"COME ON FIDO, MOVE!" A little afternoon's fun for these youngsters, on the slide at Pembroke Park is temporarily held up as friend dog sights something of interest in the grass. The park, which is on Eton road across from the Graefield apartments, has recently been developed by the city. Trees were planted and several pieces of playground equipment erected. (Joe Wheeler photo)

The sight of a bulldozer going through its operation certainly offers a fascinating sight to youngsters. Last week, while leveling work was going on at the lot at the rear of The Eccentric office, seven tiny tots were seated on the railing of the front porch of a nearby house. They stayed there nearly all the morning, not making a sound but observing every action of the strange machine.

No Graefield Olympics?

Inaugurated by Al Bates two years ago, it appears that the Graefield Olympics will not be held this year. Although attempts to contact Bates have failed, no assurance has been given that the popular event will be held. Bates is manager of the Red Sox segregation in the Little League baseball activities here.

Photos must be submitted by noon each Friday to insure publication the following Thursday.
