Gent's Furnishings,

Fancy Goods & Toys,

1001 other articles

which most people think can be had only in Detroit.

We invite everybody within twenty miles to call and see us.

Respectfully, J. R. CORSON & SON, BIRMINGHAM, MICH.

HOME NOTES.

PERPETUAL NOTICE You will please make date after your name on paper and envelope, this will save you the trouble of repeating it in every issue.

Maguerite. Blue cross next month. How do you like our new senator? Maguerite—on Wednesday evening next.

Mr. Van Noy of Grand Rapids, state of Michigan, visited Detroit last week and had a most enjoyable visit. See notice of Israel Bickford's house and lot on Saginaw St., for sale in another column.

The Boston Democrat puts the New-England House horror under the head of "Climbs of Confort." "Work of space this week prevents us publishing a very interesting letter from Washington, D. C.

Pete Mc Kay, had a narrow escape from a terrible death one day last week at the mill, by his team becoming unmanageable and starting to run. Fortunately the mill was not in full operation, and the team was stopped with Pete considerably shook up.

Prisoners must eat, drink, keep warm in the winter and cool in the summer, must fill their wood-houses, ice-houses and coal-bins. Hence, if you want to head the weekly visits of this paper for another year, you must pay for it, soon.

Mr. Farnam, lessee and manager of the Birmingham Dramatic Club, has that he is training for "Among the Breakers," in which abundance of tragedy, comedy and farce, is to be presented. A wonderfully interesting play surely to please.

Another son of Robert South, of Royal Oak, died of diphtheria on Thursday last and was buried by Undertaker Beattie the same day. This is the third child which has died in the South family of this dread disease since Christmas. Verily, misfortunes never come singly.

We are always getting into trouble somehow. For the sake of the poor householders, such as we are, let us join to well the pen of these local columns, will our readers be good enough to notice the new ad of a certain stock of C. in our next paper. Will that do, Joe?

A five-year-old child of Jake Lawson, of Clawson, climbed up and got a bottle of fluid extract of belladonna, and he had a very bad case of it. He was taken to the National Hill before you get a sentence.

The Birmingham Social Dancing Club gave the first of their series of "top-lap" first evening. About sixty couples were present and kept time in the merry dance until midnight by King & King's band which was most excellent as usual. All join in saying that it was a very delightful affair.

We had the pleasure of shaking by the hand, our old friend, John T. Walsh of Bennington, Mich., who last week visited his relatives, Mrs. Todd and family of Troy. He was accompanied by his new partner with whom he has associated himself for an indefinite length of time. That is to say, for ever.

That Party was well of Southfield furnishes an endless amount of fun. Not long ago Henry Bassett had his barnyard blown off by bringing a lighted lantern to the second story. At the same time head sayer Casey managed his flying diphtheritic-epidemic back amongst results behind the scenes to the paper. The play entitled "Among the Breakers" is progressing finely and will be one of the best amateur dramas ever brought out in this village.

About sixty couples were present and kept time in the merry dance until midnight by King & King's band which was most excellent as usual. All join in saying that it was a very delightful affair.

Mr. Albert Davis and son, of Piercy, arrived in Birmingham last Saturday, where she will spend a few weeks with her father, Mr. Hiram Daniels, and other friends.

Our old friend Alonzo Stone has been very seriously ill during the past week with his old complaint, heart-disease. We are pleased to report his improvement at the present writing.

Eugene Brooks, H. P. of Birmingham chapter No. 83 R. A. M. and Grand Master A. Partridge, attended the annual convention of the Grand Chapter of Michigan at Detroit, on Tuesday last.

knowledge of the future condition. In the evening, at 7 P. M., there will be an illustrated sermon on the subject "The Wee and Feeble Virgin." The sermon will be illustrated by a painting, seven feet high, and will be the subject of the evening.

In days gone by, Birmingham used to have a good name for sobriety and general decency and far be it from our purpose to infer that it is otherwise now; but we have noticed that nearly every Saturday night of late, a half dozen boys, who are big enough to know better, and who are not afraid of decency, imitate a sufficient quantity of the oil of gladness to make things hot, and then issue forth on the deserted streets, and in the most disgraceful manner, and do considerable howling themselves. Such conduct is unworthy of any one wearing the secular dress.

Every body who is in arrears for our subscription will see the "Home Notes" paper. Will that do, Joe?

How well I remember old Muggins and his grocery. He kept in our village sort of a one-room establishment, and he was a very good fellow, a constant of rain, snow, hail, sleet, fog, general bad weather, and so on. I remember the extent amount of such things, and how much he would sell for more than a hundred dollars at all. With them the old chap died out of his existence.

with any town in northern Michigan. I will send you a list of farms for sale, among which are some very large ones. This is the most natural fruit country I was ever in. At our first county fair, the fourth and fifth of last October, we had a display of apples that "Old Oakland" has never outstripped. I have never yet seen a worse apple here. I won't say much about size, only one man of miles from here had apples of which eight filled a peck measure. He calls them Alexander. We are within four hours ride of Elk Rapids where they make twenty-five tons a day of good iron ore made in the world. We are within twelve miles of Manvel where another furnace is about ready to go through here. Two million feet of logs passed through here to the river last spring, bound for Elk Rapids, and our factory here uses as much or more so that we will soon be "out of the woods" at this rate.

One man within seven miles of here has three acres of bush of wheat to sell; another a little farther has seven hundred bushels of oats, corn, potatoes and apples are in abundance. We had a display of apples at the county more fully.
