

DISCOVERER OF SWAMP BOO

A GREAT TRIUMPH OF MEDICAL SCIENCE.

What a Great and daring physician! Only one like him in the world today. He has discovered the cause of the disease, and he has found the cure. He has discovered the cause of the disease, and he has found the cure. He has discovered the cause of the disease, and he has found the cure.

If a great general, born to be a world's hero, or a noted statesman like Hamilton, or a brilliant lawyer like Lincoln, or a distinguished statesman like Beecher, newspapers are full of their praise and every one knows of their remarkable achievements. How different is the case of the discoverer of Swamp Boos. He is a man who is not known to the world, and his name is not mentioned in the newspapers. He is a man who is not known to the world, and his name is not mentioned in the newspapers.

S. ANTHRAX, H. MEIER, M. D., BINGHAMTON, N. Y.

of thankless the great physician, laborer on modestly in his field, who of saving life and relieving pain and distress and is content to be known to his biographers, and leaves his practice to be sung by the grateful patient and his family. He is a man who is not known to the world, and his name is not mentioned in the newspapers.

My dear friend, I have found Howard Melton an interesting companion. He is not at all a snob, and he is very kind and generous. He is a man who is not known to the world, and his name is not mentioned in the newspapers.
