IT IS A stiff backbone an indication of a setback.—*Boston Herald.*
The man who is not afraid to stand up for his principles is the man who is not afraid to stand up for his principles. The man who is not afraid to stand up for his principles is the man who is not afraid to stand up for his principles. The man who is not afraid to stand up for his principles is the man who is not afraid to stand up for his principles.

ONE OF THE causes of thriftlessness among the people is the habit of running to show. There are thousands of people who would rather count their money than count their noses. They are afraid to show their faces to the public. They are afraid to show their faces to the public. They are afraid to show their faces to the public.

IT IS natural to look to Milwaukee for every great article of importation in the manufacture and distribution of beer. A half pipe line is the only way to get the beer to the people. A half pipe line is the only way to get the beer to the people. A half pipe line is the only way to get the beer to the people.

THE New Buckeye Combined Grain and Fertilizer Drill, Glass Fertilizer Feeder.
No corroding, rusting and clogging up of the feeders. The Buckeye Glass Feeder does away with this difficulty entirely and with its use the tendency of the fertilizer to clog up and choke or pack is EFFECTUALLY STOPPED. It is a glass feeder and, unlike metal, which almost all other drills are obliged to use, it is not affected by moisture or acids of any kind.
