“August Flower”

For two years I suffered terribly with stomach trouble, and was for all that time under treatment by a physician, but finally after trying everything, said my stomach was worn out, and that I would have to cease eating solid food. On the second morning I got a bottle of August Flower. It seemed to me to do good at once. I gained strength and flesh and my stomach was cured. I am a cured man, and consider that August Flower has cured me.”

SAYINGS OF SAGES

Small books are read most.

Many people brag what for the things they need least.

It is easier to run with the crowd than to walk by itself.

Every time a sting, man looks at a dollar, it shrinks his heart.

A paper has been started in Atlanta called the "Woolly Fool."

He who would be strong in mind must have facts for his diet.

It takes a long time to find out what others see at a glance.

It is hard to feel at home with people who never make mistakes.

No man can get right who does not decide that he will always do right.

The man who is ruled by his feelings will always travel in a zigzag course.

We are not to blame for the first mistake we make, but we are for the second.
