broke up the combination," and the race went to the fellow who got there first. The first heat was smooth and nice, J. O. B. taking the lead with Bashaw and Sandy in the order named; but the second heat, Bill came up with blood in his eye, and after scoring the horses got off in a bunch, and he brought Sandy in first with J. O. B. a half neck behind, and Bashaw doing his best to keep up.

The third heat caused considerable excitement, Sowersby claiming that Mac had run his horse around the lower turn, and Mac averring that Somersby had run all the time, and had fouled him on the last quarter, in proof of which he showed a mangled sulky wheel. Bowersby maintained that Mac had headed him and got fouled himself. They came in with Sandy a neck ahead of J. O. B. with Bashaw behind as usual. After considerable talk, the Judges gave the heat and race to Sandy. The following is the

In the interval of the horse races, a foot race between Frank Swan and Henry Foot, 100 yards, for $2 00 a side, was won by the former in eleven seconds, after which we loaded ourselves in Darius Hoxie's buggy, and passed everything on the road, and got home in good shape with colors flying.

GIVEN AWAY.

We cannot help noticing the liberal offer made to all invalids and sufferers by Dr. King's New Discovery for Consumption. You are requested to call at Whitehead & Mitchell's Drug Store, and get a Trial Bottle free of cost; if you are suffering with Consumption, Severe Coughs, Colds, Asthma, Bronchitis, Hay Fever, Loss of Voice, Hoarseness, or any affection of the Throat or Lungs. It will positively cure you.

WORTHY OF PRAISE.

As a rule we do not recommend Patent Medicines, but when we know of one that is really a public benefactor, and does positively cure, then we consider it our duty to make that information to all. Electric Bitters are truly a valuable medicine, and will surely cure Biliousness, Fever and Ague, Stomach, Liver and Kidney Complaints, even when all other remedies fail. We know whereof we speak, and do highly recommend them.—*Exch*—S-ld at fifty cents a bottle by Whitehead & Mitchell.

MOTHERS! MOTHERS!! MOTHERS!!!

Are you disturbed at night and broken of your rest by a sufferng and crying child with the cr ; ting, pain of cutting teeth? If so go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

$500 Reward.

We will pay the above reward for any case of Blind, Bleeding, Itching, Ulcerated or Protruding Piles that we cannot cure with Wood's Vegetable Pile Ointment. Directions are strictly complied with.
