"German Syrup"

For Throat and Lungs

Homorrhage

I have been ill for about five years. I had had the five years. "Medical advice," and found that I was "dosed in some doses." This resulted in a few hours sleep. There was a further improvement in my blood in a few days. I had recovered myself. I had a fourth day I set up in bed and ate my dinner, the first solid food for two months. Since that time I have gradually gotten better and am now able to move about. My blood is now clean. I expect my recovery has been a great surprise to my friends and the doctor. There can be no doubt about the effect of German Syrup, as I had an attack just previous to its use. The only relief was after the first dose. J. R. LOEBBNER, Adelaide, Australia.

It is difficult to contemplate the prospect of prosperity in this country. It is promised that there are over 3,000,000 people of education in the United States.

A safe remark: "A little more studying."

What is lacking is truth and confidence. If there were absolute truth on the one hand and absolute confidence on the other, it wouldn't be necessary for the makers of Dr. Sage's Catarrh Remedy to back up a plain statement of fact by a \$500 guarantee.

"If we can't cure you," make it personal, please, of catarrh in the head, in any form or stage, we'll pay you \$500 for your trouble in making the trial."

"An advertising fake," you say. Funny, isn't it, how some people prefer sickness to health when the remedy is positive and the guarantee absolute.

Wise men don't put money back of "fakes," nor do "faking" doesn't pay.

"Where, ma, where?" exclaimed Dick says. "How ever, you'll know when I tell you that I saw your eyes and saw your hair when I saw you in my house when I was told you were in it."

"Thank you, Dick," said Jones with evident joy. "But I was in your house when you were in it, and I was in your house when you were in it."

"I didn't know you were in it," answered Dick. "I was in your house when you were in it, and I was in your house when you were in it."

CHAPTER I.

A FRESH BREW.

"A girl would not think of going to a fair unless she had a new dress on," said the girl who had just come out of her room. "I have had a new dress made for me, and I am going to the fair to-day."

"That is very nice," said the boy who was sitting next to her. "I have had a new suit made for me, and I am going to the fair to-day."
