R.H. TRAVEL, 171, 173, 175 WOODWARD AVENUE, DETROIT.

THE MICHIGAN HEATING COMPANY. Located at Birmingham and Are Prepared to Do Work in Their Line in ANY STATE IN THE UNION.

To anyone not acquainted with the actual business of the above popular Company, it is a matter of course that passing the nest, tidy and cozy office and looking in the window will make you think that Mr. Julian Leet, manager of the company, with Mr. A. Steinmetz as his able book keeper, stenographer and typist had what the boys would call a snap, that is a comfortable office and nothing much to do but an examination into Mr. Leet's business process, directly to the contrary. This company deals principally in hot water and steam heating and also in lighting by the combination gas machine. One might wonder if the business being so voluminous why Mr. Leet did not locate his office in some larger city and right here his actions prove his loyalty to Birmingham.

Three years ago while at work in the interest of the Detroit Heating & Lighting Company, Mr. Julian Leet put in a proposition for the heating and lighting of the Atlanta Ga. Two weeks ago Mr. Leet received an application from the same gentleman from Atlanta Ga., who now desires heating for a cozy fifty room hotel at Atlanta, Ga. This contract will amount to five or six thousand dollars and no one but Mr. Leet is considered equal to the job.

The Michigan Heating Company has not helped but they have the best men selected from the Detroit Heating & Lighting Company. Among their most successful salesmen and solicitors are mention Wm. H. Leet of Pontiac, who has secured the contract for the heating and lighting of the Detroit Heating & Lighting Company for the last year. Mr. R. E. Gibson is also a rising worker and salesman and Mr. Leet himself is not much behind the others.

The Michigan Heating and scientific workmen of the Detroit Heating & Lighting Company are with this firm and with such a complete corps of men and with the outfit Mr. Julian Leet controls, success is sure, and his buying price without wishes will be realized.

The office work is satisfactorily looked after by Mr. A. Steinmetz, who is a pleasing young man and although coming to Birmingham, he has the most pleasant way and business ability, rapidly making friends and to Mr. Leet and his business interest he has become indispensible.

Mr. Editor: California is a lovely country, the sick get well, the poor get rich, cyclones and frosts are practically unknown. A few dollars to three hundred dollars per acre is made on fruit with irrigation. The California Land and Water Exchange of Dayton, O. control large quantities of land in California, which they lease for \$100 per acre for ten years, paying you \$40 per acre as your part of the price, they keep the balance for the care and cultivating the land. They give you a sure of land away with \$4000 a certificate, and you get out of it to be the best thing in the world of the kind manufactured.

Anyone wishing to see it in actual use can call at Mr. Leet's home on Erie St. at the large new home of Edwin Hill 95 percent the last year received, some \$25 to \$500 on one year's investment. President Harrison says, "Half of the good things of California have not been sold." The Hon. Jeremiah Rank says, "Truly California is a poor man's paradise." To five acre holders the California Land and Water Exchange of Dayton, O. give a free return ticket to view the property. Why should anyone be poor when such a chance remains open and you do not go to have to do any work or labor, to get the profits and do not have to invest home. Write them to-day and get full particulars. A. C. Zwickler, Mar 30/23. E. C. Poppleton, Agt.
