## COMMENCEMENT DAY.

Two Fair Graduates Complete their Education at the Birmingham High School.

Commencement exercises at the M. E. church called out as usual a very large audience to witness the graduating exercises of the class of 1888. This year the graduates were two in number, Miss Anna Parks and Miss Mattie Simpson.

The large audience of the Methodist church was crowded perfectly full during the exercises notwithstanding the night was oppressively warm, but with a sea of fans and good ventilation the proceedings were listened to with a great deal of attention, in fact better than this year to the exercises.

Although this was the first year that Prof. H. L. Lee ever managed a graduation program, he left nothing undone or forgot anything that would help the entertainment; in fact he conducted the exercises and finished the program with all the grace of an old veteran. He made his motto his motto has been thoroughly understood by the graduates.

Promptly on time the exercises began led by Rev. John Hamilton in prayer. He was followed by music, a trial recitation by Execlator by Messrs. S. I. Staley, Lewis Vicary and Andrew Stewart of Detroit, accompanied by Prof. Tibbitts also of Detroit. These gentlemen are all well known and highly respected by their Birmingham friends and many praise from us would be superfluous. They did their parts very well indeed.

MISS ANNA S. PARKS. Then read the following: "The beautiful. She spoke of the influence that beautiful things of nature have on mankind in softening, elevating and refining him. Beauty cannot be defined by words, we may only point to beauty and say that is what we mean by the beautiful." She then led to the idea that the truest beauty was not physical beauty, but that of the heart and soul, that such beauties were eternal and more precious than the beauty that fades.

This was followed by a solo, "The Marine's Dream," by Mr. S. I. Staley, which was highly appreciated by the audience. The next exercise was delivered in a very pleasing manner. Her subject was "Clothing." She said that such an indication of the young and wisest life. After the presentation of diplomas by Prof. Hawkins and the benediction by Rev. Hamilton, the usual program terminated. A large number of friends adjourned to the Alumni banquet at Library hall, and thus closed the commencement which began a new epoch in Birmingham high school regime.

CARD OF THANKS. We wish to thank our sincere thanks to the many kind friends who assisted us through the last week of our graduation. To Mrs. M. J. Brooks and Mrs. F. F. Richardson we feel very grateful indeed for the many kindnesses shown. All these kind acts will be remembered always.

MR. AND MRS. CHAS. H. LEACH. BEAUTIFUL VIEW: Early announcements are already out for the next Bay View season, which will rival all former ones in magnificence. It is expected that the next season will be more thorough than ever. All winter they have been building cottages there and several fine new ones will be before July. A splendid building for the summer school for teachers is to be built, the auditorium and all the hotels enlarged and many ornamental improvements made on the beautiful grounds. The assembly with its music school, will be through the last week of the season. The next season will be more thorough than ever.
