Facing Evergreen, the structure includes a chapel (right) and a sanctuary (left) connected by a semi-circular-shaped facility for classrooms and offices. A bridge extends over garden area from the educational and administrative unit to a parking lot. The chapel and sanctuary sections will be constructed in two levels with the lower levels providing an auditorium, youth fellowship hall and additional classrooms. The project will be undertaken in units with ground breaking for the chapel planned for March, 1962, and completion expected in December, 1962. Completion of the entire project is expected within 10 years. Lutherans Break Ground For Addition

A ground-breaking ceremony for Beautiful Saviour Lutheran Church's new $80,000 addition was held Oct. 22.

Pastor Donald Zill, the building committee, church council, organizational presidents and members of the congregation participated in a special service at the church on North Adams and Westview in Bloomfield Township.

The addition is designed to double the seating capacity of the sanctuary to 240, and provide additional Sunday School rooms, a nursery, a social hall and a kitchen. The $80,000 project also includes remodeling the existing building and expanding and paving parking lots.

CONSTRUCTION is under way with completion expected in the spring. Dedication of the addition is planned for the church's fifth anniversary in February.

Plans for the project have extended over the past year under the direction of building chairman Charles Burrell.

A special expansion fund was established last spring. Loans from the Lutheran Brotherhood Life Insurance Co. of Minneapolis and Trinity Lutheran Church of Bismarck in N. Dakota have made almost $43,000 available for the building program. Funds from these "sponsorship loans" will also be used to refinance the remainder of the church's indebtedness to The American Lutheran Church of which Beautiful Saviour was once a mission.

BEAUTIFUL Saviour became a self-supporting church in January, 1960.

Additional plans are being made for a second addition to the church building to include the main sanctuary. Upon completion of this second addition, the present sanctuary will become a chapel. Construction date for the second addition has not been determined.
