Big Golf Tourney On This Weekend

Quite a large group of golfers from Birmingham, Oakland Hills, Orchard Lake, Bloomfield Hills and several other nearby golf clubs plan to spend some time tomorrow, Saturday and Sunday at Plum Hollow Golf club for the Big Four-tournament where Byron Nelson, Harold McSpaden, Craig Wood and Sam Byrd, leading tournament players of the nation will be in action.

To add even more zest to the proceedings—and increase the bookkeeping—scoring also will be conducted on a best-ball basis; in fact, on two best-ball basis.

Local Pros Matched Up

On Friday and Saturday four local pros will join Nelson, McSpaden, Wood and Byrd in playing 18 holes each day. Their cards will be paired in this fashion to determine a best-ball winner for those 36 holes: Frank Walsh of Red Run and Nelson; Al Watrous of Oakland Hills with McSpaden; Chick Rutan of Birmingham with Wood, and Claude Harmon of Lochmoor with Byrd, the former major league outfielder who now is pro at Plum Hollow.

The other best-ball side match will be confined to the final 36 holes to be played Sunday by the "Big Four." In the playing of these two final rounds for low medal honors, Nelson's card will be paired with McSpaden's against those for Wood and Byrd. Special war bond prizes are to be awarded for low scoring honors over the 72- hole medal route and in both best-ball matches. Net proceeds from the three-day event will go to the Percy Jones Hospital Center.

Northville Plans Two Special Days For Speedy Horses

NORTHVILLE—The eyes of the harness race fans will be focused on Northville Downs June 29 and 30 when the season's richest stakes will be contested.

The program, which has attracted the leading pacers and trotters, is billed as the Michigan Pacing Derby and the Northville Downs Trot, both carrying purses of $6,600. Post time each night will be the same as any other evening—8:30 p. m.

The Northville Trot Derby has attracted a field of 34 horses and will be contested June 29, while the Pacing Derby set for the following evening boasts a record-breaking field of 40.

Michigan owned horses are very much in the running in both stakes with probably Lady F., Spencer, owned by Perry Williams of Birmingham ruling favorite in the Northville Trot.

Lady Spencer will be driven by Pat Harvey, top driver of the meet and War Bond prize winner during the first two weeks of the summer meeting which ends July 4.

GRAY HAIR?

VITAMINS MAY RESTORE HAIR COLOR!

If your hair is off color, streaked, gray or graying due to vitamin deficiency try this simple, easy way that may restore the natural color. These amazing, popularly named "ANTI-GRAY HAIR VITAMINS" are of the B Complex group—Scientific reports indicate that a rich supply of these vitamins may restore the Natural color to gray hair due to vitamin deficiency.

FOUR WAY . . .
William's VITAMIN COMPOUND contains not one but FOUR vitamins which we believe might aid in hair regimentation: (1) Calcium Pantothenate, (2) Para-Aminobenzoic Acid, (3) Natural Biotin and (4) Vitamin B-1. Tests conducted among men and women using Calcium Pantothenate revealed the presence of growing hairs that were gray or white at the outer ends and colored near the roots, in a substantial number of cases, which shows the natural color may return. Liberty magazine reports tests on 500 patients of a hospital recently with para-aminobenzoic acid with favorable results. Biotin is a comparatively new vitamin and conclusive evidence is not yet available. Vitamin B-1 is the energy, pep-building vitamin which aids digestion and complexion, in many instances. Begin today! A teaspoon a day of Williams VITAMIN COMPOUND gives you all four! Results do not seem to be affected by the length of time you have had gray hair. Results are similar for all color shades of hair from light blonde to jet black.

RESULTS . . .
Skeptical? Read this report of a user. Here is proof that folks like yourself get results. Mrs. A. S. says: " . . . TEN MONTHS AGO MY HAIR WAS WHITE, and had been for 20 years. Now my beautiful natural auburn colored hair has almost fully returned. My hair texture and finger nail texture have improved considerably too." Isn't that proof enough? Why not start today and prove to yourself whether vitamins can guarantee you protection against gray hair? While you new for 100%, results to be evident, checking the gray spread and restoring the natural color to temples, parting and gray streaks alone would make this test well worth your while. Two sizes: $1.69 or $6.50.
