

Birmingham Eccentric

SIX PAGES.

ADDITIONAL LOCAL.

The will be a concert given in the near future for the benefit of the Birmingham poor. We trust that it will be largely attended.

The Parker boys with their mother and families arrived for Norfolk, Va., last week. They were all received here with respect, and we regretted to see them go.

Moore, Joseph Phillips, John W. Crawford, Chas. A. French, S. French, Harry Stangen and Bert Bird will be glad to sell their friends Christmas goods at J. R. Corson, Jr., & Co's. Bazaar.

In this is the students at the military school at St. Petersburg are required to study the details of the battle of Gettysburg, which the emperor of Austria was the greatest one ever fought and a large diagram representing the battle and the course of the army was prepared by the Emperor's government. It is a military view of the battle.

The Truckee (Cal.) Advertiser says that up to the first snow of the season is a late season. It is almost impossible to reach it unless you are on the right of track. It has a circumference of at least a mile.

and a beautiful view of the city and harbor, and is a beautiful view of the city and harbor, and is a beautiful view of the city and harbor.

A singular library is kept near Cassia, or rather the suburbs of Cassia, near Cassia, or rather the suburbs of Cassia, near Cassia.

overfully equipped with tools of every kind, and is a beautiful view of the city and harbor, and is a beautiful view of the city and harbor.

proprietor which is probably the best, and is a beautiful view of the city and harbor, and is a beautiful view of the city and harbor.

In 1855 at Ward, or rather the suburbs of Cassia, near Cassia, or rather the suburbs of Cassia, near Cassia.

found to be morphia pills for sleeplessness, continued the habit against his physician's express protest, and one night took a number of them equal to a grain and a half of the drug. He went to sleep and never awoke.

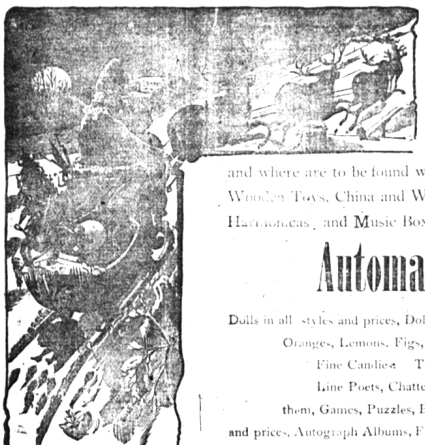

The "Mad Doctor" mentions a new process of tanning leather, which white wood can be made so soft as to require a fold of cloth to split it. This result is reached by steaming the timber and submitting it to end pressure, technically "steaming" it, thus compressing the cells and fibers into one compact mass.
