BRUMMIT, AGAIN.

It is about a year since I saw an advertisement. Not because I have nothing to say, but because I am now enough to think that the citizens of this country know that so long as I am in business I shall always make the **BEST PHOTOGRAPHS** for as low prices as they can be made for properly; and just here I want to tell you something. I attended the Photographic Convention at Cincinnati in August, and had the opportunity of seeing the finest collection of Photographs ever brought together in the world, and I am proud to say that my own pictures compare favorably with the very best made, and are equal to pictures made in large cities for from \$300 to \$400 each. I wish particularly to speak about these pictures, which I can make a picture like size and put a handsome frame around it, for \$15, which is a great deal less than it will cost a Photographer to make such a picture by ordinary means. I have very reliable white agents from all cities soliciting orders for copies and they often succeed

an order to a perfect stranger and pay half as much again as they can get for better work here at home. It is about as though I should send to Toledo to buy a crock of butter or a spring chicken, just such in life.

I have just had painted by the best background painter in the United States, six new and beautiful backgrounds, and I bought some new accessories at Cincinnati, and I really think that there is not a more complete gallery in Michigan.

Now about BABIES' PICTURES. If there is a baby in this county that can't make a picture, if I have the chance, I am just itching to see that baby. The father will like me and I like the babies, so bring them along and just let me show you how quick I can make a picture.

BRUMMITT, THE PHOTOGRAPHER.
