MOMS' Club Busy Helping Servicemen With Sewing Projects, U.S.O. Snacks, Birthday And Farewell Gifts of Bibles, Books, Cigarets

At tonight's meeting of the MOMS' club at 8 o'clock at the Municipal Building Mrs. Everett Wells will talk on the making of scrap books for service men. These books are used in hospitals, trains and in the servicemen's lounge of railroad and bus stations.

The Birmingham MOMS' club has been busy for many months serving for the soldiers at the Fair Grounds, four to six members making the trip each Thursday morning.

"We hardly have time to get out needles and thread ready before the boys start bringing in their clothing for mending," said a member returning from a recent trip. "The boys bring in everything from service caps to overcoats to be fixed in one way or another."

Mrs. Frank Cavan is chairman of the Fair Grounds Sewing Project with Mrs. Guy Jensen, Mrs. Perry Vaughn and Mrs. Harvey Foley as co-chairmen.

On the fourth Tuesday of each month the local MOMS are on duty at the Detroit U.S.O. from 9 a.m. to 1 p.m.; four members making the trip each month. Funds for sandwiches they serve is furnished by the MOMS' Club. Sandwiches and milk are served and the women report they have been experiencing difficulty securing enough milk for their snacks. Anyone wishing to donate milk for this effort may call Mrs. R. P. Cole, Phone 624, the U.S.O. chairman for the club.

Still another group of members of the local club has been busy entertaining the boys who leave from Birmingham for the induction center. The club supplies each boy with a copy of the New Testament, other books, and plies each boy with a copy of the New Testament, other books, and cigarets. Mrs. Jensen is chairman of this division. Birthday cards are sent to each son or daughter of a Birmingham club member. Mrs. S. K. Bird is chairman of this work. The cheer has been busy preparing and sending gifts to men and women in hospitals. Persons interesting in this division are invited to call Mrs. L. J. Vick, 524W or Mrs. Ralph M. Hoofnagle, 2936.

The bulletin board at Wilson's drug store which the club maintains has grown too small and an additional board has been provided by Robert Chiasus and given a space on the wall at the drug store for reports of boys' activities. Mrs. Ralph Ruder is in charge of the board and is being assisted by Mrs. Thelma Minton, Mrs. Alex Porteous, and Mrs. Mable Sarenson.

"Spirit" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, August 12.

The Golden Text (I Cor. 2:11) is: "What man knoweth the things of a man, save the spirit of man which is in him? even so the things of God knoweth no man, but the Spirit of God."

Among the Bible citations is this passage (John 4:24): "God is a Spirit: and they that worship him must worship him in spirit and in truth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (354:1): "Spirit being God, there is but one Spirit, for there can be but one infinite and therefore one God."

Vets to Get Extra Gasoline Ration

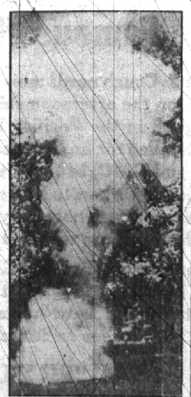
Special gasoline rations will be provided for service men discharged from the armed forces for use in attending to personal affairs and making adjustments to civilian life, Chester Bowles, Administrator of OPA says. The special ration, which local War Price and Rationing Boards began issuing August 8, 1945, is limited in each case to the needs of the veteran and may not exceed 40 gallons of gasoline. It is restricted to veterans who have been separated from active service within the preceding 30 days or to officers on terminal leave preceding their separation from the service.

A recent order says:

"When applying to their local boards for this ration, both officers and enlisted men discharged from the Army must present their copy of War Department Form 100 together with Application Form OPA 552 and the mileage rationing record. Enlisted men discharged from the Navy, Marine Corps or Coast Guard must present Navy Form 553, Marine Corps Form 78PD or Coast Guard Form 553. Officers discharged from the Navy, Marine Corps or Coast Guard present a copy of the orders releasing them from active duty."

Bugbomb

A new mortar-like bomb which explodes into a vaporous gas for use in eradicating insects from trees is demonstrated by Dr. Foster L. Gambrell of the New York Experiment Station at Geneva, where it was developed. The 12-inch-high bombs contain a combination of DDT powder and arsenate of lead.



After the bomb is exploded, the vaporous gas filters through the tree, doing its work on harmful insects.
