BARBERS WIN, TIE FOR LEAD

Lock With Anderson's At Top Of Commercial League

The Sanitary Barbers, by winning two games during the past week while Anderson's Delivery team was winning one, went into a tie for first place with the Andersons in the commercial division of the Y. M. C. A. softball league.

Kurth's Realtors also won two games, but their defeat of the week before hauled them down into third place in the league standings.

Kurth Realtors 7, Midgets 2

Although the hitting on both teams was light, Kurth's Realtors were fairly easy victors over the Midgets on the Hill School field Tuesday night. The Midgets went scoreless in all but two frames, and not once threatened to overcome the lead the Kurth team had piled up in the early innings.

. . . . A Message To Those Who Appreciate A Superior Milk

IN VIEW of the existing conditions concerning the marketing of milk in Detroit and vicinity, a few words of explanation seem to be due my present customers and those who may wish to purchase Endicott Farm milk in the future.

Due to the existing depression, which has affected us all, the large distributors around Detroit have suffered a great loss of business,—in some cases, I am creditably informed, as high as 30%. In order to hold their customers of moderate means, and under the plea of the necessity of milk for children and invalids, they have gradually reduced the price to a point where the dairy farmer is operating at a loss, and is often unable to afford such feed and care as his cattle require for the proper production of milk. The farmer is not well enough organized or capable enough in business methods, to secure his share under the present reduction. The distributors are suffering also, and both are now operating under a trial agreement.

The Present Low Prices Do Not Apply to the Better Grades of Milk

So much for the ordinary commercial milk, collected all over the country, produced under all sorts of conditions, and pasteurized to make it safe for consumption. Pasteurization does not remove germs; it merely cooks them. With the prices and quality of this milk, we have no desire to compete. We prefer to maintain our usual high standard.

There has always been a greater difference in the quality of Guernsey milk and ordinary milk, than there has been difference in the price. Guernsey milk contains approximately 40% more butter fat, has a richer flavor, and a yellower color. It is particularly adapted for a table milk, and its flavor will appeal to children, who often do not care for milk as a food. It is usually difficult to get whole Guernsey milk, as distributors use it to increase the butter fat content of other milk. Our herd of Guernsey cattle is free from tuberculosis, contagious abortion, and garget, and is regularly tested for all these troubles. The sanitary condition of our stable is the best that we are able to make it. Visitors at the farm are always welcome.

Until recently, we have always had a waiting list in Bloomfield Hills and Birmingham, but during the present depression we have lost some customers (so far as we know, only on account of difference in price), and at the same time we have somewhat increased the size of the herd. We are able to take on some more customers now, and would be glad to deliver Tree samples of our milk for a few days, on trial.

WE HEARD IT SAID BY—

Frank Schram, Oakland County sheriff: "One thing about Birmingham that greatly impresses me is the beauty of its homes and yards. Mrs. Schram and myself often drive down to Birmingham in the early evenings, just to sort of wander about the town and absorb the wealth of lovely growing things. People in Birmingham seem to take such joy in creating nice homes and gardens."

DIETING?

Just the thing for dieting. The beautiful senoritas of Argentina maintain exquisite youthful figures and attribute their perfect complexions to the daily use of Joyz Mate. The Royal Society of Arts, London, says "Mate possesses special power to sustain muscular forces . . . those who take Joyz Mate can go six or seven hours without feeling any necessity to eat." Joyz Mate is the peppy drink of the Argentine gauchos who ride from sun up to sun down rounding up cattle with no other food or drink than Joyz Mate. It comes from sunny plantations in South America and is easily made in a percolator. Delicious hot or ICED.

FIREMEN COP 2 MORE GAMES

Keep Pace With Eastern Michigan In Softball League

Winning two more victories by margins, the Birmingham Firemen kept their slate clean in the organization division of the Y. M. C. A. softball league during the week, and retained their position along side the Eastern Michigan Motorbus nine at the top of the league ladder. Eastern Michigan trounced the Postoffice team in their only game of the week.
