# THE BIRMINGHAM ECCENTRIC

PUBLISHED WEEKLY BY WHITCHEAD & MITCHELL

The bias annual report to the city formal liqué. Josep Micholes on the transmission of the second second second liqué. As a transmission of the second second second second that short sentences for a repeated second seco tute also calls attention to the short sentences which are passed on habitual drunkard ands abandoned women. He recognizes the fact that inebriety and wastonness are diseases and believes that longer enforced sentences are best calculated to cure.

Though considerably past seventy assolidated to considerably past seventy yars old, Prices Bismarks till works as hard as he did when he was tweaty years younger. He never, cose to bed until two in the morning, and easts hardy supper He never, cose to bed marky supper. He never, cose to bed hardy supper shortly before middight, has always here a heavy slopper and be arrival of dispatches which require im mediate attention. The chancellor in becoming a rich man. The salaries from his differes reb yno means extrav-agant, bud added to the reresues of his extrem here offices are by no mean extrav-agant, bud added to the reresues of his to between 810,000 and 910,000 as y year. And, as the prince is notriously weard. The salaries is not the second the connectable income is annually set.

and. true of the threadest and most ano-cended of antervisiers is , solar Wann where, the great is billindipping mer-chank, who accounts for his ensures in this way; "I ever is my life used much a billing as a poster a dologie ora-has been to key so much space is a has been to key so much space is a newspaper and fill is up, with what I wanted. I would not give an adver-ment of the second second second second second wanted is wanna ere dreem dol wanied. I would not give an adver-tiement in a newspa; er of even 40; eirculation for 5,460 dodgers. If I wanted to sell cheap jeweiry or run a lottery scheme I might use posters, but I never insult a decent reading public with handbills."

There must a sector to compare the sector of the sector o
