perity of the country and tendency to organize into new and underlapped regious have encouraged great railway companies to push forward an encomous amount of new mileage in order
mous amount of new mileage in order
to anticipate and keep up with similar
enterprise on the part of their competitors. From January 1 to Nov. 1 27
roads have laid a total of 9,083 miles of
far this year than and the second of the second
far this year than the second of the second
far this year than
the history of this or any other
country. The greatest activity has
been exhibited in a broad belt west of
the Missouri river, stretching from Dakota and Montana south to the gulf.
Kansas continues, as last year, far in
the lead, showing already an addition
of at least 1,680 miles since the year
began. Nelvask follows next with a
report of 867 miles. Teras with
Dakota with 69 of miles and
Dakota with 69 of miles from
Miles, Colorade with 718 These four
saided 4,798 miles of new railways, or
more than half the total thus far reported for the entire country.

That base ball is a protitable, as well

ported for the entire country.

That hase ball is a profitable, as well as pleasant recruiton, is evident from the following statement about the amounts taken in on the world's charge in the statement of the st

that the receipts were much higger than \$45,000.

It is said that the lady clerks who are engaged by the labor bureau fits the working data on the manufacturing data in the m

Truin and the bureau.

Puck thus warse H. Rder Haggard, althor of 'She,' "Jess." "Jwan." the cheen bushed the property of the bureau tilled off Allan Quartermain and several thousand colored persons, shut up Sir Henry Curtis and Captain Good in an absolutely inaccessible hatconic colore bricked up and malaria all around them, and their solem promise never to emerge spread upon the shin in the color of the fact that any attempt on your part to revirily, resuscitate, or otherwise trot out again any of these characters will be promptly and vigor-ously resented by a patient but self-respecting populses. Receive, air, the three control of the color of

rourself accordingly.

Now this East. Tawa. (also bef to \$5,000 he guarantee) by a french transce of providents recompensa have lately come to view. The edict of Nastes in 1050 gave route to the edict in 1650 he edict of Nastes in 1050 gave recording to the edict in 1650 he edi
