Mrs. Elliott F. Shepherd is planning the erection of a church near her country home on the Hudson as a memorial of her husband. It is to be beautiful in architecture and will be the most costly church edifice ever erected by one individual in the United States.

The French astronomical society has just awarded to Prof. Barnum of the university of Chicago the Arago gold medal, in recognition of his discovery last year of Jupiter's fifth satellite. This medal has been conferred only once before, and then on the distinguished French astronomer, Leverrier.

Mrs. Julia C. R. Dorr, the well-known writer, is a gentle-faced, white-haired matron, closely identified with her home life, whose interests always stand first. Mrs. Dorr says the brightest rewards of literature are not material ones; they are the joys of creation and the friendships formed through one's work.

Mr. George W. Childs Drexel, who has assumed the editorship of the Public Ledger of Philadelphia, is a man of medium height, with a smooth-shaven face and the manners of a Philadelphia club man. Miss Mary Garrett, daughter of the late railway president of Baltimore, is the wealthiest unmarried woman in the United States. She has a fad, to trim of figure, with dark hair and soft brown eyes. ANECDOTE AND INCIDENT.

A clergyman who owns a farm found his gla wman sitting in his pew, resting his horses. Quoth the clergyman 'John, wouldn't it be a good plan for you to have a seat here, and be out-doors besides along the fence while the horses are resting a short time?" "Yes, sir," said John, "and wadn't it be well for you tae hae a tub o' taties in the pulpit, an' when folks were singing to pe'l them awhile to be ready for the pan?"

The growing fashion of naming private residences calls to mind the story told by Mr. Munroe of a witty woodman who lived in an old-fashioned, quiet New England town. She wrote a note in response to an invitation to tea, dated, "The Elms," or some such name, newly given by newcomers to the old homestead they had just acquired, and dated her reply from "The Birchbarks." "For," she said, "it would never do not to call our place by some distinctive name, and there's more rhubarb than anything else in our back yard."

A Haverhill, Mass., man, in order to impress business methods on his son early in life, told the youngster that if he would see that the gas bill was paid before a certain date each month he could have the discount for himself. The Haverhill youngster took very kindly to the idea, and captured the discount each time the bill came in. To his father's surprise, however, the gas bill began to increase at a remarkable rate. He found one night that his son was burning gas all over the house, and was reading a book until 4 o'clock in the morning. The youngster had become a Napoleon of finance, and had discovered the fact that the bigger the bill, the bigger the discount.

Mr. Fred Miller, of Irving, Ill., writes that he had a Severe Kidney trouble for many years, suffering pains in his back and also that his bladder was affected. Electric Bitters is especially adapted to cure all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Prices only 50c and $1 per bottle. A MOVE IN THE RIGHT DIRECTION.

An Efficient Fire Company Organized in Birmingham.

The Star Hose Company No. 1, of Birmingham, Mich., was organized at the store of G. E. Daines on Friday evening last by a number of comparatively young men of the village who have realized for some time that it was imperatively necessary that some association should be perfected, so that accidental and less disorder could be brought out when occasion demands. "What is everybody's business is said to be nobody's business" and when a fire occurred in the village heretofore, there was a rush by everybody and yet there was no one in the crowd who felt authorized to give orders, or was sure that they would be obeyed. Half a dozen men would run to do the same thing at the same time and the result was that they would make a mess of it, so if they did not, it was done in such a manner that one man could have done the same thing in half the time, if he only knew how and was not bothered by others. We now look for efficient work by a well organized company and a gradual developement by the boys through persistent practice.

We earnestly bespeak for the fire laddies the hearty co-operation and sincere endorsement and assistance of all the citizens of the village. They are always ready to devote their time and risk their lives in the voluntary effort to save life and property and we never know when our own property may be indangered. Give them your hearty support and show the boys that you are "avid us" and not "agin us".

Well, in our anxiety to say good words for the new company we nearly forgot to tell you about the meeting, however here it is: Lyman B. Peabody was called to the chair and D. M. Johnston briefly stated the object of the meeting. A. Whitehead was elected secretary of the meeting, the name of the organization was decided to be "Star Hose Co. No. 1, of Birmingham, Mich." The chairman upon motion appointed Messrs Whitehead, Daines and Johnston a committee to draft suitable constitution and by laws for the company, and the following names were enrolled as members: A. Whitehead, D. M. Johnston, J. F. Wooster, E. A. O'Neal, John Hanna, S. W. Harbison, V. Nixon, S. C. Mills, T. A. Ward, W. McClellan, A. R. Parks, H. C. Wilson, Geo. E. Daines, Geo. H. Mitchell and J. M. Clement.

D. M. Johnston offered to have the play "Down by the Sea," repeated for the benefit of the company at Library Hall on Monday evening April 30, which was accepted and all the members urged to help the matter along to the best of their ability and to further the scheme the following committee was appointed to attend to the printing and other details; Messrs Johnston, Parks and Nixon. The entertainment was accordingly given and when we consider that it had been given before and that only two days notice was allowed, the receipts which were $34 00 were phenomenal. There will be another meeting of the Star Hose Co., at Mr. Daines' office this (Thursday) evening for the purpose of making further arrangements for purchasing coats and hats for the active members of the company.

OBITUARY.

Died at Pontiac, April 10, 1894, Mr. Allen Locksley Perkins, of Southfield, Mich., at the age of 59 years.

His father, Mr. Ephraim Perkins, was one of the earliest settlers of Oakland county. In 1831 he came from Monroe county, N. Y., with his wife and one child and bought land in the town of Southfield and made a home. Locksley was the only son, born March 1, 1835. He grew to manhood and remained on the farm on which he was born and here no other death occurred. On December 24, 1863, he married Miss Asenath Benjamin, daughter of John Benjamin of Royal Oak.

About a year ago his health began to fail with peculiar manifestations of mental disturbance. These became more pronounced, until on the 8th of last February he was taken to the insane asylum at Pontiac, with the hope that the careful treatment that he would there receive, would afford him complete restoration. For a time there seemed to be a fair prospect that this hope would be realized. Then he began again to fail, a cold was taken which brought on an attack of pneumonia, which soon proved fatal. He was comforted in his last hours by the presence of his wife, whom he recognized with all of his former confidence and affection.

A large number of his friends and neighbors assembled on April 13 at the home where he had so long resided, to attend the funeral services and follows his remains to the grave. He was buried in the Royal Oak cemetery by the side of his oldest son, who died in Florida, January 17, 1887. His aged mother, one sister, his wife and two sons remain to mourn his loss.

ARE YOU GOING TO PAINT?

We have made the study of the manufacture of Ready-Mixed Paints our business for years, and have now by scientific application and a close study to a subject that is pleasing to us, furnished a product that is simply perfect in every detail for a house covering.

Paint, Paint, Paint!

House painting the past few years has been very discouraging to those who use lead and oil; Go where you may, buy any brand you please of either lead or oil, have it applied by the best painters on earth and the wear of that job is unsatisfactory. It checks off, it peels off, it becomes chalky, colored, fades out, washes off and in an incredible short space of time before one is ready for it the job has to be performed all over again at a great expense.

Read! Read!! Read!!!

How can you avoid all sorrow, discouragement and expense? The answer is plain. Use our Paint—Boydell Bros'. White Lead & Color Co's

Whitehead & Mitchell, dealers in Birmingham, have sold our Paints for the past 12 years and have yet to hear of the first complaint. Read what those say who have used it in painting buildings both outside and in:

Extracts From Letters.

Have used hundreds of gallons of Boydell Ready Mixed Paint and it is all right. It is as good as the makers claim it to be and its staying qualities as good as all claimed for it.
WM. PAINT OF PAINT & SEALEY,
House Painters and Decorators.

It think it superior to any other manufactured and better even than the best lead and oil for durability. It will never check or peel but always keeps its body and has a wonderfully good body.
ELMER J. MONROE,
House Painter and Decorator.

Myself and son have used 85 gallons and it gave us ENTIRE satisfaction.
SILAS H. WATTLES.

I would recommend Boydell Bros'. Paints to all those who desire a good, desirable and lasting paints.
EUGENE BROOKS.

I am much pleased with the paint. Have used about 40 gallons, and never saw paint that had such a gloss. Would certainly use it in preference to any other and am pleased with it.
F. J. MARSHALL.

Boydell Bros' Paint mixed will cover more surface gallon for gallon, and I shall use it again
JNO. HALLOWS.

After using over 40 gallons of Boddell's Paints, I say use the best and that is, I believe, Boydell's Ready Mixed Paint.

I have used over 60 gallons of Boydell's Paints with so much satisfaction that I can heartily recommend it to any one contemplating the use of paint.
J. W. CRAWFORD.

"SONG OF THE INDIAN RIVER."

Kissed by sunshine, lulled by breezes,
Lies mine own, my native land,
With the waves from gulf and Ocean,
Breaking on its shining sand;
Countless lakes and winding rivers,
Almost lost in depths of green;
Fairest flowers entwine to crown her,
Florida the Southern Queen.

* * * * * * *

Northern boatmen, leave your rivers!
That the Frost King bridges o'er,
Here he rules not, I am ready,
Waiting for your guiding oar.
And that life within my bosom,
Glittering with rainbow hues,
Far exceeds your wildest fancy—
All I offer—yours to choose.

* * * * * * *

Warmer grows my heart, and warmer,
Glad my days and full of mirth,
Tell, at last, my journey ended—
In the arms of Fair Land Worth
Do I lie, her shores caressing
Through the sun kissed happy hours—
Let the Indian River pass on
To this dream-like Land of Flowers!

Copy of this song complete with music mailed free with other and full information upon application to GAL ONVILLE, TAMPA and KEY WEST, SYSTEM OF RAILWAYS and STEAMERS, to all Florida Resorts. G. D. ACKERLY, G. P. A., JACKSONVILLE, FLORIDA.

THE FISHERMAN'S OUTFIT.

A Complete Angling Outfit for only 50 Cents! There are two remarkable things about this Champion Outfit. It has never been attempted before at the quality throughout is of the best. No fisherman can afford to pass this offer by, because no fisherman can be got such an outfit for double or more money.

Read the description carefully.

No. 1. One Fine Polished Brass Reel. This is a perfect, riveted brass reel, which works admirably, and when attached to the pole will stand any line in fresh or salt water. This reel alone is worth the price we ask for the entire outfit.

No. 2. One 24 Gauge Tweet Line, of the first-class, made on the most perfect manner, and the strongest trout line made, guaranteed to safely land the heaviest trout or fish of equal size.

No. 3. One Linen Bass or Salmon Line, of the same high standard, but larger, adapted for big fish like salmon, or gamey fish like black bass. This line will land the biggest fish caught with bait and sinker, or trolling trout bait.

No. 4. One Long Cotton Line, dark colored, very cross wound on a block, and made for every-day fishing after perch, catfish, small-rock bass, etc.

No. 5. One Fine Furnished Complete with Hook, Bob and Sinker. This is a whole outfit in itself, comprising a long and strong line, with sinker, bob and hook attached, and neat, movable bob and sinker. With bait at hand and line in the water, the fisherman's mind rests right on and try his luck.

No. 6. One Dozen Best Steel Ringed Fish Hooks (assorted sizes). These are best grade of hooks, warranted strong, sharp in point and barb, and suitable for any kind of fish-ing able to tie their line into the ring of the hooks. With this set of hooks the fisherman can try his luck for any size fish, from minnows to week fish.

No. 7. Two Improved Trout Flies. These are the improved style of fly. They will never tire from deep pools when other flies fail. They are natural, brilliant in colors, strongly fastened around the hooks, and will give every-best satisfaction.

No. 8. One Improved Bass Fly. This is the best appointed fly for black bass fishing and is the equal of the trout flies in excellence and perfection of fastening to hook.

No. 9. One Improved Salmon Fly, also accompanies the outfit, and is of the best pattern and perfect make. Can be used in fresh or salt water fish.

No. 10. Two Snell Hooks. These hooks are set on long gut and are the finest fish out there, one of these snell hooks can be attached to the end of the line, the hook secured, and leader to the fish every time.
