For instance, in Manitoba and the northwest territory, eight years ago the population was 10,000. The imugrants since 1881 have numbered 20,000, and still the total is but 230,000. 230,000, and still the total Is but 230,000, and still the total Is but 230,000. A similar condition is reported in the country at larges. The popularior in 1881 was 43,4810, and the insufigrants have been about 800,000; core large in 180,000; core little present total larges with a 5,000,000, or nearly 1,000,000, depth of the effort is not at all encouraging. The certical is not at all encouraging. The truthe is that the best, part of the timuligration, and much of the old stock, comes over the line. This country gets the cream. Dakota and Minascota should be grateful to the Canadian government.

PIANOS AND ORGANS

SCHUBERT PIANO.

The Schubert has a rich, full volume of tone, exquisitely pure, syn and brilliant, without being harsh.

The utmost care is given to the selection of the best quality of materials for the Schubert Pianos. Special attention, scalled to the actions used in the Schubert. In the construction of a piano nothing is of more importance and these are unsurpressed by my in the warket. In the cases, only hardwood is used and that of the best quality.

Every practical improvement known to modern piano construction has been introduced in the Schubert, and it will be the aim of the company in the studies to constantly add the character of its instrument by pursuing the same progressive policy, and thereby produce a piano throughly constructed, attractive in appearance, builtinain in tone, and reaconable in price. It manufacture is under the immediate appearation of the President of the company—himself a practical and experienced piano maker—and no detail of construction or workmanable scapes his critical eventury.

Reasonable Price.

In the Schubert Piano more is given for the money asked, in ce-tyle and finish, than any other piano in the market.
