THE American hog continues to be a bone of contention" in France. The latest action against that worting amais to prohibit importation at all ports with the exception of Marseilles. Havre and Bocheaux, and even at these places the authorities are instructed to use great caution to be sure that we aven't sent over any parasites with our hog.

THE attempt of Lord Lorne The attempt of Lord Lorne to ne-climate in Scotland the moose deer of Ganada is likely to prove a failure. Of the pair which he sent from Canada several weeks ay, one is already deed, and the other does not appear able to like long. It is the opinion of Scotch-imen that the rootst climate of Argain-shire will never suit an animal arcti-stic will never suit an animal arcti-se.
