The birthplace of beer is Egypt. A papyrus has been discovered on which a father reproaches his son for lounging about in taverns and drinking too much beer. From the Egyptians the much beer. From the Egyptians the st of brewing beer descended to the Ekkopians. While the Romans de-systeed beer, the Germans of the north of Europe fully appreciated its good qualities. At present the yearly pro-duction throughout the world amounts to 140,000,000 hectoliters. England taking the lead with 48,000 000.
