It was delivered in the doctor's familiar and comprehensive style so that the smallest child could not help but understand all it embraced, and just what the doctor intended to convey so pleased and interested the audience that they all expressed a desire to have him finish telling them what he saw in Europe at some future time. The doctor also delivered an address Sunday morning from the pulpit of the M. P. church, which was neither sermon nor lecture, but partook of the nature of both, from Malachi 4-2. He demonstrated in all its touching beauty, the magnitude of the sun, its size, power, distance and effulgence compared with the other heavenly bodies (as typical of the surpassing attributes of the Savior) in his peculiar and happy style, which gave cause for a thought to come to the mind of at least one listener, that the good old doctor was prepared and fully ripe for eternity.
