SCHUBERT PIANO.

Its Musical Qualities.

Materials Used.

The utmost care is given to the selection of the best quality of materials for the Schubert Pianos. Special attention is called to the actions used in the Schubert. In the construction of a piano nothing is of more importance and these are unsurpassed by any in the warket. In the cases, only hardwood is used and that of the best quality.

How Made.

Every practical improvement known to modern piano construction has been introduced in the Schubert, and it will be the sim of the company in the future to constantly add to the character of its instruments by pursuing the same progressive policy, and thereby produce a piano thoroughly constructed, attractive in appearance, brilliant in tone, and reasonable in price. In ammafacture is under the immediate supervision of the President of the company—bimself a practical and experienced piano maker—and no detail of construction or worksmaship coapset his critical eventury.

Reasonable Price.

In the Schubert Piano more is given for the money asked, in style and finish, than any other piano in the market.
