CHURCH Services

First Church of Christ, Scientist
Chester and Willits

Sunday service—11 a.m.
Wednesday Meeting—8 p.m.
Sunday school—11 a.m.

"Truth" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, July 27.

The Golden Text (Isaiah 25:1) is: "O Lord, thou art my God; I will exalt thee, I will praise thy name; . . . thy counsels of old are faithfulness and truth."

Among the Bible citations is this passage, (Psalms 15:1, 2): "Lord, who shall abide in thy tabernacle? who shall dwell in thy holy hill? He that walketh uprightly and worketh righteousness, and speaketh the truth in his heart."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 272): "The spiritual sense of truth must be gained before Truth can be understood. This sense is assimilated only as we are honest, unselfish, loving and meek."

First Methodist Church
Ministers

HOW TO

Care For Your Dog

By Erik Bergishagen

(Bergishagen, well-known Birmingham authority on dogs, their care and habits, welcomes letters from readers concerning special dog problems. Write him in care of The Eccentric.)

Skin Diseases
Part II

The name "summer itch" is loosely applied to canine skin conditions and does not designate one particular type in differentiation from another. The name has evolved from the fact that skin diseases are most prevalent during the summer months. This is when the warm moist condition of the skin favors the growth of bacteria and fungi, and when insects abound.

It is hard to make a general recommendation for the treatment of canine skin diseases. In all cases, the most important part of treatment consists in finding and removing the cause.

Perhaps 90 per cent of a dog's skin trouble is due to fleas, lice or ticks. All that is necessary is one flea to start the dog scratching. There are a number of flea and louse powders on the market, most of them having a rotenone-DDT base. These are very effective when properly used and will keep the animal free of many varieties of parasites for fairly long periods of time.

Skin conditions that do develop must be taken care of at an early stage to prevent the infection from becoming a chronic deep seated affair. When it reaches that stage, it requires painstaking care and attention to heal, and at times they cannot be treated with satisfactory results. Remember, when in doubt concerning your dog's skin health, consult your veterinarian. He will be glad to help.

Oakland County RED CROSS NEWS

Floyd W. Bunt and Catherine R. Reed were authorized as Red Cross water safety instructors last week at a special course at Cranbrook Summer Institute directed by William Isaacson, special Red Cross field representative.

Susan H. Perrin was also reauthorized as a water safety instructor.

The three individuals are members of the staff of the Cranbrook Summer Institute.

Mark Smith, chairman of water safety for the Oakland county chapter, states that the three instructors are now authorized to award Red Cross water safety certificates.

Two young veterans have invented a gadget that will combine perfumes and showers. It's a slotted plastic container that screws under the shower head, and in which scented tablets are placed.

"Shur-Edge" Presents a new idea in fine cutlery

THE KNIFE THAT SHARPENS ITSELF!

GOURMET CARVERS in matching table cases.....

Every time you remove a Gourmet Carver from its case—and every time you replace it—the knife sharpens itself! No work—no skill—always a keen edge for instant use. A brand new idea—patent applied for—and only "Shur-Edge" has it.

Available in sets of 1, 2 or 3 cutlery pieces. Blades of hollow-ground chrome vanadium steel, chrome plated to protect the surface. Handles and cases in choice of lustrous Pakkawood or richly inlaid woods.
