A Passive Crime.

The Rise of the Buckwheat Cake

The leaven of yesterday rises the cake of to-day. Don't spoil good buckwheat with dying raising-batter—fresh cakes want Royal Baking Powder. Grandma used to raise to-day's buckwheats with the souring left over of yesterday! Dear old lady, she was up to the good old times. But these are days of Royal Baking Powder—freshness into freshness raises freshness.

And this is the way the buckwheat cake of to-day is made: Two cups of Buckwheat, one cup of wheat flour, two tablespoons of Royal Baking Powder, one half teaspoonful of salt, all sifted together. Mix with milk into a thin batter and bake at once on a hot gridle.

Do not forget that no baking powder can be substituted for the "Royal" in making pure, sweet, delicious, wholesome food.

Canada has no gold mines. The Chinese tea crop is said to be up to the year's level. From a novel—the marble statue and staid, could be only the marble statue.

IF YOU WOULD BE ABLE TO DO GREAT THINGS...

The hardest work a man can undertake is to try to manage himself. Temptation will follow us to the gate of heaven, but it cannot go in. If you want to make the day any pleasanter to complain of the cloudy weather.
