People's Column—

An Apology For Premier Hepburn

Editor, The Eccentric:

Enclosed is an editorial sent to me by my brother in Winnipeg and clipped from the Winnipeg Free Press, and I thought it might help to give some of our readers here an idea in what regard Mr. Hepburn is held in Canada. Anything we Canadians and ex-Canadians can do to help undo the harm he has caused, should be done, we feel.

Hoping this can find a place in your paper.

JEAN PROTHEROE
(Mrs. G. A.)

(Excerpts follow)

"Speaking as a responsible newspaper which represents in some measure at least one section of Canadian public opinion, the Free Press takes the earliest opportunity at its command to apologize to the President and people of the United States for the insult deliberately thrown at them by Premier Hepburn of Ontario (to the effect that our fleet is 'in hiding').

If they (the American people) will remember their own Huey Long, of Louisiana, their own Talmage of Georgia, and the poor deranged Ziolcheck . . . if they will take from each of them his most unbalanced and objectionable traits, and construct a single human character from the material thus selected, they will have something that is more like Mr. Hepburn and their judgment of him and us will be tempered accordingly . . ."

Water Ordinance Adopted by City

Amendments to the City water ordinance appear on an inside page in a legal advertisement.

Principal additions permit the City Manager to authorize substitute materials in water and sewer construction when the need exists; also, that users of water for air conditioning pay 75 per cent of the normal sewerage charge on this water. In the past, there was no sewerage charge on this use.

A new novel is described by the critics as being sincere, refreshing and clean. The author is in despair.—Punch (London.)
