Chester and Willetts
Sunday service—11 a.m.
Wednesday Meeting—8 p.m.
"Soul and Body will be the subject of the Lesson-Sermon in all Christian Science churches throughout the world on Sunday, November 23.
The Golden Text (II Cor. 3:18) is: "We all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the Spirit of the Lord."
Among the Bible citations is this passage. (Romans 12:1): "I beseech you therefore brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include the following (p. 392): "The material body and mind are temporal, but the real man is spiritual and eternal. The identity of the real man is not lost, but found through this explanation; for the conscious infinitude of existence and of all identity is thereby discerned and remains unchanged."

Southfield U. F. Church
16 Mile near Lahser Road
10:30 a. m.—Morning worship, Sermon.
11:30 a. m.—Bible School.

We covet this privilege of making our pulpit interfaith and interdenominational.

Methodist Men's Club Plans Talk on Foreign Trade

The Men's Club of the First Methodist Church will open its fall season with a dinner meeting Tuesday, Nov. 25, at 6:30 p. m. in the Church House. The speaker for the evening will be Walter E. Hill, assistant operations manager of the General Motors Overseas Operations Division in Detroit. Hill's talk will deal with "Our Foreign Outlook." He is well prepared to discuss this most important subject, having been with the General Motors Corporation for more than 25 years, 23 of which have been spent with the Overseas Division, with 18 years abroad, mostly in New Zealand and Australia.

Between 1936 and 1941, Hill was active in the Motor Trade Federation of New Zealand, and was a member of the New Zealand Government Munitions Advisory Committee.

Technical Adviser

Following his transfer to Australia in 1943, he was appointed New Zealand Government Technical Consultant in Australia, and in that capacity advised New Zealand officials stationed there on munitions production and supply materials.

Hill was also an active member of the Australian-New Zealand Economic Society.

On Aug. 1, 1945, Hill returned to Detroit to assume the post of assistant operations manager, General Motors Overseas Operations, and is also chairman of the International Affairs Section of the Economic Club of Detroit.

Reservations for the dinner and meeting should be made not later than Nov. 20 to Newell Allen, 436 Park street.

CLASSIFIED ADS must be at The Eccentric office by five o'clock Tuesday of the week you wish them published. You may phone or bring them in.

Church Speaker

Dr. Marshall R. Reed

Dr. Marshall R. Reed will present the third lecture to the school of "Life and Religion" at the First Methodist Church on this evening, Nov. 20, at 8 p. m. His topic will be, "The Strategy of Protestantism."

Dr. Reed is the noted minister of the influential Nardin Park Methodist Church in Detroit. His ability as an interpreter of contemporary Protestant life has won for him national recognition. The public is cordially invited to attend this lecture.

HERE'S A MAN WHO NEEDS NO INTRODUCTION . . .

Everett Gill, Edison's Farm Service Advisor for Oakland County. With Edison since 1910, Everett has spent the last 19 years working with farmers.

Not to the great majority of farmers hereabouts, at any rate. For he's the Edison Farm Service Advisor—a specialist in electricity . . . in electrical appliances and equipment for home and farm. From long experience, farmers know it pays to consult him—know his advice to be *accurate* and *impartial*.

His advice is *accurate* because he's kept up-to-the-minute on all electrical developments by the constant research and experiments of the Detroit Edison Company, in close cooperation with your County Agent and Michigan State College.

His recommendations are *impartial* because he doesn't sell farm equipment.

Ask for the Edison man next time you're in town. He can give you cost-estimates on new equipment, arrange practical demonstrations of that equipment at work or help plan a new wiring system. In many other ways, too, he's glad to be of service—and there's no obligation.

More Power to Michigan Farmers . . . ELECTRICALLY!
