The Home of the Snapper.

A full man, with a big silver toothed close around him and a twenty-pound snapper tring along over his shoulder...

"I caught it in Luzerne county yesterday," he explained, "he is a snapper of a prominent dealer in fish, turkeys, and snappers."

"There are only two methods in general use for catching snappers," he said, "the first is to use a snapper net..."

"Not a demand, although they are in light demand now, it has more in the summer, about May and June..."

"I have stamped on it, but it is claimed to have been caught in the lake in the ditch this spring..."
