White Cane Week Is Observed Here

As part of a nation-wide observance, President Roland E. Webber, of the Birmingham Lions club, has announced that this week has been designated "White Cane Week" in Birmingham, as it has in all other communities in which there is a Lions club. Its purpose is to further acquaint the public with the significance and purpose of the white cane which has become an identifying symbol of the blind in America.

A law enacted in 1937 states that "no person, except those wholly or partially blind, shall carry or use on any street, highway or in any other public place a cane or walking stick which is white in color, or white tipped with red."

The White Cane movement began in 1930 in Peoria, Illinois. At that early date Lions clubs began giving white canes to the blind for safety in traffic. The movement soon became nation-wide in scope. In the Michigan legislature a White Cane ordinance was passed giving the right of way to any blind person carrying a white cane. Many other states have similar laws.

As part of their sight conservation project, the Birmingham Lions ask each person to remember: "When you see a person crossing a street or highway, holding a white cane—stop—give him the right of way, he is blind."

RED CROSS

(Continued from Page 1)

Cranbrook and one at the First Methodist church. All the others were at the Community House. For the first Blood Bank there were 70 donors and a few trained workers. It required eight hours to get 70 pints of blood. At the last bank in March a thousand people had appointments and the Community House resembled a well planned machine as the large number of trained workers, doctors, nurses and others handled the task smoothly and efficiently.

"During all of the various periods of activity there were the Motor Corps, Red Cross Volunteers, trained staff assistants, nurses' aides, and other assistants from the MOMS club and Boy Scouts," said Mrs. Welty. "The telephone corps worked thousands of hours under the leadership of Mrs. Harold Lauver, Mrs. A. K. Toepfer and Mrs. Harry Hart.

"In the recruiting of donors the entire community helped; schools, churches, business people, newspapers, clubs and organizations. Thanks should go to all of the countless people who have worked and given unsparingly for this finest of war contributions—the giving of blood to save lives. Birmingham and Bloomfield may always have the satisfaction of knowing that they did their share."

FESTIVAL

(Continued from Page 1)

Mary Jane Stephens was the piano accompanist.

The Rev. Melvine W. Crump, host pastor, gave the invocation and the Rev. Theodore Wurgaster, pastor of the English Lutheran church gave the benediction.

These Choirs Assist

Participating choirs included the First Baptist, English Lutheran Embury Memorial, Trinity Methodist and First Presbyterian.

The committee in charge of the festival considered it particularly fitting that the program could be given on the last day of mourning for the late President Franklin D. Roosevelt. President Roosevelt had written, under date of March 24, heartily endorsing National Music Week, stating "Through the difficult war years, music in its many varied forms has given untold inspiration and comfort to our fighting men, to our workers in industry and on the home front and to the millions of loyal men and women who have made their contributions to the war effort."

POPPY DAYS, MAY 25, 26

Members of the Birmingham American Legion and the Veterans of Foreign Wars posts and auxiliaries are busy preparing for their annual Poppy Days—May 25 and 26. Members of these two groups will be out selling poppies Friday evening and all day Saturday. Funds thus raised go to aid wounded and sick service men.
