AGAIN.

It is about a year now since I wrote an advertisement. Not because I have nothing to any feet because I are wrote nought to think; that the citizens of the county know that so long as I am in basicast I shall always make the IBAST PHOTOGRAPHIS for as low prices as they can be made for properly; and just here I want to tail 200 as enabling I attended the Photographer's Convention at Conclumati in Angust, and had the opportunity of seeing the finest collection of LAGOS pictures compare favorable with the very best made, and are equal to pictures made in large citizes for from \$50 to \$100 cach. I wish particularly to pictures made in large citizes for from \$50 to \$100 cach. I wish particularly to a proper price which are always to the pictures which are properly as the properly and the properly as a handsome frame around not generally, and I can make a picture life its and just a handsome frame around may come from the properly and they often succeed in getting 2 good many orders from people who strange as it may seen, will give work for here at home. It is about as though I should send to Toledo to key a crock of butter or a pring chicken, but such is life.
