

**By The Fire.**  
The fire would not be so bad if it were not for the fact that it is so hot and so dry. The flames are so high and so bright that they are almost unbearable. The smoke is so thick and so black that it is almost impossible to see. The fire is so hot that it is almost impossible to touch. The fire is so dry that it is almost impossible to extinguish. The fire is so high and so bright that it is almost unbearable. The smoke is so thick and so black that it is almost impossible to see. The fire is so hot that it is almost impossible to touch. The fire is so dry that it is almost impossible to extinguish.

### THE GIPSY CURSE.

CHAPTER I.  
The Larchmonts, a fashionable family, were sitting at breakfast on a fine morning in the city of New York. The breakfast table was set with the most delicate viands, and the family was in the height of their enjoyment.

As the breakfast proceeded, the conversation turned to the subject of the gipsy curse. The Larchmonts were a family of high social position, and they were well known in the city. They were a family of high social position, and they were well known in the city. They were a family of high social position, and they were well known in the city.

They were a family of high social position, and they were well known in the city. They were a family of high social position, and they were well known in the city.

It was a beautiful night. The stars were shining brightly in the sky. The moon was full and bright. The air was cool and fresh. The water was calm and still. The trees were dark and shadowy. The houses were lit up with lights. The people were out and about. The night was beautiful and peaceful.

### MADAGASCAR.

A Country of Gigantic Wild Animals, Poisonous Snakes, and Barbarous Tribes.  
How did you like the country? asked a Cincinnati reporter of a sailor just from Madagascar.

The sailor, who had been in Madagascar for several months, told the reporter that the country was a very interesting one. He said that there were many wild animals, and that the people were very barbarous. He also said that the climate was very hot, and that the food was very poor.

The sailor also told the reporter that there were many poisonous snakes in Madagascar. He said that he had seen several of these snakes, and that they were very dangerous. He also said that the people of Madagascar were very superstitious, and that they believed in many different gods.

The sailor also told the reporter that there were many different tribes in Madagascar. He said that each tribe had its own customs and traditions, and that they were all very different from each other. He also said that the people of Madagascar were very poor, and that they lived in small huts made of mud and straw.

The sailor also told the reporter that there were many different plants in Madagascar. He said that some of these plants were very beautiful, and that they were very different from any plants that he had ever seen before. He also said that the people of Madagascar used many of these plants for medicine.

The sailor also told the reporter that there were many different animals in Madagascar. He said that some of these animals were very large, and that they were very different from any animals that he had ever seen before. He also said that the people of Madagascar used many of these animals for food.

The sailor also told the reporter that there were many different people in Madagascar. He said that some of these people were very tall, and that they were very different from any people that he had ever seen before. He also said that the people of Madagascar were very different from each other, and that they all had their own customs and traditions.

The sailor also told the reporter that there were many different things in Madagascar. He said that some of these things were very interesting, and that they were very different from any things that he had ever seen before. He also said that the people of Madagascar were very different from each other, and that they all had their own customs and traditions.

There are those who believe that divine justice absolutely requires that the guilty be punished. They believe that the law is the law, and that it must be enforced. They believe that the guilty must be punished, and that the innocent must be protected. They believe that the law is the law, and that it must be enforced.

### REMINISCENCES OF ROBERTS.

The Fall of the Genesee and San Pat's Fatal Leap—On Its Business.  
Honor and Great Magnitude.  
The present times which are either gloomy or bright, are full of interest. The people are either happy or sad, and the world is either at peace or at war.
