The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of **Ayer's Pills:**

"**Ayer's Pills** are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them **in my family** and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured

by the use of **Ayer's Pills** alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of **Ayer's Pills**, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that **Ayer's Pills** give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spottsylvania C. H., Va.

MICHIGAN CROP REPORT

The outlook for wheat on May 1 was not as promising as one month earlier. It is now estimated that five per cent of the acreage sowed will be plowed up because winter killed or otherwise destroyed. The average condition in the southern counties is 75 per cent, in the central 79 per cent and in the northern 83 per cent of vitality and growth of average years. Compared with April 1, the decline in the southern counties is 8 per cent, in the central 12 per cent, in the northern 10 per cent. This decline, however, is due to the fact that the extent of injury could be better estimated May 1 than on April 1, rather than to actual damage to the crop during April. The weather during April was cool and wet, and neither wheat nor grass made the growth usual in this month.

The average condition of wheat May 1, 1892, was, in the southern counties, 84 and in the central 81, and the crop in the State that year was 24,141,000 bushels. The average condition May 1, '91, was in southern counties 104, in the central 99 and the yield in the State that year was 28,039,000 bushels. The average yield per acre in 1892 was 15 bushels and in 1891 18½ bushels.

In their general remarks correspondents in the southern counties almost without exception report wheat in bad condition. The fields are spotted, large areas being killed out by ice, wind and water. Insects have done much damage.

The total number of bushels of wheat reported marketed by farmers in April is 811,348. Of this amount 185,576 bushels were marketed in the first or southern tier of counties, 144,483, bushels in the second tier, 161,798 bushels in the third tier, 246,663 bushels in the fourth tier, 49,993bushels in the fifth and sixth tiers, and 22,795 bushels in the northern counties. At 35 elevators and mills from which reports have been received there was no wheat marketed during the month.

The total number of bushels of wheat reported marketed in the nine months, August-April, is 12,341,618, which is 1,030,834 bushels less than reported marketed in the same months last year.

The average conditions of clover meadow and pastures is 89 in the State and in each section of the State. This is fully 10 per cent better than one year ago. The average condition is 91 was 100 in the southern counties and 99 in the central.

Nothing has yet occurred to injure fruit bud, and the condition is favorable for nearly a full average crop.

JOHN W. JOCHIM,
Secretary of State.

Read This---It Will Be of Benefit to You.

I sell CARPETS from samples. I have been doing this for some time. It is the best way. Let me briefly explain why.

1st. I can show you a MUCH LARGER LINE TO SELECT FROM than any dealer can afford to carry in the roll.

2nd. I can have CARPETS CUT BY THE JOBBERS, who have several rolls of each pattern with less loss or waste than I could from one roll of each kind.

3rd. I never have any OLD GOODS to sell you. Every purchaser gets a NEW Carpet in the LATEST patterns, fresh from the looms, without any moths or Buffalo bugs in them.

4th. I never have any REMNANTS to sell at a loss, therefore I can sell you Carpets cheap.

Then I Have One Other Great Advantage

over ALL others selling from ROLL or by sample. That is an exhibitor which will give you a very satisfactory idea of how a carpet will look when it is all matched and laid on the floor. This will enable you to pick out a carpet you will be sure to be pleased with.

If you will come and look for yourselves I will show you that the above is absolutely correct in every respect.

FURNITURE.

I also carry a large line of FURNITURE of all kinds and if you think of buying anything this line I will give you prices that cannot be duplicated by any of the city dealers. I have no high rents to pay or expensive help to settle with, and, therefore, can give you the very best goods for the least money. The favor of a call solicited whether you purchase or not. No trouble to show goods.
